MANDATORY REQUIREMENTS:

TSCTI Response: We have carefully reviewed all mandatory requirements mentioned in this Section. We have all resources, people, process and experience available to full fill all requirements. TSCTI has excellent resources in its internal resume database pool of 5.1M+ pre-vetted resumes for various categories required by the Purchasing Division. TSCTI has more than 100,000 highly proficient and experienced candidate's resumes database of IT professional services required by Purchasing Division. We keep on updating this database enabling us to meet requirements of client with short-term notice. We connect to these consultants from time-to-time and also when a requirement comes matching their skills. TSCTI has 6500 internal employees. These employees are on direct payroll of TSCTI. These employees are working at different projects and different locations. Whenever these experience candidates are free to move for another role, these candidates are the first source of job offering for projects like Purchasing Division. Therefore, bringing experience and quality to the assigned task. We are able to search for and provide quality candidates via our Applicant Tracking System (ATS); JobDiva and Talent Identification Strategies involving social media, job boards, targeted search and our local and if required national networks. ATS syncs all the job boards to the ATS and provides the best talent in less time. Hence, more time is spent on scrutinizing than searching candidates. JobDiva offers more and unique ability to search resumes for skills by years of experience, special certification, qualification and training, location, specific pay rate and can exclude or include any desired information for a given client. Therefore, provide the capability to search candidates with any given specifics. JobDiva offers TSCTI recruiters the ability to define Task Types for contacts and candidates.
