• **About Telligen Tech and Relevant Experience**

Vendors shall be in business a minimum of five (5) years, providing similar information technology services. Vendors must provide documentation to indicate that their company meets this requirement prior to award; however, bidders may include this documentation with their bid.

Telligen Tech Response: Incorporated in Oct 2012, Telligen Tech, Inc. (Telligen Tech) is a technology powerhouse with a vision of bringing actionable accomplishments to masses. With focused expertise in providing actionable solutions for enterprises and innovative outsourcing services to government agencies and commercial businesses, we see ourselves as fellow travelers with our clients on the road to creating enduring value. Telligen Tech is committed to transform the way you do business with leading innovative, mission relevant technology solutions.

Since 2012, we have grown to be one of the areas dominant IT Staff Augmentation and Consulting organizations, recognized for the outstanding quality of our contractors and our strong customer service with more than 250 employees. As for Telligen Tech's structure and management team, we are a locally owned and operated corporation. Our Senior Management (including Animesh Jaiswal, Client Partner; Ashwin Puppala, Chief Information/ Technology Officer; Gopal R. Kothapalli, Vice President, Strategy & Consulting; and Shashank Srigiri, Recruitment Manager) are top industry professionals with collectively more than 60 years of combined, real-world experience in project management and IT systems and infrastructure.

Honesty, ethics, and integrity are our founding principles. We are committed to uncompromised business ethics and maintaining the very highest standards of professionalism, fairness and honesty. We have maintained steady growth in IT Staff Augmentation services for around eight (8) years and have worked diligently to gain and maintain an excellent reputation of providing top quality talent specific to our clients' needs. We are a customer-intimate firm whose dedication to providing personalized service and identifying top-notch talent through our rigorous qualification process has earned us the reputation as a top Staff Augmentation provider in the region. We continue to expand our business organically due to ongoing relationships with both client managers and consultants. That type of growth has led us to several business and IT client expansions while maintaining our personalized approach that has worked so well since our inception.

All Telligen Tech operations are firmly supported by a strong corporate operation. Telligen Tech size allows for flexibility in meeting customer needs. Each Account Manager has autonomy to make decisions on behalf of assigned customers. The level of commitment to each customer begins with the senior level management. This level of buy-in sets an example for the remaining support team. Telligen Tech's corporate operation includes dedicated accounting, payroll, contracts, information solutions, human resource and information technology departments. Investments in both technology and training enable Telligen Tech account management and support personnel to deliver outstanding service to customers with innovative inputs.

Case Study #3

Client Name	State of New York, NY
Contract Value	\$1.5 M+
Duration	2017 – Present
Number of Personnel Placed	9

Description

Brief description: The ITPS Program was established by State of New York, NY in 2017 in order to improve efficiency when the state has a need to secure contractors to provide certain information technology professional services. Telligen Tech provide IT staffing services to the State of New York, NY under various categories under ITPS master contracts. State of New York, NY used the ITPS program to acquire IT services from Telligen Tech under various IT categories. Our team placed over 9 IT personnel under this contract since the award.

Application Developer: Analyzed, programmed and modified software enhancements and/or new products used in local, networked, or Internet-related computer programs. Troubleshoot and debugged applications and evaluated existing applications to reprogram, update and add new features. Developed technical documents and handbooks to accurately represent application design and code. Planned, designed, developed and tested software systems or applications for software enhancements and new products. Produced technical documentation artifacts such as class & activity diagrams, detailed design documentation and product run books. Written code, completed programming, and performed testing

**Solicitation Title: Temporary IT Staffing for WVDHHR/OMIS**

and debugged of enterprise applications developed in Java/J2EE for Linux server environments. Trained users in new and existing applications, processes and technologies and maintained currency in technical and domain knowledge.

Business Analyst: Evaluated business processes, anticipated requirements, uncovered areas for improvement, and developed and implemented solutions. Led ongoing reviews of business processes and developed optimization strategies along with stayed up-to-date on latest process and IT advancements to automate and modernize systems. Conducted meetings and presentations to share ideas and findings along with performed requirements analysis. Documented and communicated results of efforts; communicated insights and plans to cross-functional team members and management. Gathered critical information from meetings with various stakeholders and produced useful reports along with worked closely with clients, technicians, and managerial staff. Provided leadership, training, coaching, and guidance to junior staff along with allocated resources and maintained cost efficiency.

IT Project Manager: Plan, schedule and execute all stages of enterprise software, hardware and system implementations. Assessed business implications for each project phase and monitored progress to meet deadlines, standards and cost targets. Drove impressive improvements across the business as a result of IT implementations. Assisted project leaders, provided guidance and coaching, and ensured they adhere to acceptable standards and hospital policy for initiating, planning, executing, monitoring, controlling, change management and closing projects. Worked closely with applications vendors and facilities resources to identify issues and risks with project task sequence, critical path events, resource commitment or delays; gained best functional and cost advantages.

Help Desk Support Specialist: Provided remote and on-site troubleshooting, training and tech support to end users along with settled up, configured and troubleshot computers, printers, peripherals and networking equipment. Performed installation, update and upgrade on business software platforms; maintained accurate client network documentation. Assisted senior technicians with network deployment projects and communicated in open, engaging and helpful tone across all channels including email (tickets), chat, phone calls. Tailored communication style and troubleshot delivery to match knowledge or skill level of end user along with coordinated incident resolution with third parties and vendors.

Database Administrator: Responsible for the performance, integrity and security of a database. Involved in the planning and development of the database, as well as troubleshooting any issues on behalf of the users. Creates and maintains all databases required for development, testing, education and production usage. Installation, configuration and upgrading of Oracle server software and related products. Evaluate Oracle features and Oracle related products. Establish and maintain sound backup and recovery policies and procedures

System Administrator: Analyze situations and reach logical conclusion finding the root cause of the issues. Responsible for system maintenance, technical troubleshooting, team building, and infrastructure planning. Making recommendations to purchase hardware and software, coordinates installation and provides backup recovery. Ensured maximum system and application software availability and performance via automated monitoring, proactive maintenance, system and file optimization, upgrades, troubleshooting, and recovery procedures for the installed infrastructure. Worked collaboratively and cooperatively with management team and outside IT vendors.

System Design Architect: Develop architecture framework that aligns strategy, processes, and IT assets with business goals. Work closely with project managers, developers, and focus groups to avoid redundancy, minimize expenditures, and improve overall synergy within organization. Establishing best practices and guidelines for selecting, developing, and implementing information systems within enterprise.

Network Administrator: Identifying network requirements, installing, and upgrading and monitoring network performance. Maintaining and monitoring network security by taking preventive measures on a daily basis and implement. Installed and configured virtual server and switching environments based on Hyper-V and VMware virtualization software and installed and configured server operating systems and

Solicitation Title: Temporary IT Staffing for WVDHHR/OMIS

data services applications with varying levels of complexity. Performed daily system monitoring, verified integrity and availability of all hardware, server resources, systems and key processes, and verified completion of scheduled jobs such as backups. Performed ongoing performance tuning, hardware upgrades, and resource optimization as required and configured CPU, memory, and disk partitions as required.

• Vendor Capability and References

Vendors shall be able to demonstrate their potential to provide these services by providing documentation to indicate they have provided staffing of at least six (6) individuals within the listed classifications within the past five (5) years: documentation should include enough information to indicate that the Vendor provided an employee meeting the requirements of a specifically named classification from Section 1, above: the documentation should name the entity to whom the individual was supplied and provide contact information for that entity. Vendors must provide documentation to indicate that their company meets this requirement prior to award; however, bidder may include this documentation with their bid.

Telligen Tech Response: Under several government and commercial (private agencies) contracts, Telligen Tech has recruited, placed and managed personnel in various positions (including Information Technology (IT), Administrative, Accounting, and Clerical) at locations across the US. These contracts required recruitment of more than 5 positions at a time, often with short notice of the positions and locations required.

(c) **Addendum Acknowledgement**

SOLICITATION NUMBER: CRFQ MIS2100000002

Addendum Number: 1

The purpose of this addendum is to modify the solicitation identified as ("Solicitation") to reflect the change(s) identified and described below.

Applicable Addendum Category:

- ☐ | Modify bid opening date and time
- ☐ | Modify specifications of product or service being sought
- ☐ | Attachment of vendor questions and responses
- ☐ | Attachment of pre-bid sign-in sheet
- ☐ | Correction of error
- ☒ | Other

Description of Modification to Solicitation:

1. To add estimated quantities for bidding purposes. Quantities may be more or less than the estimates provided.
2. To add the Disclosures of Interested Parties form and Purchasing Affidavit that were inadvertently not included in the solicitation documents.

No other changes

Bid opening remains September 17, 2020 at 1:30 PM

Additional Documentation: Documentation related to this Addendum (if any) has been included herewith as Attachment A and is specifically incorporated herein by reference.

Terms and Conditions:

1. All provisions of the Solicitation and other addenda not modified herein shall remain in full force and effect.
2. Vendor should acknowledge receipt of all addenda issued for this Solicitation by completing an Addendum Acknowledgment, a copy of which is included herewith. Failure to acknowledge addenda may result in bid disqualification. The addendum acknowledgement should be submitted with the bid to expedite document processing.

Revised 6/8/2012

ADDENDUM ACKNOWLEDGEMENT FORM
SOLICITATION NO.: MIS2100000002

Instructions: Please acknowledge receipt of all addenda issued with this solicitation by completing this addendum acknowledgment form. Check the box next to each addendum received and sign below. Failure to acknowledge addenda may result in bid disqualification.

Acknowledgment: I hereby acknowledge receipt of the following addenda and have made the necessary revisions to my proposal, plans and/or specification, etc.

Addendum Numbers Received:

(d) Disclosure of Interested Parties to Contract

West Virginia Ethics Commission

Disclosure of Interested Parties to Contracts

Pursuant to W. Va. Code § 6D-1-2, a state agency may not enter into a contract, or a series of related contracts, that has/have an actual or estimated value of \$1 million or more until the business entity submits to the contracting state agency a Disclosure of Interested Parties to the applicable contract. In addition, the business entity awarded a contract is obligated to submit a supplemental Disclosure of Interested Parties reflecting any new or differing interested parties to the contract within 30 days following the completion or termination of the applicable contract.

For purposes of complying with these requirements, the following definitions apply:

"Business entity" means any entity recognized by law through which business is conducted, including a sole proprietorship, partnership or corporation, but does not include publicly traded companies listed on a national or international stock exchange.

"Interested party" or "Interested parties" means:

- (1) A business entity performing work or service pursuant to, or in furtherance of, the applicable contract, including specifically sub-contractors;
- (2) the person(s) who have an ownership interest equal to or greater than 25% in the business entity performing work or service pursuant to, or in furtherance of, the applicable contract. (This subdivision does not apply to a publicly traded company); and
- (3) the person or business entity, if any, that served as a compensated broker or intermediary to actively facilitate the applicable contract or negotiated the terms of the applicable contract with the state agency. (This subdivision does not apply to persons or business entities performing legal services related to the negotiation or drafting of the applicable contract.)

"State agency" means a board, commission, office, department or other agency in the executive, judicial or legislative branch of state government, including publicly funded institutions of higher education: Provided, that for purposes of W. Va. Code § 6D-1-2, the West Virginia Investment Management Board shall not be deemed a state agency nor subject to the requirements of that provision.

The contracting business entity must complete this form and submit it to the contracting state agency prior to contract award and to complete another form within 30 days of contract completion or termination.

This form was created by the State of West Virginia Ethics Commission, 210 Brooks Street, Suite 300, Charleston, WV 25301-1804. Telephone: (304)558-0664; fax: (304)558-2169; e-mail: ethics@wv.gov; website: www.ethics.wv.gov.

Revised June 8, 2018

(e) **Purchasing Affidavit**

STATE OF WEST VIRGINIA
Purchasing Division

PURCHASING AFFIDAVIT

CONSTRUCTION CONTRACTS: Under W. Va. Code § 5-22-1(i), the contracting public entity shall not award a construction contract to any bidder that is known to be in default on any monetary obligation owed to the state or a political subdivision of the state, including, but not limited to, obligations related to payroll taxes, property taxes, sales and use taxes, fire service fees, or other fines or fees.

ALL CONTRACTS: Under W. Va. Code §5A-3-10a, no contract or renewal of any contract may be awarded by the state or any of its political subdivisions to any vendor or prospective vendor when the vendor or prospective vendor or a related party to the vendor or prospective vendor is a debtor and: (1) the debt owed is an amount greater than one thousand dollars in the aggregate; or (2) the debtor is in employer default.

EXCEPTION: The prohibition listed above does not apply where a vendor has contested any tax administered pursuant to chapter eleven of the W. Va. Code, workers' compensation premium, permit fee or environmental fee or assessment and the matter has not become final or where the vendor has entered into a payment plan or agreement and the vendor is not in default of any of the provisions of such plan or agreement.

DEFINITIONS:

"Debt" means any assessment, premium, penalty, fine, tax or other amount of money owed to the state or any of its political subdivisions because of a judgment, fine, permit violation, license assessment, defaulted workers' compensation premium, penalty or other assessment presently delinquent or due and required to be paid to the state or any of its political subdivisions, including any interest or additional penalties accrued thereon.

"Employer default" means having an outstanding balance or liability to the old fund or to the uninsured employers' fund or being in policy default, as defined in W. Va. Code § 23-2c-2, failure to maintain mandatory workers' compensation coverage, or failure to fully meet its obligations as a workers' compensation self-insured employer. An employer is not in employer default if it has entered into a repayment agreement with the Insurance Commissioner and remains in compliance with the obligations under the repayment agreement.

"Related party" means a party, whether an individual, corporation, partnership, association, limited liability company or any other form or business association or other entity whatsoever, related to any vendor by blood, marriage, ownership or contract through which the party has a relationship of ownership or other interest with the vendor so that the party will actually or by effect receive or control a portion of the benefit, profit or other consideration from performance of a vendor contract with the party receiving an amount that meets or exceeds five percent of the total contract amount.

AFFIRMATION: By signing this form, the vendor's authorized signer affirms and acknowledges under penalty of law for false swearing (W. Va. Code §61-5-3) that: (1) for construction contracts, the vendor is not in default on any monetary obligation owed to the state or a political subdivision of the state, and (2) for all other contracts, that neither vendor nor any related party owe a debt as defined above and that neither vendor nor any related party are in employer default as defined above, unless the debt or employer default is permitted under the exception above.
