Charleston, WV 25305

Solicitation: RFQ 164071

On behalf of Tharseo IT, I'd like to thank you for the opportunity to submit our Proposal for Oracle License Update and Support. Tharseo IT is an Oracle Gold Partner, Oracle certified Cloud Excellence Implementer and authorized reseller of Oracle Services. We have an excellent track record of success helping Public Sector agencies design and deploy Oracle software, scaled agile design, development, integration, migration delivery and 24/7 operational support of open source and cloud solutions.

Our proposal includes the price schedule and all other requested documents as per the solicitation.

Thank you for your consideration. We look forward to the possibility of working with you to fulfill all of West Virginia's needs.

Should you have any questions, please feel free to reach out directly.

Sincerely,

Eric Wimer  
CEO  
Tharseo IT

## THARSEO IT COMPANY SUMMARY

---

### Offeror's Experience in Providing Similar Services

Tharseo IT is a minority owned, professional services company incorporated in Washington DC since 2014. We are registered as a Small Disadvantaged Business (SDB) and a HUBZone at both the Federal and State level in multiple states. Tharseo IT also holds a GSA IT-70 MAS contract with Cloud and Cloud-Related IT Professional Services SINs 132-40 & 132-51.

We specialize in assisting federal, state and local government agencies move workflows, applications, and data to FedRAMP secure cloud services. We provide cloud-based software, scaled agile design, development, integration, data migration, delivery, 24/7 operational support, customer support, and training for Oracle Cloud Infrastructure (OCI). We also provide cloud architecture and planning for multi-cloud strategies using any combination of OCI, AWS & Azure.

Tharseo IT is a Public & Private Sector Certified Oracle Cloud Excellence Implementer (CEI) named as one of the 10 Most Promising Oracle Consulting/Service Companies in 2018 & 2019 by CIO Review magazine. With more than 50 years' combined experience in the IT industry, our founders and senior management led the technical team of 120 Oracle developers that successfully designed, built, and deployed DC Health Link, the District of Columbia's (DC) Health Benefit Exchange (HBX) in response to provisions of the Affordable Care Act in 2013.

Tharseo IT continues to develop, enhance, operate, and maintain critical systems for benefits management, enabling government agencies to take advantage of the fast, secure, and stable Oracle Cloud Infrastructure to achieve their mission of improving financial decision making for improved health outcomes. We are privileged to have tackled some of the toughest and most intractable technology and innovation problems for our government clients:

**DC Department of Healthcare Finance (DHCF) District Access System (DCAS)** – Provide Washington, DC agencies with an integrated eligibility system for Medicaid, Supplemental Nutrition Assistance Program (SNAP), Temporary Assistance to Needy Families (TANF), and other benefits programs, with case management capabilities.

**DC Health District of Columbia Immunization Information System (DOCIIS)** – Migrate to the cloud the critical public health system that collects, stores, tracks and monitors immunization event information across the lifespan for residents and visitors to DC, and integrate with the Special Supplemental Nutrition Program for Women, Infants and Children (WIC) information system to aid in immunization assessments for pregnant women and children. *Moving to the Oracle GovCloud saved DC Health roughly 40% in infrastructure costs and 50% in development costs.*

**Maryland 529 Program Operations & Maintenance and Modernization** – Provide operational support to Maryland's existing MD529 banner application and provide data conversion and cleansing support to assist Maryland in its modernization efforts.

**U.S. Department of Agriculture (USDA) Food and Nutrition Service (FNS) Supplemental Nutrition Assistance Program (SNAP) Electronic Benefits Transfer (EBT) Portal** – Provide the means for SNAP recipients to authorize transfer of their government benefits from a Federal account to a SNAP retailer account to pay for products received from Farmers’ Markets and Direct Marketing Farmers, promoting healthy lifestyles for low income families. The SNAP EBT Portal is used in all 50 States, the District of Columbia, Puerto Rico, the Virgin Islands, and Guam.

## **Oracle Cloud Transformation**

Data security, privacy, and HIPAA compliance are our customers' chief concerns when they come to us with a benefits systems modernization challenge. Tharseo IT answers the challenge with the Oracle Cloud Infrastructure, a fully secure, flexible, end-to-end solution for integrating legacy databases into one high-performing data analytics engine that gives decision-makers dashboard access to the information they need to accelerate innovation.

Tharseo IT was the first Oracle partner to deploy a state agency into the Oracle GovCloud in 2018. Our Oracle-certified cloud architects and application developers have expertise in the entire Oracle infrastructure stack including IAM, SOA, WebLogic, and DB. Tharseo IT works collaboratively with our clients to analyze existing systems or applications, determine the best migration strategy, and efficiently migrate portions of a system – or entire enterprise systems – to the Oracle cloud. Tharseo IT also provides Oracle cloud operations and maintenance support to ensure long-term stability and viability.

**Tharseo IT was the first Oracle partner to deploy a state agency into the Oracle GovCloud in 2018.**

The Oracle cloud simplifies the infrastructure, so we can spend more time with our customers, and less time programming. All the services and tools are on board in one platform and ready to integrate by our experienced Oracle-certified cloud architects. That way we can rapidly tailor the infrastructure and reporting features to meet our customer's specific requirements and have the system up and running reliably in record time.

Tharseo IT skillfully leads organizations through the data governance challenges inherent in systems integration, facilitating shared understanding around specific policies and data sharing agreements that enable our clients to combine decades of data from a variety of isolated networks and create powerful new capabilities for data analysis and decision support.

## **HIPAA Expertise On Board**

Oracle Cloud Infrastructure provides a secure cloud environment assessed by these independent third-party programs for key security standards and compliance mandates:

- The U.S. Federal Risk and Authorization Management Program (FedRAMP)
- Health Insurance Portability and Accountability Act (HIPAA)
- Service Organization Control (SOC1 & SOC2)
- U.S. Department of Defense Security Requirements Guide Impact Level 2 (IL2)

**CONSTRUCTION CONTRACTS:** Under W. Va. Code § 5-22-1(l), the contracting public entity shall not award a construction contract to any bidder that is known to be in default on any monetary obligation owed to the state or a political subdivision of the state, including, but not limited to, obligations related to payroll taxes, property taxes, sales and use taxes, fire service fees, or other fines or fees.

**ALL CONTRACTS:** Under W. Va. Code §5A-3-10a, no contract or renewal of any contract may be awarded by the state or any of its political subdivisions to any vendor or prospective vendor when the vendor or prospective vendor or a related party to the vendor or prospective vendor is a debtor and: (1) the debt owed is an amount greater than one thousand dollars in the aggregate; or (2) the debtor is in employer default.

**EXCEPTION:** The prohibition listed above does not apply where a vendor has contested any tax administered pursuant to chapter eleven of the W. Va. Code, workers' compensation premium, permit fee or environmental fee or assessment and the matter has not become final or where the vendor has entered into a payment plan or agreement and the vendor is not in default of any of the provisions of such plan or agreement.

**DEFINITIONS:**

"Debt" means any assessment, premium, penalty, fine, tax or other amount of money owed to the state or any of its political subdivisions because of a judgment, fine, permit violation, license assessment, defaulted workers' compensation premium, penalty or other assessment presently delinquent or due and required to be paid to the state or any of its political subdivisions, including any interest or additional penalties accrued thereon.

"Employer default" means having an outstanding balance or liability to the old fund or to the uninsured employers' fund or being in policy default, as defined in W. Va. Code § 23-2c-2, failure to maintain mandatory workers' compensation coverage, or failure to fully meet its obligations as a workers' compensation self-insured employer. An employer is not in employer default if it has entered into a repayment agreement with the Insurance Commissioner and remains in compliance with the obligations under the repayment agreement.

"Related party" means a party, whether an individual, corporation, partnership, association, limited liability company or any other form or business association or other entity whatsoever, related to any vendor by blood, marriage, ownership or contract through which the party has a relationship of ownership or other interest with the vendor so that the party will actually or by effect receive or control a portion of the benefit, profit or other consideration from performance of a vendor contract with the party receiving an amount that meets or exceeds five percent of the total contract amount.

**AFFIRMATION:** By signing this form, the vendor's authorized signer affirms and acknowledges under penalty of law for false swearing (W. Va. Code §61-5-3) that: (1) for construction contracts, the vendor is not in default on any monetary obligation owed to the state or a political subdivision of the state, and (2) for all other contracts, that neither vendor nor any related party owe a debt as defined above and that neither vendor nor any related party are in employer default as defined above, unless the debt or employer default is permitted under the exception above.
