PURCHASING AFFIDAVIT

CONSTRUCTION CONTRACTS: Under W. Va. Code § 5-22-1(i), the contracting public entity shall not award a construction contract to any bidder that is known to be in default on any monetary obligation owed to the state or a political subdivision of the state, including, but not limited to, obligations related to payroll taxes, property taxes, sales and use taxes, fire service fees, or other fines or fees.

ALL CONTRACTS: Under W. Va. Code §5A-3-10a, no contract or renewal of any contract may be awarded by the state or any of its political subdivisions to any vendor or prospective vendor when the vendor or prospective vendor or a related party to the vendor or prospective vendor is a debtor and: (1) the debt owed is an amount greater than one thousand dollars in the aggregate; or (2) the debtor is in employer default.

EXCEPTION: The prohibition listed above does not apply where a vendor has contested any tax administered pursuant to chapter eleven of the W. Va. Code, workers' compensation premium, permit fee or environmental fee or assessment and the matter has not become final or where the vendor has entered into a payment plan or agreement and the vendor is not in default of any of the provisions of such plan or agreement.

DEFINITIONS:

"Debt" means any assessment, premium, penalty, fine, tax or other amount of money owed to the state or any of its political subdivisions because of a judgment, fine, permit violation, license assessment, defaulted workers' compensation premium, penalty or other assessment presently delinquent or due and required to be paid to the state or any of its political subdivisions, including any interest or additional penalties accrued thereon.

"Employer default" means having an outstanding balance or liability to the old fund or to the uninsured employers' fund or being in policy default, as defined in W. Va. Code § 23-2c-2, failure to maintain mandatory workers' compensation coverage, or failure to fully meet its obligations as a workers' compensation self-insured employer. An employer is not in employer default if it has entered into a repayment agreement with the Insurance Commissioner and remains in compliance with the obligations under the repayment agreement.

"Related party" means a party, whether an individual, corporation, partnership, association, limited liability company or any other form or business association or other entity whatsoever, related to any vendor by blood, marriage, ownership or contract through which the party has a relationship of ownership or other interest with the vendor so that the party will actually or by effect receive or control a portion of the benefit, profit or other consideration from performance of a vendor contract with the party receiving an amount that meets or exceeds five percent of the total contract amount.

AFFIRMATION: By signing this form, the vendor's authorized signer affirms and acknowledges under penalty of law for false swearing (W. Va. Code §61-5-3) that: (1) for construction contracts, the vendor is not in default on any monetary obligation owed to the state or a political subdivision of the state, and (2) for all other contracts, that neither vendor nor any related party owe a debt as defined above and that neither vendor nor any related party are in employer default as defined above, unless the debt or employer default is permitted under the exception above.

- 3.4 Sampling and Testing** for quality of all items furnished in this contract will be the responsibility of the WVDOH. Minimum frequency of sampling and testing for quality on all materials (other than those sources already covered by the WVDOH’s “commercial source” approval) will be at least one sample every six days of shipment (or if tested during production, at least one sample every six days of production).

Other minimum frequencies shall be in accordance with the following:

<u>Property</u>	<u>Frequency</u>
Gradation Delivered Material	One sample per each day of shipment or if tested during production, one sample per each day of production. See NOTE 1 below.

NOTE 1: The Vendor will be responsible for providing test results attesting to the gradation of materials delivered. Gradation results from the production source will be acceptable.

REQUEST FOR QUOTATION
Stone & Aggregate Delivery by Vendor

NOTE 2: In the event visual inspection of the aggregate indicates excess or unusual moisture beyond what is normally expected in the aggregate, the WVDOH reserves the right to determine the moisture content by standard methods in accordance with established Division procedures. If this becomes necessary, the net weight of the portion represented will be adjusted utilizing the test results obtained by the WVDOH in accordance with MP 700.00.22. Items OA, OB, OC, PA and PB (Abrasives) will be considered fine aggregate outlined in MP 700.00.22.

- 3.5 Acceptance Plan:** Per Section 703 of the Standard Specs, as amended, crushed stone shall consist of particles of clean, hard, tough, durable rock, free from adherent and foreign material. Acceptance for gradation shall be based on test results, provided and certified by the Vendor to be true test results and representative of the material supplied to the WVDOH, on consecutive random samples from a lot. A lot shall consist of a quantity of material represented by an average value (not to exceed 5 sub-lots). A sub-lot shall consist of the quantity of material represented by a single gradation test. In the case where only one sample is taken to represent the total quantity, the sub-lot and lot will be considered the same. Frequency of sampling and testing shall be in accordance with the Vendor's quality control plan outlined in MP 700.00.51. The Vendor shall provide the gradation test results to the Agency within 72 hours.

The Agency reserves the right to have environmental sources sample, test, and evaluate material deliveries. If material fails to comply with the WVDOH quality requirements, the nonconforming material will not be accepted and shall be removed and replaced at the Vendor's expense or, at the option of the ordering District, may be left in place with reduced payment.

At the discretion of the Agency, material failing to comply with the quality requirements will not be accepted. Acceptance for gradation shall be based on test results, provided and certified by the Vendor to be true test results and representative of the material supplied to the WVDOH, on consecutive random samples from a lot. A lot shall consist of a quantity of material represented by an average value (not to exceed 5 sub-lots). A sub-lot shall consist of the quantity of material represented by a single gradation test. In the case where only one sample is taken to represent the total quantity, the sub-lot and lot will be considered the same. Frequency of sampling and testing shall be in accordance with the Vendor's quality control plan outlined in MP 700.00.51, as amended. The Vendor shall provide the gradation test results to the WVDOH within 72 hours.

Gradation test results shall be averaged in accordance with MP 300.00.51, as amended. When the average falls outside the applicable limits, the entire lot of material represented thereby will be considered non-conforming to the extent that the last of its sub-lots is non-conforming. When a lot of material is nonconforming, then the last sub-lot contained therein shall have its degree of non-conformance determined as set forth below.

REQUEST FOR QUOTATION
Stone & Aggregate Delivery by Vendor

When a sub-lot of material is to have its price adjusted, the percentage point difference between the non-conforming test value and the specification limit shall be determined for each sieve size determined to be non-conforming, and this value shall be multiplied by its appropriate multiplication factor as set forth in Table 1.

TABLE 1

<u>NONCONFORMING SIEVE SIZE</u>	<u>MULTIPLICATION FACTOR</u>
Plus No. 40	1
No. 40	1.5
No. 50	1.5
No. 100	2.0
	(1.3 for abrasives and Cinders)
No. 20	2.5
1/2"	1
3/8"	1

The total measure of non-conformance of an individual sub-lot is the sum of all non-conformances on the various sieve sizes of that sub-lot. In no case, however, shall a sub-lot of material have its price adjusted more than once, and the first adjustment which is determined shall apply.

When the total degree of non-conformance has been established and it is 12 or less, the material will be paid for at an adjusted contract price as specified in Table 2.

TABLE 2

<u>DEGREE OF NON-CONFORMANCE</u>	<u>PERCENT OF CONTRACT PRICE TO BE REDUCED</u>
1.0 TO 3.0	2
3.1 TO 5.0	4
5.1 TO 8.0	7
8.1 TO 12.0	11
Greater than 12	*

*The WVDOH will make a special evaluation of the material and determine the appropriate action.

In the event a Vendor delivers a specific quantity of material from a stockpile, and said quantity is less than the total quantity contained in the stockpile and it has been determined from his certified test data that a non-conforming sub-lot(s) is contained in said stockpile, the price reduction shall be calculated for the specific quantity: The percent price reduction shall be determined as set forth above for the non-conforming sub-lot. The quantity of the non-conforming sub-lot shall then be calculated as a percent of the Total of material contained in the stockpile. To determine the price reduction on the specific quantity delivered, multiply the percent of non-

REQUEST FOR QUOTATION
Stone & Aggregate Delivery by Vendor

conforming material contained in the stockpile by the quantity delivered, and reduce this quantity by the percent price reduction as determined.

Example: If it has been determined that a stockpile of 100 tons contains 10 percent failing material, and said material is to have its price reduced by 4 percent, then the actual quantity delivered, say 15 tons, will be multiplied by 0.10 (10 percent failing material) which equals 1.5 tons. These 1.5 tons will thus have its price reduced by 4 percent. The remaining 13.5 tons will be paid for at full contract price.

$$TD \left(1 - \frac{PQn}{100Qt} \right) = AP \text{ (price to be paid after adjustment)}$$

WHERE

- T = tonnage delivered
- P = percent price reduction
- D = cost per ton
- Qn = quantity of non-conforming sub-lot(s)
- Qt = quantity of total stockpile
- AP = adjusted payment

If two sub-lots are non-conforming within the stockpile, calculate each separately for the adjusted payment on the quantity delivered (as above). Add these two adjusted payments together and subtract from the total the price to be paid before adjustment for tonnage delivered. If three sub-lots are non-conforming, calculate each separately and subtract twice the price to be paid before adjustment for tonnage delivered, and so on.

Example:

$$(AP1 + AP2) - TD = \text{Final price to be paid after adjustments}$$

OR

$$(AP1 + AP2 + AP3) - 2 TD = \text{Final price to be paid after adjustments}$$

WHERE: AP = price to be paid after initial adjustment for one non-conforming sub-lot determined by the above equation.

In the event material is delivered from a continuous stockpile which is continuously being replenished while also having material removed for these applications, certification shall be based on the shipment samples.

3.6 Weighing Materials Delivered by Modes of Transportation Other Than Trucks: Materials delivered to the designated site by barge, or other non-truck modes shall have their weight determined by a means acceptable to the Agency, and the weights of such materials shipped shall be certified, by the Vendor or his authorized agent, to be correct. The minimum barge delivery requested will be approximately 6,500 tons per

REQUEST FOR QUOTATION
Stone & Aggregate Delivery by Vendor

the order. When barge delivery is required, contract Items will be ordered in 1,500-ton increments.

- 3.7 Bid Instructions:** Vendor shall supply its pricing with corresponding plant source and storage site information for all Items bid by completing Attachments A and B. Vendors may bid any or all Items and locations. The ATT A and ATT B are separate Excel spreadsheets for the materials with Delivery contract. To expedite the bid evaluation, the Vendor should electronically enter its bid information in the ATT A and ATT B Agency spreadsheets provided and upload them with its bid documents into wvOASIS, if available. The Vendor can request the electronic copy of the spreadsheet by sending an email request to the buyer for this solicitation: John.W.Estep@wv.gov

No future use of the contract or any individual Item is guaranteed or implied throughout the life of this contract. The Agency(s) supplies estimated purchase volume as an approximation only, intended strictly for bid evaluation and award determination purposes. Bidding on any one contract Item may not imply the acceptance of the bid on any other contract Item(s).

3.7.1 Attachment A (ATT A) Pricing Pages: After placing the Vendor's name at the top of each ATT A, the Vendor shall provide its Item pricing including delivery by Vendor, F.O.B. destination/to Agency's Established storage locations, from Vendor's storage sites on the ATT B(s). Agency locations are broken down by TABS in the ATT A spreadsheet. For delivery to the location specified by the Agency on its Delivery Orders, at the time of need sent to the Vendor.

3.7.2 Attachment B (ATT B) Information Forms: After placing its name at the top of each ATT B, the Vendor may list multiple Source and Storage Sites on the ATT B. For each item bid, the Vendor shall supply the following information on the ATT B, which shall correspond with the ATT A Pricing, for Limestone, Sandstone, Gravel, Sand, Cinders, Blast Furnace Slag, or Steel Slag:

- Exact Name and Physical Address of Plant Sourcing Material
- Exact Physical Address Location of Vendor's Storage Site(s)
- Contact information for recipient of Agency Orders
- Contact information for recipient of Agency Invoices

3.7.3 FAILURE TO PROVIDE THE ATT A PRICING AND THE ATT B WITH THE BID SHALL DISQUALIFY THE BID ITEMS.

- 3.8 Emergency Work** as ordered by WVDOH District Engineer or his designee is work that shall be initiated within twenty-four (24) hours from when the Delivery Order is received by the Vendor, therefore a rushed response with goods or service delivery is needed from the Vendor, (see Section 2.8). Emergency work shall be prominently

REQUEST FOR QUOTATION
Stone & Aggregate Delivery by Vendor

noted on the Delivery Order. Designated Emergency work shall be paid at 1.25 times the Vendor's contract price.

4. SAFETY: Pandemic-Response Safety Protocols: In addition to the Vendor's established safety protocols and the WVDOH's established safety protocols outline in the Standard Specs, as amended, the Vendor and the Vendor's staff or designee shall adhere to all WVDOH's pandemic-response protocols while present at the WVDOH location/jobsite. Vendors may obtain the WVDOH's pandemic-response protocols by contacting the WVDOH District Engineer.

5. CONTRACT AWARD: This contract is intended to provide Agencies with a purchase price on all contract Items. A contract shall be awarded to all responsible, qualified Vendors. At the time of need, the Agency will create a Delivery Order, evaluate ATT A and ATT B from each contract, determine a unit price for contract Items by location, and order from the Vendor whose bid is low based on price per cubic yard, (see Section 5.1.1).

5.1 DETERMINING LOW BID for Delivery Established Agency Locations: To determine the low bid Vendor, the Agency District Engineer or his designee will determine quantities needed by the District, calculate the lowest per Unit Cost, and issue a Delivery Order to that low bid Vendor. The Agency reserves the right to request any one or a combination of awarded Items at the lowest overall total.

5.1.1 Cost per Cubic Yard shall be determined by multiplying the Vendor's per ton bid price in dollars by a "Tons per Cubic Yard Factor" per the table below:

TABLE 5.1.1 Aggregate – Tons per Cubic Yard Factors

5.3 Contract Award Transition: Upon the award of this contract, notwithstanding the effective date, completed and encumbered date, or any other suggested or established date by the Agency, the WVDOH Operations Division will announce the effective "date of use" of this contract to the Districts and Vendors. Upon announcing the date of use, any "open" Delivery Order issued during the previously effective contract(s) where Item delivery has started, shall remain in effect and not cancelled until that Delivery Order is completely fulfilled. Any issued Delivery Order that is "inactive," meaning Item delivery has not been started, shall be cancelled and reissued off the new

contract. No inactive Delivery Order from the previously effective contracts should be held open by the District or the Vendor longer than ten (10) working days after notice of the effective date of use of the new contracts.

This directive is issued to assist the Districts and the Vendors when fulfilling open Delivery Orders only. It is NOT issued to cause harm or to take contracts from one Vendor to give to another Vendor, but to establish a transition process from one contract into another contract.

6. ORDERING AND PAYMENT:

6.1 Ordering: Vendor shall accept orders through wvOASIS, regular mail, facsimile, e-mail, or any other written forms of communication. Vendor may, but is not required to, accept on-line orders through a secure internet ordering portal/website. If Vendor can accept on-line orders, it should include in its response a brief description of how Agencies may utilize the on-line ordering system. Vendor shall ensure that its on-line ordering system is properly secured prior to processing Agency orders on-line. Vendor shall maintain communication of its current phone numbers, fax numbers, e-mail addresses, location addresses, and all ordering/ billing/ payment addresses with WVDOH and in wvOASIS as applicable.

6.1.1 ACKNOWLEDGEMENT OF AGENCY ORDERS: To acknowledge all Agency orders and ascertain Delivery Order acceptance, Vendor must respond to the ordering Agency - in writing - by email or fax by no later than THREE (3) business days of the date of the Delivery Order, and no later than 4:00p.m. on the third business day. Failure for any reason to provide the Agency with written acknowledgement of any Agency Delivery Orders/revisions thereto shall be considered Delivery Order refusal, thus, making the failed Delivery Order or undelivered quantity subject to cancelation, at a minimum, (see Section 8, Vendor Default and this contracts Terms and Conditions).

6.2 Delivery Order: Agency will initiate the Delivery Order by identifying locations of need. The Delivery Order will be generated by an Agency Engineer or his designee and should be completed on a WV-39 Blanket Release Order. The order should detail the contract Items and amount needed, the delivery location, and the due date for the delivery which shall become the agreed upon delivery date. Once complete, the Delivery Orders shall be sent to Vendor via fax, email, or postal mail. Any verbal communications to initiate or make modifications to a project from this contract are NOT acceptable as a Delivery Order.

6.3 Payment: Vendor shall accept payment in accordance with the payment procedures of the State of West Virginia. The State of West Virginia currently utilizes a Purchasing Card (P-Card) program, administered under contract by a banking institution, to process

REQUEST FOR QUOTATION
Stone & Aggregate Delivery by Vendor

payment for goods and services through state designated credit cards. Under this contract, Vendor must accept payment by electronic funds transfer and P-Card. Electronic Funds Transfer for payment is available through the WV State Auditor's Office. The Vendor may visit the WV State Auditor's website (www.wvsao.gov) for all necessary forms and instructions. Payment method for each Delivery Order may be dictated at WVDOH's discretion.

7. DELIVERY, LATE DELIVERY, AND RETURN: The contractor shall deposit aggregates as directed by the Agency.

- d. The Director of the Purchasing Division determines that specified steel materials are not produced in the United States in sufficient quantity or otherwise are not reasonably available to meet contract requirements.

42. PREFERENCE FOR USE OF DOMESTIC ALUMINUM, GLASS, AND STEEL: In Accordance with W. Va. Code § 5-19-1 et seq., and W. Va. CSR § 148-10-1 et seq., for every contract or subcontract, subject to the limitations contained herein, for the construction, reconstruction, alteration, repair, improvement or maintenance of public works or for the purchase of any item of machinery or equipment to be used at sites of public works, only domestic aluminum, glass or steel products shall be supplied unless the spending officer determines, in writing, after the receipt of offers or bids, (1) that the cost of domestic aluminum, glass or steel products is unreasonable or inconsistent with the public interest of the State of West Virginia, (2) that domestic aluminum, glass or steel products are not produced in sufficient quantities to meet the contract requirements, or (3) the available domestic aluminum, glass, or steel do not meet the contract specifications. This provision only applies to public works contracts awarded in an amount more than fifty thousand dollars (\$50,000) or public works contracts that require more than ten thousand pounds of steel products.

The cost of domestic aluminum, glass, or steel products may be unreasonable if the cost is more than twenty percent (20%) of the bid or offered price for foreign made aluminum, glass, or steel products. If the domestic aluminum, glass or steel products to be supplied or produced in a "substantial labor surplus area", as defined by the United States Department of Labor, the cost of domestic aluminum, glass, or steel products may be unreasonable if the cost is more than thirty percent (30%) of the bid or offered price for foreign made aluminum, glass, or steel products. This preference shall be applied to an item of machinery or equipment, as indicated above, when the item is a single unit of equipment or machinery manufactured primarily of aluminum, glass or steel, is part of a public works contract and has the sole purpose or of being a permanent part of a single public works project. This provision does not apply to equipment or machinery purchased by a spending unit for use by that spending unit and not as part of a single public works project.

All bids and offers including domestic aluminum, glass or steel products that exceed bid or offer prices including foreign aluminum, glass or steel products after application of the preferences provided in this provision may be reduced to a price equal to or lower than the lowest bid or offer price for foreign aluminum, glass or steel products plus the applicable preference. If the reduced bid or offer prices are made in writing and supersede the prior bid or offer prices, all bids or offers, including the reduced bid or offer prices, will be reevaluated in accordance with this rule.

43. INTERESTED PARTY SUPPLEMENTAL DISCLOSURE: W. Va. Code § 6D-1-2 requires that for contracts with an actual or estimated value of at least \$1 million, the vendor must submit to the Agency a supplemental disclosure of interested parties reflecting any new or differing interested parties to the contract, which were not included in the original pre-award interested party disclosure, within 30 days following the completion or termination of the contract. A copy of that form is included with this solicitation or can be obtained from the Revised 04/21/2021

WV Ethics Commission. This requirement does not apply to publicly traded companies listed on a national or international stock exchange. A more detailed definition of interested parties can be obtained from the form referenced above.

44. PROHIBITION AGAINST USED OR REFURBISHED: Unless expressly permitted in the solicitation published by the State, Vendor must provide new, unused commodities, and is prohibited from supplying used or refurbished commodities, in fulfilling its responsibilities under this Contract.

45. VOID CONTRACT CLAUSES – This Contract is subject to the provisions of West Virginia Code § 5A-3-62, which automatically voids certain contract clauses that violate State law.
