### **Additional Information**

This is an estimate only, and may vary depending on actual quantities and validation. Standard Terms and Conditions apply and are included at the end of this correspondence.

If this quote contains treatment and disposal pricing, this pricing is subject to final approval by the ultimate disposal facility. Veolia will assist with profiling, and will provide all necessary documentation for shipping.

### **Standard Terms & Conditions**

- WVDEP must comply with all applicable laws and regulations pertaining to generators of hazardous waste.
- The generator shall have obtained all applicable federal or state generator's identification numbers and state hazardous / non-hazardous waste numbers before waste shipment. Veolia will assist in this process if necessary.
- The proposed pricing is based on the information presented by the customer. Any deviation in type or quantity of material will be priced according to the issuance of a change order.
- Disposal pricing given herein is contingent upon site approval of waste stream and receipt of waste materials which conform to profile. Surcharges will apply to non-conforming waste streams.
- All drums considered not fit for transport according to DOT, 49 CFR requirements and/or leaking drums will be over-packed at an additional charge. Treatment and disposal surcharges may also apply.
- Veolia will prepare all shipping documents (i.e. manifests, labels, packing slips, etc.), if required.
- Unless otherwise specified, Veolia will utilize the most appropriate treatment technology and disposal facility to manage the waste. Any technology will meet or exceed the minimum standards for the waste material and any facility will be a Veolia owned or audited / approved facility.
