_____ for _____.

Liquidated Damages Contained in the Specifications.

Liquidated Damages Are Not Included in this Contract.

12. ACCEPTANCE: Vendor's signature on its bid, or on the certification and signature page, constitutes an offer to the State that cannot be unilaterally withdrawn, signifies that the product or service proposed by vendor meets the mandatory requirements contained in the Solicitation for that product or service, unless otherwise indicated, and signifies acceptance of the terms and conditions contained in the Solicitation unless otherwise indicated.

13. PRICING: The pricing set forth herein is firm for the life of the Contract, unless specified elsewhere within this Solicitation/Contract by the State. A Vendor's inclusion of price adjustment provisions in its bid, without an express authorization from the State in the Solicitation to do so, may result in bid disqualification. Notwithstanding the foregoing, Vendor must extend any publicly advertised sale price to the State and invoice at the lower of the contract price or the publicly advertised sale price.

14. PAYMENT IN ARREARS: Payments for goods/services will be made in arrears only upon receipt of a proper invoice, detailing the goods/services provided or receipt of the goods/services, whichever is later. Notwithstanding the foregoing, payments for software maintenance, licenses, or subscriptions may be paid annually in advance.

15. PAYMENT METHODS: Vendor must accept payment by electronic funds transfer and P-Card. (The State of West Virginia's Purchasing Card program, administered under contract by a banking institution, processes payment for goods and services through state designated credit cards.)

16. TAXES: The Vendor shall pay any applicable sales, use, personal property or any other taxes arising out of this Contract and the transactions contemplated thereby. The State of West Virginia is exempt from federal and state taxes and will not pay or reimburse such taxes.

17. ADDITIONAL FEES: Vendor is not permitted to charge additional fees or assess additional charges that were not either expressly provided for in the solicitation published by the State of West Virginia, included in the Contract, or included in the unit price or lump sum bid amount that Vendor is required by the solicitation to provide. Including such fees or charges as notes to the solicitation may result in rejection of vendor's bid. Requesting such fees or charges be paid after the contract has been awarded may result in cancellation of the contract.

18. FUNDING: This Contract shall continue for the term stated herein, contingent upon funds being appropriated by the Legislature or otherwise being made available. In the event funds are not appropriated or otherwise made available, this Contract becomes void and of no effect beginning on July 1 of the fiscal year for which funding has not been appropriated or otherwise made available. If that occurs, the State may notify the Vendor that an alternative source of funding has been obtained and thereby avoid the automatic termination. Non-appropriation or non-funding shall not be considered an event of default.

19. CANCELLATION: The Purchasing Division Director reserves the right to cancel this Contract immediately upon written notice to the vendor if the materials or workmanship supplied do not conform to the specifications contained in the Contract. The Purchasing Division Director may also cancel any purchase or Contract upon 30 days written notice to the Vendor in accordance with West Virginia Code of State Rules § 148-1-5.2.b.

20. TIME: Time is of the essence regarding all matters of time and performance in this Contract.

21. APPLICABLE LAW: This Contract is governed by and interpreted under West Virginia law without giving effect to its choice of law principles. Any information provided in specification manuals, or any other source, verbal or written, which contradicts or violates the West Virginia Constitution, West Virginia Code, or West Virginia Code of State Rules is void and of no effect.

22. COMPLIANCE WITH LAWS: Vendor shall comply with all applicable federal, state, and local laws, regulations and ordinances. By submitting a bid, Vendor acknowledges that it has reviewed, understands, and will comply with all applicable laws, regulations, and ordinances.

Notification under this provision must occur prior to the performance of any work under the contract by the subcontractor.

23. ARBITRATION: Any references made to arbitration contained in this Contract, Vendor's bid, or in any American Institute of Architects documents pertaining to this Contract are hereby deleted, void, and of no effect.

24. MODIFICATIONS: This writing is the parties' final expression of intent. Notwithstanding anything contained in this Contract to the contrary no modification of this Contract shall be binding without mutual written consent of the Agency, and the Vendor, with approval of the Purchasing Division and the Attorney General's office (Attorney General approval is as to form only). Any change to existing contracts that adds work or changes contract cost, and were not included in the original contract, must be approved by the Purchasing Division and the Attorney General's Office (as to form) prior to the implementation of the change or commencement of work affected by the change.

25. WAIVER: The failure of either party to insist upon a strict performance of any of the terms or provision of this Contract, or to exercise any option, right, or remedy herein contained, shall not be construed as a waiver or a relinquishment for the future of such term, provision, option, right, or remedy, but the same shall continue in full force and effect. Any waiver must be expressly stated in writing and signed by the waiving party.

26. SUBSEQUENT FORMS: The terms and conditions contained in this Contract shall supersede any and all subsequent terms and conditions which may appear on any form documents submitted by Vendor to the Agency or Purchasing Division such as price lists, order forms, invoices, sales agreements, or maintenance agreements, and includes internet websites or other electronic documents. Acceptance or use of Vendor's forms does not constitute acceptance of the terms and conditions contained thereon.

27. ASSIGNMENT: Neither this Contract nor any monies due, or to become due hereunder, may be assigned by the Vendor without the express written consent of the Agency, the Purchasing Division, the Attorney General's office (as to form only), and any other government agency or office that may be required to approve such assignments.

28. WARRANTY: The Vendor expressly warrants that the goods and/or services covered by this Contract will: (a) conform to the specifications, drawings, samples, or other description furnished or specified by the Agency; (b) be merchantable and fit for the purpose intended; and (c) be free from defect in material and workmanship.

29. STATE EMPLOYEES: State employees are not permitted to utilize this Contract for personal use and the Vendor is prohibited from permitting or facilitating the same.

30. PRIVACY, SECURITY, AND CONFIDENTIALITY: The Vendor agrees that it will not disclose to anyone, directly or indirectly, any such personally identifiable information or other confidential information gained from the Agency, unless the individual who is the subject of the information consents to the disclosure in writing or the disclosure is made pursuant to the Agency's policies, procedures, and rules. Vendor further agrees to comply with the Confidentiality Policies and Information Security Accountability Requirements, set forth in <http://www.state.wv.us/admin/purchase/privacy/default.html>.

31. YOUR SUBMISSION IS A PUBLIC DOCUMENT: Vendor's entire response to the Solicitation and the resulting Contract are public documents. As public documents, they will be disclosed to the public following the bid/proposal opening or award of the contract, as required by the competitive bidding laws of West Virginia Code §§ 5A-3-1 et seq., 5-22-1 et seq., and 5G-1-1 et seq. and the Freedom of Information Act West Virginia Code §§ 29B-1-1 et seq.

DO NOT SUBMIT MATERIAL YOU CONSIDER TO BE CONFIDENTIAL, A TRADE SECRET, OR OTHERWISE NOT SUBJECT TO PUBLIC DISCLOSURE.

Submission of any bid, proposal, or other document to the Purchasing Division constitutes your explicit consent to the subsequent public disclosure of the bid, proposal, or document. The Purchasing Division will disclose any document labeled "confidential," "proprietary," "trade secret," "private," or labeled with any other claim against public disclosure of the documents, to include any "trade secrets" as defined by West Virginia Code § 47-22-1 et seq. All submissions are subject to public disclosure without notice.

32. LICENSING: In accordance with West Virginia Code of State Rules § 148-1-6.1.e, Vendor must be licensed and in good standing in accordance with any and all state and local laws and requirements by any state or local agency of West Virginia, including, but not limited to, the West Virginia Secretary of State's Office, the West Virginia Tax Department, West Virginia Insurance Commission, or any other state agency or political subdivision. Obligations related to political subdivisions may include, but are not limited to, business licensing, business and occupation taxes, inspection compliance, permitting, etc. Upon request, the Vendor must provide all necessary releases to obtain information to enable the Purchasing Division Director or the Agency to verify that the Vendor is licensed and in good standing with the above entities.

SUBCONTRACTOR COMPLIANCE: Vendor shall notify all subcontractors providing commodities or services related to this Contract that as subcontractors, they too are required to be licensed, in good standing, and up-to-date on all state and local obligations as described in this section. Obligations related to political subdivisions may include, but are not limited to, business licensing, business and occupation taxes, inspection compliance, permitting, etc. Notification under this provision must occur prior to the performance of any work under the contract by the subcontractor.

33. ANTITRUST: In submitting a bid to, signing a contract with, or accepting a Award Document from any agency of the State of West Virginia, the Vendor agrees to convey, sell, assign, or transfer to the State of West Virginia all rights, title, and interest in and to all causes of action it may now or hereafter acquire under the antitrust laws of the United States and the State of West Virginia for price fixing and/or unreasonable restraints of trade relating to the particular commodities or services purchased or acquired by the State of West Virginia. Such assignment shall be made and become effective at the time the purchasing agency tenders the initial payment to Vendor.

34. VENDOR CERTIFICATIONS: By signing its bid or entering into this Contract, Vendor certifies (1) that its bid or offer was made without prior understanding, agreement, or connection with any corporation, firm, limited liability company, partnership, person or entity submitting a bid or offer for the same material, supplies, equipment or services; (2) that its bid or offer is in all respects fair and without collusion or fraud; (3) that this Contract is accepted or entered into without any prior understanding, agreement, or connection to any other entity that could be considered a violation of law; and (4) that it has reviewed this Solicitation in its entirety; understands the requirements, terms and conditions, and other information contained herein.

Vendor's signature on its bid or offer also affirms that neither it nor its representatives have any interest, nor shall acquire any interest, direct or indirect, which would compromise the performance of its services hereunder. Any such interests shall be promptly presented in detail to the Agency. The individual signing this bid or offer on behalf of Vendor certifies that he or she is authorized by the Vendor to execute this bid or offer or any documents related thereto on Vendor's behalf; that he or she is authorized to bind the Vendor in a contractual relationship; and that, to the best of his or her knowledge, the Vendor has properly registered with any State agency that may require registration.

35. VENDOR RELATIONSHIP: The relationship of the Vendor to the State shall be that of an independent contractor and no principal-agent relationship or employer-employee relationship is contemplated or created by this Contract. The Vendor as an independent contractor is solely liable for the acts and omissions of its employees and agents. Vendor shall be responsible for selecting, supervising, and compensating any and all individuals employed pursuant to the terms of this Solicitation and resulting contract. Neither the Vendor, nor any employees or subcontractors of the Vendor, shall be deemed to be employees of the State for any purpose whatsoever. Vendor shall be exclusively responsible for payment of employees and contractors for all wages and salaries, taxes, withholding payments, penalties, fees, fringe benefits, professional liability insurance premiums, contributions to insurance and pension, or other deferred compensation plans, including but not limited to, Workers' Compensation and Social Security obligations, licensing fees, etc. and the filing of all necessary documents, forms, and returns pertinent to all of the foregoing.

36. INDEMNIFICATION: The Vendor agrees to indemnify, defend, and hold harmless the State and the Agency, their officers, and employees from and against: (1) Any claims or losses for services rendered by any subcontractor, person, or firm performing or supplying services, materials, or supplies in connection with the performance of the Contract; (2) Any claims or losses resulting to any person or entity injured or damaged by the Vendor, its officers, employees, or subcontractors by the publication, translation, reproduction, delivery, performance, use, or disposition of any data used under the Contract in a manner not authorized by the Contract, or by Federal or State statutes or regulations; and (3) Any failure of the Vendor, its officers, employees, or subcontractors to observe State and Federal laws including, but not limited to, labor and wage and hour laws.

37. NO DEBT CERTIFICATION: In accordance with West Virginia Code §§ 5A-3-10a and 5-22-1(i), the State is prohibited from awarding a contract to any bidder that owes a debt to the State or a political subdivision of the State. By submitting a bid, or entering into a contract with the State, Vendor is affirming that (1) for construction contracts, the Vendor is not in default on any monetary obligation owed to the state or a political subdivision of the state, and (2) for all other contracts, neither the Vendor nor any related party owe a debt as defined above, and neither the Vendor nor any related party are in employer default as defined in the statute cited above unless the debt or employer default is permitted under the statute.

38. CONFLICT OF INTEREST: Vendor, its officers or members or employees, shall not presently have or acquire an interest, direct or indirect, which would conflict with or compromise the performance of its obligations hereunder. Vendor shall periodically inquire of its officers, members and employees to ensure that a conflict of interest does not arise. Any conflict of interest discovered shall be promptly presented in detail to the Agency.

39. REPORTS: Vendor shall provide the Agency and/or the Purchasing Division with the following reports identified by a checked box below:

Such reports as the Agency and/or the Purchasing Division may request. Requested reports may include, but are not limited to, quantities purchased, agencies utilizing the contract, total contract expenditures by agency, etc.

40. BACKGROUND CHECK: In accordance with W. Va. Code § 15-2D-3, the State reserves the right to prohibit a service provider's employees from accessing sensitive or critical information or to be present at the Capitol complex based upon results addressed from a criminal background check. Service providers should contact the West Virginia Division of Protective Services by phone at (304) 558-9911 for more information.

41. PREFERENCE FOR USE OF DOMESTIC STEEL PRODUCTS: Except when authorized by the Director of the Purchasing Division pursuant to W. Va. Code § 5A-3-56, no contractor may use or supply steel products for a State Contract Project other than those steel products made in the United States. A contractor who uses steel products in violation of this section may be subject to civil penalties pursuant to W. Va. Code § 5A-3-56. As used in this section:

- a. “State Contract Project” means any erection or construction of, or any addition to, alteration of or other improvement to any building or structure, including, but not limited to, roads or highways, or the installation of any heating or cooling or ventilating plants or other equipment, or the supply of and materials for such projects, pursuant to a contract with the State of West Virginia for which bids were solicited on or after June 6, 2001.
- b. “Steel Products” means products rolled, formed, shaped, drawn, extruded, forged, cast, fabricated or otherwise similarly processed, or processed by a combination of two or more or such operations, from steel made by the open hearth, basic oxygen, electric furnace, Bessemer or other steel making process.
- c. The Purchasing Division Director may, in writing, authorize the use of foreign steel products if:
 1. The cost for each contract item used does not exceed one tenth of one percent (.1%) of the total contract cost or two thousand five hundred dollars (\$2,500.00), whichever is greater. For the purposes of this section, the cost is the value of the steel product as delivered to the project; or
 2. The Director of the Purchasing Division determines that specified steel materials are not produced in the United States in sufficient quantity or otherwise are not reasonably available to meet contract requirements.

42. PREFERENCE FOR USE OF DOMESTIC ALUMINUM, GLASS, AND STEEL: In Accordance with W. Va. Code § 5-19-1 et seq., and W. Va. CSR § 148-10-1 et seq., for every contract or subcontract, subject to the limitations contained herein, for the construction, reconstruction, alteration, repair, improvement or maintenance of public works or for the purchase of any item of machinery or equipment to be used at sites of public works, only domestic aluminum, glass or steel products shall be supplied unless the spending officer determines, in writing, after the receipt of offers or bids, (1) that the cost of domestic aluminum, glass or steel products is unreasonable or inconsistent with the public interest of the State of West Virginia, (2) that domestic aluminum, glass or steel products are not produced in sufficient quantities to meet the contract requirements, or (3) the available domestic aluminum, glass, or steel do not meet the contract specifications. This provision only applies to public works contracts awarded in an amount more than fifty thousand dollars (\$50,000) or public works contracts that require more than ten thousand pounds of steel products.

The cost of domestic aluminum, glass, or steel products may be unreasonable if the cost is more than twenty percent (20%) of the bid or offered price for foreign made aluminum, glass, or steel products. If the domestic aluminum, glass or steel products to be supplied or produced in a “substantial labor surplus area”, as defined by the United States Department of Labor, the cost of domestic aluminum, glass, or steel products may be unreasonable if the cost is more than thirty percent (30%) of the bid or offered price for foreign made aluminum, glass, or steel

Revised 07/01/2022

products. This preference shall be applied to an item of machinery or equipment, as indicated above, when the item is a single unit of equipment or machinery manufactured primarily of aluminum, glass or steel, is part of a public works contract and has the sole purpose or of being a permanent part of a single public works project. This provision does not apply to equipment or machinery purchased by a spending unit for use by that spending unit and not as part of a single public works project.

All bids and offers including domestic aluminum, glass or steel products that exceed bid or offer prices including foreign aluminum, glass or steel products after application of the preferences provided in this provision may be reduced to a price equal to or lower than the lowest bid or offer price for foreign aluminum, glass or steel products plus the applicable preference. If the reduced bid or offer prices are made in writing and supersede the prior bid or offer prices, all bids or offers, including the reduced bid or offer prices, will be reevaluated in accordance with this rule.

43. INTERESTED PARTY SUPPLEMENTAL DISCLOSURE: W. Va. Code § 6D-1-2 requires that for contracts with an actual or estimated value of at least \$1 million, the Vendor must submit to the Agency a disclosure of interested parties prior to beginning work under this Contract. Additionally, the Vendor must submit a supplemental disclosure of interested parties reflecting any new or differing interested parties to the contract, which were not included in the original pre-work interested party disclosure, within 30 days following the completion or termination of the contract. A copy of that form is included with this solicitation or can be obtained from the WV Ethics Commission. This requirement does not apply to publicly traded companies listed on a national or international stock exchange. A more detailed definition of interested parties can be obtained from the form referenced above.

Applications for a contractor's license may be made by contacting the West Virginia Contractor Licensing Board.

The apparent successful Vendor must furnish a copy of its contractor's license prior to the issuance of a contract award document.

2. DRUG-FREE WORKPLACE AFFIDAVIT: W. Va. Code § 21-1D-5 provides that any solicitation for a public improvement contract requires each Vendor that submits a bid for the work to submit an affidavit that the Vendor has a written plan for a drug-free workplace policy. Re: Our Company History and Biography

City Construction Company, Inc. is a family owned and operated corporation. 2022 marks our 57th year of continued service. Four generations of the Henderson family are the vital life blood of our company. We have all grown up in the business. Learning from bottom to the top. This is not only a job; it is our life's work. And each and everyday we put our reputation on the line. Our success lies in the golden rule...Treat others as you would want to be treated.

We have been a staple in the community for 57 years. Constructing new buildings, renovating old ones and being of service to the population of the great State of West Virginia. Our red truck fleet is well known and respected. By keeping this a family business we insure that we will be in business for a long time to come in the future. As you can see by the listing of the projects below we do various projects attending to the needs of the owners and architects. We consistently bring the work in on time and budget. We are quick to respond to any challenges that may arise on the project. We bask in the praise of a job well done.

Currently, we are one of the two largest general contractors in North Central West Virginia. The Henderson family actually owns four (4) different construction firms with a combined annual gross sales of over \$60 million dollars.

To ensure the accuracy and fairness of our testing program, all testing will be conducted according to Substance Abuse and Mental Health Services Administration (SAMHSA) guidelines where applicable and will include a screening test.

All drug-testing information will be maintained in separate confidential records.

Any employee who tests positive will be immediately removed from duty, referred to a substance abuse professional for assessment and recommendations, required to successfully complete recommended rehabilitation including continuing care and required to pass a Return-to-Work Agreement.

An employee will be subject to the same consequences of a positive test if he/she refuses the screening of the test, adulterates, or dilutes the specimen, substitutes the specimen with that from another person or sends an imposter, will not sign the required forms or refuses to cooperate in the testing process in such a way that prevents completion of the test.

Prohibited Behavior

It is a violation of our drug-free workplace policy to use, possess, sell, and/or trade alcohol, illegal drugs or intoxicants.

Pre-Employment Screening

City Construction Company will maintain pre-employment screening practices, which are designed to identify those individuals whose use of drugs or alcohol indicates a potential for impaired or unsafe job performance.

City Construction Company will require pre-employment substance screening of all applicants to whom City Construction Company will advise each applicant of the intent to test for substances and require the applicant to permit the results of the test be made available to management. If an applicant does not wish to have screening test performed, the pre-employment interview process or examination will be terminated. If the applicant refuses the screening test or if the test confirms the use of an unauthorized substance, the applicant will be disqualified from further employment consideration for a minimum of twelve months.

Employees who drive City Construction Company vehicles must notify City Construction Company of any alcohol related motor vehicle statute convictions within five (5) days after such conviction. This notification is separate from that which is required for Annual Certification by the Federal Motor Carrier Safety Regulations, and such notification of conviction is a condition of employment.

Notification of conviction shall be made in writing to the facility manager, and managers shall transmit such notification to the Human Resources Manager as soon as possible after receipt.

Testing

Reasonable Cause/Suspicion Testing: Reasonable suspicion testing will occur when management has reason to suspect that an employee may be in violation of this substance abuse program. The suspicion will be documented in writing and may occur based upon observed behavior, abnormal conduct, erratic behavior, arrest or conviction for drug related offenses. This includes employees who have undergone or are undergoing treatment for substance abuse or misuse. All City Construction Company managers/supervisors will be trained to recognize drug and alcohol related signs and symptoms.

Random Testing: Random substance testing will be instituted for all City Construction Company Employees (at least 10% yearly). You must report the same day as notified to a testing facility that has been approved by the company.

Post Accident/Incident Testing: After an employee has had an injury or near miss or is involved in an incident with property damage, City Construction Company reserves the right to request a drug test.

Notification of Selection

An individual selected for random testing, and the individual's first-line supervisor, shall be notified the same day the test is scheduled, preferably, within two hours of the scheduled testing. The supervisor shall explain to the employee that the employee is under no suspicion of taking drugs and that the employee's name was selected randomly.

Deferral of Testing

An employee selected for random drug testing may obtain a deferral of testing if the employee's first line and higher-level supervisors concur that a compelling need necessitates a deferral on the grounds that the employee is:

1. In a leave status (sick, annual, administrative, or leave without pay)
2. In official travel status away from the test site or is about to embark on official travel. scheduled prior to testing notification.

An employee whose random drug test is deferred will be subject to an unannounced test within the following 60 days.

Opportunity to Justify a Positive Test Result

When a confirmed positive result has been returned by the laboratory, the Medical Review Officer shall perform the duties set forth in the Mandatory Guidelines. For example, the Medical Review Officer may choose to conduct employee medical interviews, review employee medical history, or review any other, relevant biomedical factors. The Medical Review Officer must review all medical records made available by the tested employee when a confirmed positive test could have resulted from legally prescribed medication. Evidence to justify a positive result may include, but is not limited to:

1. A valid prescription
2. A verification from the individual's physician verifying a valid prescription.

Individuals are not entitled, however, to present evidence to the Medical Review Officer in a trial-type administrative proceeding, although the Medical Review Officer has the discretion to accept evidence in any manner the Medical Review Officer deems most efficient or necessary. If the Medical Review Officer determines there is no justification for the positive result, such result will then be considered a verified positive test result.

Disciplinary Action

Violation of the rules contained in this Policy can result in disciplinary action, up to and including dismissal or termination of employment. Violation of the rules contained in this Policy can also result in mandatory placement of offending employees in a substance abuse or rehabilitation program. Participation in, and the successful completion of, such a program are conditions of employment.

The finding of the presence of any illegal drug, controlled substance or alcohol above the cutoff levels established in the Appendices to the Federal Motor Carrier Safety Regulations following a test or screening will be considered prima facie evidence of a violation of the rules contained in this Policy, or if any employee is caught adulterating or tampering a drug or alcohol test, shall be subject to appropriate disciplinary measures up to and including terminating employment, in accordance with City Construction Company drug-free workplace policy

City Construction Company in its discretion may utilize a three-tier disciplinary approach depending upon the individual circumstances of each violation. City Construction Company reserves the right to render any disciplinary action appropriate to the specific circumstances up to and including termination for any violation of this policy. Nevertheless, City Construction Company will, when appropriate, utilize the three-tier disciplinary approach. When this approach is used, the first (1) positive test will result in a two (2) day suspension without pay and a mandatory meeting with Company owners before returning to work. A second (2) positive test will result in an indefinite suspension without pay and the employee will be required to undergo a mandatory 28-day rehabilitation program and meeting with Company owners before being considered to return to work. In the event of a third (3) positive test the employee will be automatically dismissed from employment. If the employee refuses to take the test it will be treated as the employee has tested positive and the same three tier disciplinary approach will go into effect. Before returning to work after any offense, the employee must sign a Return-to-Work Agreement and will be on probation for one year. During that one year the employee is subject to random drug or alcohol tests at any time. The repeat of offense in that one-year probationary period may result in termination.

Searches

Searches of employees, employee's lockers, and employee personal property may be conducted when there is a reasonable suspicion to believe that the employee or employees are in violation of the rules contained in this Policy. While City Construction Company has the right to conduct reasonable searches on its property, every effort must be made to preserve the rights and dignity of employees subject to such searches.

Reporting the Possession or Use of Prescription Drugs and Medicines

The use of legal drugs and/or medication by individual employees may affect the job performance of the using employees, the safety of other employees, the safe and efficient operations of City Construction Company, or the safety of the public at large.

Employees are urged to discuss the effects of any drugs or medication with their doctors when such drug or medications are prescribed, and to request a statement on possible impairments or effects. This statement will aid the facility manager in deciding of potential impairment.

Employees who are using over-the-counter drugs or medications are urged to read the information furnished with the drug or medication carefully, and to bring that information to the facility manager. This information will aid the facility manager in deciding of potential impairment.

Employees who are using legal drugs and/or medication must report such use to the facility manager for a determination that such use will not expose the employee or any other employees or members of the public at large to hazards that may result from impairment. If the facility manager determines that employee performance or safety hazards exist, the employee may be required to take a leave of absence or comply with other appropriate actions to minimize any potential impairment problems.

Community Resources

The employer is to provide a list of available community resources for seeking assistance when an employee has tested positive, or if the employee acknowledges the need for a substance abuse program.

If the employees need additional information; it will be supplied by City Construction Company's Human Resources Department.

Confidentiality

City Construction Company has appointed competent physicians to serve as Medical Review Officers. City Construction Company has designated its facility managers as the individuals responsible for liaison with the Medical Review Officers in the establishment and coordination of testing or screening programs, communication of testing or screening results, and for maintaining secured confidential files which are separate and distinct from any other employment records. These individuals are responsible for maintaining the confidentiality of any records and files generated under this Policy, and any information contained in these files may be shared only with the affected employee, with the Medical Review Officers, and with other persons on a strict 'need to know' basis. A facility manager may designate an alternate responsible individual who will serve in that capacity in the event of absence, travel, or incapacitation of the manager.

Re: Our Company History and Biography

City Construction Company, Inc. is a family owned and operated corporation. 2022 marks our 57th year of continued service. Four generations of the Henderson family are the vital life blood of our company. We have all grown up in the business. Learning from bottom to the top. This is not only a job; it is our life's work. And each and everyday we put our reputation on the line. Our success lies in the golden rule...Treat others as you would want to be treated.

We have been a staple in the community for 57 years. Constructing new buildings, renovating old ones and being of service to the population of the great State of West Virginia. Our red truck fleet is well known and respected. By keeping this a family business we insure that we will be in business for a long time to come in the future. As you can see by the listing of the projects below we do various projects attending to the needs of the owners and architects. We consistently bring the work in on time and budget. We are quick to respond to any challenges that may arise on the project. We bask in the praise of a job well done.

Currently, we are one of the two largest general contractors in North Central West Virginia. The Henderson family actually owns four (4) different construction firms with a combined annual gross sales of over \$60 million dollars.

41. PREFERENCE FOR USE OF DOMESTIC STEEL PRODUCTS: Except when authorized by the Director of the Purchasing Division pursuant to W. Va. Code § 5A-3-56, no contractor may use or supply steel products for a State Contract Project other than those steel products made in the United States. A contractor who uses steel products in violation of this section may be subject to civil penalties pursuant to W. Va. Code § 5A-3-56. As used in this section:

- a. “State Contract Project” means any erection or construction of, or any addition to, alteration of or other improvement to any building or structure, including, but not limited to, roads or highways, or the installation of any heating or cooling or ventilating plants or other equipment, or the supply of and materials for such projects, pursuant to a contract with the State of West Virginia for which bids were solicited on or after June 6, 2001.
- b. “Steel Products” means products rolled, formed, shaped, drawn, extruded, forged, cast, fabricated or otherwise similarly processed, or processed by a combination of two or more or such operations, from steel made by the open hearth, basic oxygen, electric furnace, Bessemer or other steel making process.
- c. The Purchasing Division Director may, in writing, authorize the use of foreign steel products if:
 1. The cost for each contract item used does not exceed one tenth of one percent (.1%) of the total contract cost or two thousand five hundred dollars (\$2,500.00), whichever is greater. For the purposes of this section, the cost is the value of the steel product as delivered to the project; or
 2. The Director of the Purchasing Division determines that specified steel materials are not produced in the United States in sufficient quantity or otherwise are not reasonably available to meet contract requirements.

42. PREFERENCE FOR USE OF DOMESTIC ALUMINUM, GLASS, AND STEEL: In Accordance with W. Va. Code § 5-19-1 et seq., and W. Va. CSR § 148-10-1 et seq., for every contract or subcontract, subject to the limitations contained herein, for the construction, reconstruction, alteration, repair, improvement or maintenance of public works or for the purchase of any item of machinery or equipment to be used at sites of public works, only domestic aluminum, glass or steel products shall be supplied unless the spending officer determines, in writing, after the receipt of offers or bids, (1) that the cost of domestic aluminum, glass or steel products is unreasonable or inconsistent with the public interest of the State of West Virginia, (2) that domestic aluminum, glass or steel products are not produced in sufficient quantities to meet the contract requirements, or (3) the available domestic aluminum, glass, or steel do not meet the contract specifications. This provision only applies to public works contracts awarded in an amount more than fifty thousand dollars (\$50,000) or public works contracts that require more than ten thousand pounds of steel products.

The cost of domestic aluminum, glass, or steel products may be unreasonable if the cost is more than twenty percent (20%) of the bid or offered price for foreign made aluminum, glass, or steel products. If the domestic aluminum, glass or steel products to be supplied or produced in a “substantial labor surplus area”, as defined by the United States Department of Labor, the cost of domestic aluminum, glass, or steel products may be unreasonable if the cost is more than thirty percent (30%) of the bid or offered price for foreign made aluminum, glass, or steel

This preference shall be applied to an item of machinery or equipment, as indicated above, when the item is a single unit of equipment or machinery manufactured primarily of aluminum, glass or steel, is part of a public works contract and has the sole purpose or of being a permanent part of a single public works project. This provision does not apply to equipment or machinery purchased by a spending unit for use by that spending unit and not as part of a single public works project.

All bids and offers including domestic aluminum, glass or steel products that exceed bid or offer prices including foreign aluminum, glass or steel products after application of the preferences provided in this provision may be reduced to a price equal to or lower than the lowest bid or offer price for foreign aluminum, glass or steel products plus the applicable preference. If the reduced bid or offer prices are made in writing and supersede the prior bid or offer prices, all bids or offers, including the reduced bid or offer prices, will be reevaluated in accordance with this rule.

43. INTERESTED PARTY SUPPLEMENTAL DISCLOSURE: W. Va. Additionally, the Vendor must submit a supplemental disclosure of interested parties reflecting any new or differing interested parties to the contract, which were not included in the original pre-work interested party disclosure, within 30 days following the completion or termination of the contract. References, documentation, or other information to confirm compliance with this experience requirement may be requested after bid opening and prior to contract award.
- 5. CONTRACT AWARD:** The Contract is intended to provide Agency with a purchase price for the Construction Services. An employee will be subject to the same consequences of a positive test if he/she refuses the screening of the test, adulterates, or dilutes the specimen, substitutes the specimen with that from another person or sends an imposter, will not sign the required forms or refuses to cooperate in the testing process in such a way that prevents completion of the test.

City Construction Company will require pre-employment substance screening of all applicants to whom City Construction Company will advise each applicant of the intent to test for substances and require the applicant to permit the results of the test be made available to management. If an applicant does not wish to have screening test performed, the pre-employment interview process or examination will be terminated. If the applicant refuses the screening test or if the test confirms the use of an unauthorized substance, the applicant will be disqualified from further employment consideration for a minimum of twelve months.

Employees who drive City Construction Company vehicles must notify City Construction Company of any alcohol related motor vehicle statute convictions within five (5) days after such conviction. This notification is separate from that which is required for Annual Certification by the Federal Motor Carrier Safety Regulations, and such notification of conviction is a condition of employment.

Notification of conviction shall be made in writing to the facility manager, and managers shall transmit such notification to the Human Resources Manager as soon as possible after receipt.

Testing

Reasonable Cause/Suspicion Testing: Reasonable suspicion testing will occur when management has reason to suspect that an employee may be in violation of this substance abuse program. The suspicion will be documented in writing and may occur based upon observed behavior, abnormal conduct, erratic behavior, arrest or conviction for drug related offenses. This includes employees who have undergone or are undergoing treatment for substance abuse or misuse. All City Construction Company managers/supervisors will be trained to recognize drug and alcohol related signs and symptoms.

Random Testing: Random substance testing will be instituted for all City Construction Company Employees (at least 10% yearly). You must report the same day as notified to a testing facility that has been approved by the company.

Post Accident/Incident Testing: After an employee has had an injury or near miss or is involved in an incident with property damage, City Construction Company reserves the right to request a drug test.

The supervisor shall explain to the employee that the employee is under no suspicion of taking drugs and that the employee's name was selected randomly.

Deferral of Testing

An employee selected for random drug testing may obtain a deferral of testing if the employee's first line and higher-level supervisors concur that a compelling need necessitates a deferral on the grounds that the employee is:

1. In a leave status (sick, annual, administrative, or leave without pay)
2. In official travel status away from the test site or is about to embark on official travel. scheduled prior to testing notification.

An employee whose random drug test is deferred will be subject to an unannounced test within the following 60 days.

Opportunity to Justify a Positive Test Result

When a confirmed positive result has been returned by the laboratory, the Medical Review Officer shall perform the duties set forth in the Mandatory Guidelines. For example, the Medical Review Officer may choose to conduct employee medical interviews, review employee medical history, or review any other, relevant biomedical factors. The Medical Review Officer must review all medical records made available by the tested employee when a confirmed positive test could have resulted from legally prescribed medication. Evidence to justify a positive result may include, but is not limited to:

1. A valid prescription
2. A verification from the individual's physician verifying a valid prescription.

Individuals are not entitled, however, to present evidence to the Medical Review Officer in a trial-type administrative proceeding, although the Medical Review Officer has the discretion to accept evidence in any manner the Medical Review Officer deems most efficient or necessary. If the Medical Review Officer determines there is no justification for the positive result, such result will then be considered a verified positive test result.

Disciplinary Action

Violation of the rules contained in this Policy can result in disciplinary action, up to and including dismissal or termination of employment. Violation of the rules contained in this Policy can also result in mandatory placement of offending employees in a substance abuse or rehabilitation program. Participation in, and the successful completion of, such a program are conditions of employment.

The finding of the presence of any illegal drug, controlled substance or alcohol above the cutoff levels established in the Appendices to the Federal Motor Carrier Safety Regulations following a test or screening will be considered prima facie evidence of a violation of the rules contained in this Policy, or if any employee is caught adulterating or tampering a drug or alcohol test, shall be subject to appropriate disciplinary measures up to and including terminating employment, in accordance with City Construction Company drug-free workplace policy

City Construction Company in its discretion may utilize a three-tier disciplinary approach depending upon the individual circumstances of each violation. City Construction Company reserves the right to render any disciplinary action appropriate to the specific circumstances up to and including termination for any violation of this policy. Nevertheless, City Construction Company will, when appropriate, utilize the three-tier disciplinary approach. When this approach is used, the first (1) positive test will result in a two (2) day suspension without pay and a mandatory meeting with Company owners before returning to work. A second (2) positive test will result in an indefinite suspension without pay and the employee will be required to undergo a mandatory 28-day rehabilitation program and meeting with Company owners before being considered to return to work. In the event of a third (3) positive test the employee will be automatically dismissed from employment. If the employee refuses to take the test it will be treated as the employee has tested positive and the same three tier disciplinary approach will go into effect. Before returning to work after any offense, the employee must sign a Return-to-Work Agreement and will be on probation for one year. During that one year the employee is subject to random drug or alcohol tests at any time. The repeat of offense in that one-year probationary period may result in termination.

Searches

Searches of employees, employee's lockers, and employee personal property may be conducted when there is a reasonable suspicion to believe that the employee or employees are in violation of the rules contained in this Policy. While City Construction Company has the right to conduct reasonable searches on its property, every effort must be made to preserve the rights and dignity of employees subject to such searches.

Reporting the Possession or Use of Prescription Drugs and Medicines

The use of legal drugs and/or medication by individual employees may affect the job performance of the using employees, the safety of other employees, the safe and efficient operations of City Construction Company, or the safety of the public at large.

Employees are urged to discuss the effects of any drugs or medication with their doctors when such drug or medications are prescribed, and to request a statement on possible impairments or effects. This statement will aid the facility manager in deciding of potential impairment.

Community Resources

The employer is to provide a list of available community resources for seeking assistance when an employee has tested positive, or if the employee acknowledges the need for a substance abuse program.

If the employees need additional information; it will be supplied by City Construction Company's Human Resources Department.

Confidentiality

City Construction Company has appointed competent physicians to serve as Medical Review Officers. City Construction Company has designated its facility managers as the individuals responsible for liaison with the Medical Review Officers in the establishment and coordination of testing or screening programs, communication of testing or screening results, and for maintaining secured confidential files which are separate and distinct from any other employment records. These individuals are responsible for maintaining the confidentiality of any records and files generated under this Policy, and any information contained in these files may be shared only with the affected employee, with the Medical Review Officers, and with other persons on a strict 'need to know' basis. A facility manager may designate an alternate responsible individual who will serve in that capacity in the event of absence, travel, or incapacitation of the manager.

Re: Our Company History and Biography

City Construction Company, Inc. is a family owned and operated corporation. 2022 marks our 57th year of continued service. Four generations of the Henderson family are the vital life blood of our company. We have all grown up in the business. Learning from bottom to the top. This is not only a job; it is our life's work. And each and everyday we put our reputation on the line. Our success lies in the golden rule...Treat others as you would want to be treated.

We have been a staple in the community for 57 years. Constructing new buildings, renovating old ones and being of service to the population of the great State of West Virginia. Our red truck fleet is well known and respected. By keeping this a family business we insure that we will be in business for a long time to come in the future. As you can see by the listing of the projects below we do various projects attending to the needs of the owners and architects. We consistently bring the work in on time and budget. We are quick to respond to any challenges that may arise on the project. We bask in the praise of a job well done.

Currently, we are one of the two largest general contractors in North Central West Virginia. The Henderson family actually owns four (4) different construction firms with a combined annual gross sales of over \$60 million dollars.
