**Comments:** While we will do our very best to install with in the specified time frame, we cannot guarantee this deadline. We have experienced delays up to 180 days.  
To help get through this delay we will offer to leave our current equipment in the print shop until our new equipment can be installed so that the shop won't be without copiers. Also, please note the specified power requirements for each copier on the configuration pages attached.

-All specifications refer to A4-size paper of 80 gsm quality.

-The support and availability of the listed specifications and functionalities varies depending on operating systems, applications and network protocols as well as network and system configurations.

-The stated life expectancy of each consumable is based on specific operating conditions such as page coverage for a particular page size (5% coverage of A4). The actual life of each consumable will vary depending on use and other printing variables including page coverage, page size, media type, continuous or intermittent printing, ambient temperature and humidity.

-Some of the product illustrations contain optional accessories.

-Specifications and accessories are based on the information available at the time of printing and are subject to change without notice.

-Konica Minolta does not warrant that any prices or specifications mentioned will be error-free.

-All brand and product names may be registered trademarks or trademarks of their respective holders and are hereby acknowledged.

## AccurioPress 6120

MONOCHROME DIGITAL PRODUCTION PRESS / COPIER / SCANNER

120 ppm output for high-volume monochrome print production  
 Inline, closed loop quality management system  
 High-speed dual color scanning at 240 ipm  
 Job ticket and page editing from 15" touch-screen display for easy on-board press control  
 Color Centro and Hot Folder capabilities for job management and workflow  
 True 1,200 x 1,200 dpi resolution with enhanced screening technologies for sharpness  
 Duty cycle 2,500,000 — accepts media up to 350 gsm  
 Reliable air-suction paper feed option for smooth paper feeding  
 Professional feeding of coated media and envelopes

18,000-sheet maximum paper capacity with options  
 Humidifier option removes static, reduces paper curl  
 Saddle-stitched booklets with three-side trim and square-fold  
 Produce 600-page perfect bound books and up to 100-sheet stapling  
 Envelope print support with optional fuser  
 Innovative GBC punch unit with interchangeable die sets  
 Built-in print controller with PCL, PostScript, TIFF and PDF  
 Simitri® HD toner with Biomass to protect the environment  
 EPEAT Gold-certified — U.S. Energy Star compliant

# AccurioPress 6120

## MONOCHROME DIGITAL PRODUCTION PRESS / COPIER / SCANNER

Built to perform in high-volume environments, the AccurioPress 6120 sets a new standard in monochrome printing. Print/copy speeds up to 120 ppm reach new levels in efficiency, with high-volume monthly duty cycle of 2.5 million impressions, real-time automated density and registration adjustments maintain image stability over long press runs.

## **Addendum Number: 1**

The purpose of this addendum is to modify the solicitation identified as CRFQ DOT22000000180 ("Solicitation") to reflect the change(s) identified and described below.

### **Applicable Addendum Category:**

- ☐ Modify bid opening date and time
- ☐ Modify specifications of product or service being sought
- ☒ Attachment of vendor questions and responses
- ☐ Attachment of pre-bid sign-in sheet
- ☐ Correction of error
- ☐ Other

### **Additional Documentation:**

Vendor Questions and Responses

Bid Opening remains 07/05/2022 at 1:30pm

### **Terms and Conditions:**

1. All provisions of the Solicitation and other addenda not modified herein shall remain in full force and effect.
2. Vendor should acknowledge receipt of all addenda issued for this Solicitation by completing an Addendum Acknowledgment, a copy of which is included herewith. Failure to acknowledge addenda may result in bid disqualification. The addendum acknowledgement should be submitted with the bid to expedite document processing.

# CRFQ-0803-DOT2200000180

## Print Shop RFQ - Technical Questions

### Question 1

There is no mention of a color controller, such as EFI, in the specifications for the color unit or B&W unit. Should vendors assume that no color controller is required for this unit?

### Response 1

CRFQ DOT22000000180 Specifications have been revised to add 3.1.1.13 Include an image controller, IC-609 Konica Minolta Controller or equal..

### Question 2

3.1.1.3 Auto document feeder with capacity at least 300 originals. Would a capacity of 220 be acceptable?

### Response 2

Specifications 3.1.1.3 and 3.1.2.3 have been revised: Auto Document feeder with capacity at least 220 originals. Vendors must submit a bid that meets or exceeds the Specifications outlined, refer to attachment CRFQ DOT22000000180 Specifications.pdf

### Question 3

3.1.2.10 Envelope Feeder — high capacity, What is considered high capacity? Approximately how many envelopes are expected to be printed per month.

### Response 3

Envelope Feeder must at a minimum accommodate 100 standard sized envelopes.

### Question 4

3.1.1.12 Manufacturer monthly volume 750,000. Per KM's C4070 specifications it states the following: <https://www.konicaminolta.com.au/products/production-print/mid-range-colour/accurio-press-c4070>

Monthly Print Volume 200K, Average Monthly Volume (A4 pages per month) 32,500, Average Monthly Print Volume 32,500 - 130,000 (Optimum volume), Duty Cycle 758K (Peak Volume Q Zone)

#### Response 4

Specification 3.1.1.12 refers to the Manufacturer monthly duty cycle.

#### Question 5

What is the maximum expected month print volume?

#### Response 5

Per CRFQ DOT22000000180 Specifications.pdf: 3.1.1.12 refers to the Manufacturer monthly duty cycle of 750,000 and 3.1.2.12 refers to the Manufacturer monthly duty cycle of 2,000,000.

#### Question 6

Since the unit is described as "Light Production" would a maximum duty cycle of 450,000 be acceptable?

#### Response 6

Vendors must submit bids with copiers that meet or exceed the Specifications outlined, refer to attachment CRFQ DOT22000000180 Specifications.pdf. Please also refer to Response 5.

#### Question 7

6.1 Shipment and Delivery: Vendor shall deliver the Contract Items within forty-five (45) working days after receiving a purchase order or notice to proceed. Contract Items must be delivered to the Agency at 1900 Kanawha Blvd E, Charleston Building 5, Basement Rm 011, WV 25305.

With current supply chain issues delivery may likely be extended beyond (45) days. Will the agency accept delivery should it go beyond (45) days?

#### Response 7

Vendors must submit bids with copiers that meet or exceed the Specifications outlined, refer to attachment CRFQ DOT22000000180 Specifications.pdf. Also, a longer delivery timing is known at time of bid submission, vendors must detail this information with their bid document.

#### Question 8

6.2 Late Delivery: The Agency placing the order under this Contract must be notified in writing if the shipment of the Contract Items will be delayed for any reason. Any delay in delivery that could cause harm to an Agency will be grounds for cancellation of the Contract, and/or obtaining the Contract Items from a third party.

What is the maximum amount of time the agency would accept for delivery?

**Response 8**

Late deliveries will be reviewed and considered upon receiving notification in writing. Vendors must submit bids with copiers that meet or exceed the Specifications outlined, refer to attachment CRFQ DOT22000000180 Specifications.pdf

**Question 9**

3.1.1.6 Vacuum Paper Feed Unit - Canon has a successful comparative feed system on their Digital Presses. We use Friction and Air Assist in our Multi Drawer Paper Deck. Can you change the specific feed requirement to Include an alternate as well? We can provide to you as reference another State Agency Print Shop.

**Response 9**

Vendors must submit bids with copiers that meet or exceed the Specifications outlined, refer to attachment CRFQ DOT22000000180 Specifications.pdf.

3.1.4 Alternate 'or Equal' Submission: Alternate bids that are equal to, meet, or exceed the specifications and requirements listed are invited. In order to receive full consideration, such alternate bids must be accompanied by sufficient descriptive literature and/or samples to clearly identify the offer and allow for a complete evaluation. The use of brand name or equal specifications is for describing the minimum standard of quality, technical performance and installation characteristics required and are not intended to limit or restrict competition.

**Question 10**

3.1.1.7 Ability to print on Media up to 360 gsm This spec is very specific and our versions is very close with 350 gsm papers. Can the minimum spec be changed to 350 GSM?

**Response 10**

Specification 3.1.1.7 has been revised: Ability to print on Media up to at least 350 GSM. Vendors must submit bids with copiers that meet or exceed the Specifications outlined, refer to attachment CRFQ DOT22000000180 Specifications.pdf

**Question 11**

3.1.1.12 Manufacturer monthly volume of 750,000 - Canon as a manufacture conservatively rate their monthly volumes – their competitive model has a rating of 400K a month. Please provide the models and the average volume of the current 3 units monthly Color and B&W copies being produced for the last year. In looking at the average volume being produced, a lower Manufacturer volume rating may if actual volume produced is considerably less or it may not if the actual volume is equal or exceeds manufacturer stated volume.

## Response 11

Specification 3.1.1.12 refers to the Manufacturer monthly duty cycle.

The volume of the current equipment is not an accurate indicator of future volume for the print shop. Vendors must submit bids with copiers that meet or exceed the Specifications outlined, refer to attachment CRFQ DOT22000000180 Specifications.pdf

## Question 12

3.1.2.6 Vacuum Paper Feed Unit - Canon has a successful comparative feed system on their Digital Presses. We use Friction and Air Assist in our Multi Drawer Paper Deck. Can you change the specific feed requirement to Include an alternate as well? We can provide to you as a feature reference to our feeding system another State Agency Print Shop for both the Color & B&W Presses.

## Response 12

Vendors must submit bids with copiers that meet or exceed the Specifications outlined, refer to attachment CRFQ DOT22000000180 Specifications.pdf.

3.1.4 Alternate 'or Equal' Submission: Alternate bids that are equal to, meet, or exceed the specifications and requirements listed are invited. In order to receive full consideration, such alternate bids must be accompanied by sufficient descriptive literature and/or samples to clearly identify the offer and allow for a complete evaluation. The use of brand name or equal specifications is for describing the minimum standard of quality, technical performance and installation characteristics required and are not intended to limit or restrict competition.

## Question 13

3.1.2.10 Envelope Feeder – Canon B&W Digital Press do not have a High Capacity Envelope Feeder for their B&W models (They do for Color Versions) With the other 2 Presses in the Bid capable of running envelopes, would you consider changing the spec to a desired feature vs a minimum spec? You may find that the cost comparison is or is not worth the difference. Changing the spec to a desired feature allows you to at least consider the costs more if a viable solution is presented.

## Response 13

Vendors must submit bids with copiers that meet or exceed the Specifications outlined, refer to attachment CRFQ DOT22000000180 Specifications.pdf.

#### Question 14

3.1.3.1.10 Recycled Media – You will want to use recommended media for best results. Recycled Media – Recycled paper pulp may originate from many uncontrolled sources and therefore contains low-melting glue particles. In paper making these particles are removed as much as possible as they can negatively influence both paper making and paper usage. Nevertheless recycled media will always contain more of these unwanted particles compared to virgin fiber made paper. These components may affect the print quality, leading to spots in prints.

#### Response 14

Noted the comments provided regarding recycled media. Vendors must submit bids with copiers that meet or exceed the Specifications outlined, refer to attachment CRFQ DOT22000000180 Specifications.pdf.

**ADDENDUM ACKNOWLEDGEMENT FORM**  
**SOLICITATION NO.: CRFQ DOT2200000180**

**Instructions:** Please acknowledge receipt of all addenda issued with this solicitation by completing this addendum acknowledgment form. Check the box next to each addendum received and sign below. Failure to acknowledge addenda may result in bid disqualification.

**Acknowledgment:** I hereby acknowledge receipt of the following addenda and have made the necessary revisions to my proposal, plans and/or specification, etc.

**Addendum Numbers Received:**

(Check the box next to each addendum received)

<input checked="" type="checkbox"/> Addendum No. 1	<input type="checkbox"/> Addendum No. 6
<input type="checkbox"/> Addendum No. 2	<input type="checkbox"/> Addendum No. 7
