Commodity Line Comments: Jefferson Wells is a professional services firm delivering solutions in finance and accounting, internal audit risk and compliance, business process, and tax. We are an alternative to the national public accounting and regional accounting firms, but do not attest - focusing on the everyday project work of our clients. We are an active vendor with the State of West Virginia. We deliver our services through experienced professionals with 10 or more years of experience. We have available staff for your service starting in early January, 2024. All our staff are W-2 employees of Jefferson Wells, so they are not temporary employees. The firm has significant government and public sector experience including serving numerous state governments and departments. We look forward to your consideration of our pricing bid and would love to extend the conversation to scoping support.

Extended Description:
Accounting Technician IV
