Attn: Dept of Administration, Purchasing Division

BayInfotech LLC (BayInfotech), is pleased to formally submit this proposal in response to the **Solicitation # CFRQ 0802 DMV240000003 Mainframe Application Programmer Technical Staffing Services**. We have prepared our proposal in accordance with the instructions set forth in this RFQ.

We are interested to present our Quote for the category mentioned in the RFQ:

- Mainframe Application Programmer

History and Qualifications: Since 2011, BayInfotech has supported clients with IT Staff Augmentation Services and mission critical Information Technology (IT) Business Solutions. Our track record of delivering technology-driven performance-focused staffing services, combined with our dedication and commitment to our clients, is illustrated by strong client relationships and consistent business growth. We design, develop, and deliver intelligent high-tech bespoke software solutions for several commercial clients.

BayInfotech is an IT Professional Services company that augments customers in emerging technology domain such as **Application Development, Application Programming, IT infrastructure, Cybersecurity, Project Manager, Business Analyst, Software Programmer, Network Engineer, Systems Engineer, Service Desk staff, Desktop Support, Technical Implementor, Program Integration, Enterprise Reporting, Database Administrator, Geographic Information Systems Analyst, and Quality Assurance/Testing. Business Analysis, GIS, Helpdesk, Telecommunication support, Server Management, SharePoint administrator, Software Defined Networking/Data Center, Website development, etc.**

BayInfotech is an IT outsourcing company with rich expertise in providing high-end staffing solutions for various IT projects. We have a **pre-vetted pool of more than 400 candidates** and in-depth applicant tracking and management software to rapidly form the required teams for all kinds of projects, from software development, application programming and system implementation to cloud migration, DevOps services, Desktop management, CyberSecurity and network support.

Our Understanding of the Project:

The West Virginia Purchasing Division, acting on behalf of the WV Division of Motor Vehicles (DMV), intends to establish a contract for technical mainframe application programmer staffing services. The aim is to procure skilled Mainframe Application Programmer Analysts to fulfill the technical requirements of DMV projects on an as-needed basis. The contract will be structured as an Open-End services agreement, allowing for flexibility in resource allocation and duration.

Objectives:

- Procure qualified Mainframe Application Programmer Analysts

- Provide technical staffing support to the WV DMV
- Enhance the capacity of the DMV to execute mainframe application development projects.
- Ensure timely and efficient delivery of technical solutions.

Scope of Work:

- Providing Mainframe Application Programmer Analysts proficient in mainframe technologies.
- Analyzing, designing, coding, testing, and implementing mainframe applications as per DMV requirements.
- Participating in system maintenance, troubleshooting, and performance tuning activities.
- Collaborating with DMV stakeholders to understand project objectives and deliver tailored solutions.
- Documenting technical specifications, processes, and procedures as per industry standards.
- Adhering to project timelines, quality standards, and security protocols.

Deliverables:

- Skilled Mainframe Application Programmer Analysts available for assignment.
- Completed mainframe application development projects.
- Technical documentation including specifications, manuals, and user guides.
- Periodic progress reports and status updates.

Technical Requirements:

- Proficiency in mainframe programming languages such as COBOL, PL/I, Assembler.
- Experience with mainframe development tools and utilities.
- Knowledge of mainframe operating systems (e.g., z/OS) and databases (e.g., DB2).
- Familiarity with relevant frameworks, libraries, and middleware.
- Understanding of software development lifecycle methodologies.
- Strong problem-solving and analytical skills.

The procurement of technical mainframe application programmer staffing services aims to bolster the capabilities of the WV DMV in executing mainframe application development projects efficiently. By engaging qualified resources through an open-end contract, the DMV can ensure flexibility, scalability, and timely delivery of technical solutions aligned with organizational objectives.

Our Achievement and Differentiators: -

- ▶ Consistently recognized as a Best Place to Work by Inc. Magazine for the years 2023, 2022, 2021, and 2020, reflecting our commitment to creating a positive and engaging work environment for our employees.
- ▶ Ranked #98 in the Inc.5000 Series: California List 2019, which recognizes the fastest-growing private companies in the state. Our high ranking reflects our impressive growth and ability to drive value for our clients.
- ▶ Ranked #552 in the Inc.5000 List of fastest-growing companies in America 2019, a testament to our exceptional performance and commitment to delivering outstanding results for our clients.
- ▶ Ranked #9 in the SF Business Times fastest-growing privately owned company in the East Bay 2018

Highly skilled top talents.

- ▶ Professionals with the knowledge, technical skills, and experience required for your project.
- ▶ Scale NHH team quickly and on-demand.
- ▶ Seamless integration of the new specialists into the existing development process
- ▶ Flexible hiring
- ▶ Add talent resources only for as long as needed.
- ▶ Close a skills gap with an experienced professional.
- ▶ Use resources more efficiently for enhanced value.
- ▶ Resources availability to work on their time zone.
- ▶ Maximize return on investment (ROI) with substantial cost savings.

BayInfotech represents and warrants that it has read the RFQ and agrees to abide by the Contract Terms and Conditions.

If you have any questions or concerns, please do not hesitate to contact us. We don't have any civil litigation, settlement, arbitration, or proceeding against us in present or in past.

Please contact me at **408.480.8501** or maulik@bay-infotech.com if you have any questions regarding our submission. We acknowledge and accept all the terms and conditions herein outlined in this RFQ.

Sincerely,

Maulik Shyani CEO
