Vendor Questions

Q.1 4.1.9 In this paragraph, it can be construed that any service call cannot have labor charges associated with it, only parts and materials for repairs. Yet, there is a labor rate allocation on the bidding document for corrective maintenance.

See Response 2

Q. 2 Can you confirm that the intent of this paragraph is to encourage bidding vendors to estimate an all-inclusive Labor maintenance agreement?

The hourly rate is for corrective maintenance. 4.1.9 relates to equipment malfunction, which the State does not consider corrective maintenance.

Q. 3 If that is not the intent, can you please clarify 4.1.9?

See Response 2

Q. 4 If the intent is to have an all-inclusive labor contract, can the agency advise of number of service calls performed in the year prior?

The current HVAC vendor has performed approximately 50 service calls from July 2023 to July 2024.

CRFQ OOT2500000004

Vendor Questions

Q.5 4.3 Trane Controls:

Including this spec, in this scope of work drastically limits the available number of qualified bidders that can bid this and perform the preventative maintenance on all the non-Trane equipment as indicated in Exhibit A – HVAC Equipment list. Us and other contractors in the State have requested multiple times to buy the Trane Proprietary software from Trane, they refuse to sell it and thus create a monopoly of who can service Trane Controls. By installing this language in the scope, the agency is limiting a fair and open bid process. If the Agency insists on Trane taking care of the Trane controls, then it should be separated from the non – Trane equipment that is being put out to bid, as Trane is a Sole Source Vendor for Trane Controls to the State of WV.

See Response 6.

Q. 6 Does the agency plan to keep section 4.3 in the scope of work?

Yes - Vendors authorized to perform work on Trane equipment are controlled by Trane, not the State.

- If the agency chooses to keep section 4.3 in the scope of work, then section 4.3.4 limits the ability of out of State vendors to bid on this contract, since they will not be able to purchase software from one of the three “Factory-Authorized Trane Agents” covering the state of WV.

See Response 6.

CRFQ OOT2500000004

Vendor Questions

Q. 7 Will the State of WV be enforcing 4.3.4 requiring vendors to purchase the software from one of the three "Factory-Authorized Trane Agents" covering the state of WV?

Vendors who are authorized by Trane to work on their equipment will have the proper software. The State of WV will ensure the vendor is authorized to work on Trane Equipment.
