Executive Summary

AlxTel Inc. is a Technology Service Provider. Incorporated in 2008, ALXTEL has been providing digital transformation and robotics solutions for consumers, businesses, and state and federal government agencies, and it has cultivated a track record of success. Headquartered in Silver Spring, Maryland, with two other offices in Lanham, MD, and Chevy Chase, MD, we can leverage our company's best assets to support our customers in ways others cannot.

We have no exceptions to the requirements of this RFP, the Contract, addendums, or any other attachments.

Challenges faced - Department of Administration and Purchasing Division, like many states, needs to modernize IT, with limited resources and funds to do so. Department of Administration and Purchasing Division must rely on experts to understand the unique challenges of delivering Department of Administration and Purchasing Division agencies to the residents of Maryland. The involvement of experts enables Department of Administration and Purchasing Division to focus on the critical functions of meeting its constituency's new and evolving demands and basic operational functions, instead of IT development. These IT tasks include - empowering implementation, delivering secure agility and open standards for DevSecOps, and seamless integration.

Empower - AlxTel Professional Services helps teams to quickly apply and mature the skills needed to adopt modern cloud-native technologies, along with adopting best practices of modern application development processes and techniques such as agile, DevSecOps, etc. AlxTel's Cloud Services for Application Under All public and private clouds, AlxTel's site reliability engineers (SREs) deliver expertise in hybrid cloud implementation, application modernization, data transformation, and enterprise automation. This enables Department of Administration and Purchasing Division to gain development agility, reduce operational complexity, and deliver business value faster. AlxTel Solutions and Professional Services provides systems management and maintenance services. Department of Administration and Purchasing Division gains the ability to scale confidently and with stability while keeping costs down.

AlxTel is interconnected with almost every major global infrastructure provider, application services, cloud-native application development, and automation solutions. Our enterprise-grade open-source commercial off-the-shelf (COTS) platforms maintain infrastructural interoperability. For 17 years, AlxTel has been one of the world's leading providers of modern, innovative enterprise software, built through an open-source development model, whereby COTS software is developed within an open-source community, and provides commercial quality and security assurance with subscription-based customer support. AlxTel solutions are designed to capitalize on agency architectures and State IT standards. This provides Department of Administration and Purchasing Division interoperability with other systems and networks, reliability, and maintainability while making the most cost-effective use of COTS products, Information Technology, and agency-wide resources.

Secure - Our experts assist you in building a secure, reliable, flexible foundation for hybrid cloud workloads to lower operational costs, reduce downtime, and increase productivity. Our team works to ensure that information and computing resources at all organizational levels meet security compliance requirements; including software/application and data security support, as well as disaster recovery planning and risk assessment.

In partnering with Department of Administration and Purchasing Division, AlxTel subject-matter experts (SMEs) and consultants adopt a mentor-based approach to provide technical expertise by educating, enabling, and empowering them to be able to adopt, operate, and maintain Red Hat technologies on their own, helping to provide security both inside and out.

Modernize - AlxTel Professional Services focuses on accelerating cloud adoption and acting as an enabling force for container platforms, DevOps, and other modernization initiatives. Our public sector team of experts has demonstrated the ability to break down the siloed nature of State government agencies and drive collaboration using a proven successful methodology for transformation that takes a holistic approach encompassing people, process, and technology.

AlxTel's approach to modernization empowers Department of Administration and Purchasing Division to extend the value of legacy systems, while incrementally transforming useful components. We accomplish this via agile development sprints and integration of modern open, API-enabled, interfaces. Our proposed solution enables new and existing systems to share data in real time and helps to drive automated and seamless business process flows. AlxTel solutions are all architected and built as loosely coupled technologies that compose an overall highly optimized architecture, enabling the many benefits of cloud environments and cloud provider services. At the same time, our platforms provide the same characteristics as on-premises data centers. Together, AlxTel provides a common, consistent foundation, which is highly portable among hybrid infrastructures. They enable both legacy and new applications to be more adaptable across Department of Administration and Purchasing Division Agencies environments.

ALXTEL differentiates itself well from similar companies by our tailoring services. We recognize that one size does not fit all. Rather than making you fit our solutions, we tailor the solutions to fit your unique requirements. We provide a variety of Professional Services that tailor our solutions to meet your specific industry and business needs. Whether you wish to implement a stand-alone application, or simply need some custom programming, our professional services are key to your success. Our professionals have the product knowledge, experience, and skills to assist you through any phase of your voice or speech project, ranging from requirements analysis to solution development/ customization, installation, rollout, and training. We specialize in deployments accomplished cost-effectively at the speed of need. On the other hand, we can be a one-stop shop for all technology needs through 100+ Technology partnerships and reseller agreements with almost every single major technology in the world.

AlxTel has an excellent performance record dealing with most of State of Maryland Departments such as the Maryland Department of Transportation (MDOT), Maryland Health Benefit Exchange (MHBE), Maryland Department of Information Technology (MDoIT), Maryland State Department of Education (MSDE), Maryland Department of Commerce(MDOC), Maryland Department of Labor (MDOL) Maryland State Board of Elections (SBE), Montgomery Collage and Baltimore Washington International Airport (BWI), Maryland Department of Public Safety & Correctional Services (DPSCS). In addition to different state governments such as North Carolina and the State of Hawaii plus many Federal agencies such as the Social Security Administration (SSA), Human and Health Services (HHS), Department of Homeland Security (DHS), US Coast Guard (USCG), Administration for Children Families (ACF).

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN*, later.

Note: If the account is in more than one name, see the instructions for line 1. See also *What Name and Number To Give the Requester* for guidelines on whose number to enter.

Part II Certification

Under penalties of perjury, I certify that:

- The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
- I am not subject to backup withholding because (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
- I am a U.S. citizen or other U.S. person (defined below); and
- The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and, generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to www.irs.gov/FormW9.

What's New

Line 3a has been modified to clarify how a disregarded entity completes this line. An LLC that is a disregarded entity should check the appropriate box for the tax classification of its owner. Otherwise, it should check the "LLC" box and enter its appropriate tax classification.

New line 3b has been added to this form. A flow-through entity is required to complete this line to indicate that it has direct or indirect foreign partners, owners, or beneficiaries when it provides the Form W-9 to another flow-through entity in which it has an ownership interest. This change is intended to provide a flow-through entity with information regarding the status of its indirect foreign partners, owners, or beneficiaries, so that it can satisfy any applicable reporting requirements. For example, a partnership that has any indirect foreign partners may be required to complete Schedules K-2 and K-3. See the Partnership Instructions for Schedules K-2 and K-3 (Form 1065).

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS is giving you this form because they

3.2.4 Contract Item #5: Extreme Networks 10302 Compatible 10GBASE-LR SFP+ Transceiver Module, Part Number 10302 or equal. Quantity: (30) Thirty.

3.3 Alternate Bids

3.3.1 Alternate bids that are equal to, meet, or exceed the specifications and requirements listed are invited. To receive full consideration, such alternate bids must be accompanied by sufficient descriptive literature and/or samples to clearly identify the offer and allow for a complete evaluation.

The use of brand name or equal specifications is for describing the minimum standard of quality, technical performance and installation characteristics required and are not intended to limit or restrict competition.

The vendor shall provide technical specifications with bid documentation.

4. CONTRACT AWARD:

4.1 Contract Award: The Contract is intended to provide Agencies with a purchase price for the Contract Items. The Contract shall be awarded to the Vendor that provides the Contract Items meeting the required specifications for the lowest overall total cost as shown on the Pricing Pages.

4.2 Pricing Page: Vendor should complete the Pricing Page by providing a total cost for the Contract Items being requested. Vendor should complete the Pricing Page in full as failure to complete the Pricing Page in its entirety may result in Vendor's bid being disqualified.

Vendors should type or electronically enter the information into the Pricing Page to prevent errors in the evaluation.

5. PAYMENT:

REQUEST FOR QUOTATION
CRQS DOT25*0039
[WVDOT Networking Equipment]

5.1 Payment: Vendor shall accept payment in accordance with the payment procedures of the State of West Virginia.

6. DELIVERY AND RETURN:

6.1 Shipment and Delivery: Vendor shall ship the Contract Items immediately after being awarded this Contract and receiving a purchase order or notice to proceed. Vendor shall deliver the Contract Items within (60) sixty working days after receiving a purchase order or notice to proceed. Contract Items must be delivered to the Agency at 1900 Kanawha Blvd, Building 5, Room A-720, Charleston WV 25305.

6.2 Partial Shipment: Partial Shipments are accepted but payment will not be made until all goods have been received.

6.3 Late Delivery: The Agency placing the order under this Contract must be notified in writing if the shipment of the Contract Items will be delayed for any reason. Any delay in delivery that could cause harm to an Agency will be ground for cancellation of the Contract, and/or obtaining the Contract Items from a third party.

Any Agency seeking to obtain the Contract Items from a third party under this provision must first obtain the approval of the Purchasing Division.

6.4 Delivery Payment/Risk of Loss: Vendor shall deliver the Contract Items F.O.B. destination to the Agency's location.

6.5 Return of Unacceptable Items: If the Agency deems the Contract Items to be unacceptable, the Contract Items shall be returned to Vendor at Vendor's expense and with no restocking charge. The vendor shall either plan for the return within five (5) days of being notified that items are unacceptable or permit the Agency to arrange for the return and reimburse Agency for delivery expenses. If the original packaging cannot be utilized for the return, Vendor will supply the Agency with appropriate return packaging upon request. All returns of unacceptable items shall be F.O.B. the Agency's location. The returned product shall either be replaced, or the Agency shall receive full credit or a refund for the purchase price, at the Agency's discretion.

6.6 Return Due to Agency Error: Items ordered in error by the Agency will be returned for credit within 40 days of receipt, F.O.B. Vendor's location. Vendor shall not charge a restocking fee if returned products are in a resalable condition. Items shall be deemed to be in a resalable condition if they are unused and in the original packaging. Any restocking fee for items not in a resalable condition shall be the

lower of the Vendor's customary restocking fee or 5% of the total invoiced value of the returned items.

7. VENDOR DEFAULT:

7.1 The following shall be considered a **vendor default** under this Contract.

- 7.1.1 Failure to provide Contract Items in accordance with the requirements contained herein.
- 7.1.2 Failure to comply with other specifications and requirements contained herein.
- 7.1.3 Failure to comply with any laws, rules, and ordinances applicable to the Contract Services provided under this Contract.
- 7.1.4 Failure to remedy deficient performance upon request.

7.2 The following remedies shall be available to the Agency upon default.

- 7.2.1 Immediate cancellation of the Contract.
- 7.2.2 Immediate cancellation of one or more release orders issued under this Contract.
- 7.2.3 Any other remedies available in law or equity.

8. MISCELLANEOUS:

8.1 No substitutions: Vendor shall apply only Contract Items submitted in response to the Solicitation unless a contract modification is approved in accordance with the provisions contained in this Contract.

8.2 Vendor Supply: Vendor must carry sufficient inventory of the Contract Items being ordered to fulfill its obligations under this Contract. By signing its bid, Vendor certifies that it can supply the Contract Items contained in its bid.
