41. PREFERENCE FOR USE OF DOMESTIC STEEL PRODUCTS: Except when authorized by the Director of the Purchasing Division pursuant to W. Va. Code § 5A-3-56, no contractor may use or supply steel products for a State Contract Project other than those steel products made in the United States. A contractor who uses steel products in violation of this section may be subject to civil penalties pursuant to W. Va. Code § 5A-3-56. As used in this section:

- a. "State Contract Project" means any erection or construction of, or any addition to, alteration of or other improvement to any building or structure, including, but not limited to, roads or highways, or the installation of any heating or cooling or ventilating plants or other equipment, or the supply of and materials for such projects, pursuant to a contract with the State of West Virginia for which bids were solicited on or after June 6, 2001.
- b. "Steel Products" means products rolled, formed, shaped, drawn, extruded, forged, cast, fabricated or otherwise similarly processed, or processed by a combination of two or more or such operations, from steel made by the open hearth, basic oxygen, electric furnace, Bessemer or other steel making process.
- c. The Purchasing Division Director may, in writing, authorize the use of foreign steel products if:
 1. The cost for each contract item used does not exceed one tenth of one percent (.1%) of the total contract cost or two thousand five hundred dollars (\$2,500.00), whichever is greater. For the purposes of this section, the cost is the value of the steel product as delivered to the project; or
 2. The Director of the Purchasing Division determines that specified steel materials are not produced in the United States in sufficient quantity or otherwise are not reasonably available to meet contract requirements.

42. PREFERENCE FOR USE OF DOMESTIC ALUMINUM, GLASS, AND STEEL: In Accordance with W. Va. Code § 5-19-1 et seq., and W. Va. This provision only applies to public works contracts awarded in an amount more than fifty thousand dollars (\$50,000) or public works contracts that require more than ten thousand pounds of steel products.

The cost of domestic aluminum, glass, or steel products may be unreasonable if the cost is more than twenty percent (20%) of the bid or offered price for foreign made aluminum, glass, or steel products. If the domestic aluminum, glass or steel products to be supplied or produced in a “substantial labor surplus area”, as defined by the United States Department of Labor, the cost of domestic aluminum, glass, or steel products may be unreasonable if the cost is more than thirty percent (30%) of the bid or offered price for foreign made aluminum, glass, or steel products. This preference shall be applied to an item of machinery or equipment, as indicated above, when the item is a single unit of equipment or machinery manufactured primarily of aluminum, glass or steel, is part of a public works contract and has the sole purpose or of being a permanent part of a single public works project. This provision does not apply to equipment or machinery purchased by a spending unit for use by that spending unit and not as part of a single public works project.

All bids and offers including domestic aluminum, glass or steel products that exceed bid or offer prices including foreign aluminum, glass or steel products after application of the preferences provided in this provision may be reduced to a price equal to or lower than the lowest bid or offer price for foreign aluminum, glass or steel products plus the applicable preference. If the reduced bid or offer prices are made in writing and supersede the prior bid or offer prices, all bids or offers, including the reduced bid or offer prices, will be reevaluated in accordance with this rule.

ATTACHMENT A

CRFQ OOT2500000031

Capitol Complex Data Center (OT25225)

Q.1 Regarding the OT Core switch RFQ- Lines 5,6, and 7 are maintenance subscriptions with a variable length term. What is the maintenance term that is required?

A.1 All maintenance terms must be five years.

Q.2 For the Nexus 93108 switches, do you want port side intake or port side exhaust?

A.2 side intake

Q. 3 n regards to: Contract Item #6 Vendor must provide quantity (1) **SWSS UPGRADES NX-OS Advantage License (or equal)**

This item is not available to order unless the SKU: **NXOS-AD-XF** Description: **"NX-OS Advantage License for Nexus 9300 (10G+) Platforms"** is included with the switch.

Therefore, Contract Item #1 would need to include this SKU in its configuration, in order for Contract Line Item #6 to apply.

A.3 Contract Item#6 is no longer required and can be removed

Q.4 Core Switch for Capitol Complex Data Center (OT25225), which was released on June 12, 2025, and currently due on June 25, 2025, we have found a discrepancy between the CRFQ Form and CRFQ Bid Document. Under section 3.1.7, the document calls for contract Item #7 Vendor must provide (2) SNTC-8X5XNBD Nexus 9300 with 48p 100M/1/10GT 6p 40 (or equal). However, line 7 on the Final CRFQ Form lists Item 7 as a duplicate of line 5. Will an amendment be forthcoming to all bidders with a corrected final CRFQ form?

A.4 Item 7 is duplicate and can be removed from the requirements.
