Subject: AMER Technology, Inc. Response for Solicitation No. CRFQ-0231-OOT2700000006-3

Dear Toby,

AMER Technology, Inc. (“AMER”) is pleased to submit this response to Solicitation No. CRFQ-0231-OOT2700000006-3 for Temporary Technical Staffing Services. As a public-sector focused staffing firm with decades of experience supporting federal and state agencies, AMER brings structured recruitment operations, disciplined contract management, and scalable workforce delivery aligned to government procurement standards.

Founded more than **30 years** ago and headquartered in San Antonio, Texas, AMER is a C-Corporation specializing in public-sector staff augmentation and IT workforce solutions. We deliver scalable staffing services to federal and state agencies through statewide master contracts and interagency contract vehicles. AMER has supported agencies such as the U.S. Department of Health and Human Services, the U.S. Department of Treasury, and serves as a prime vendor under statewide programs including the Texas Department of Information Resources (DIR) ITSAC contract, State of Louisiana, State of Oklahoma and State of Florida.

AMER company and contact person details as below:

Amer Technology, Inc. response to State Of West Virginia

Solicitation No: CRFQ-0231-OOT2700000006-3

Vendors shall be in business a minimum of five (5) years, providing similar information technology services. Vendors must provide documentation to indicate that their company meets this requirement prior to award; however, bidders may include this documentation with their bid.

Amer Technology, Inc. (AMER) is pleased to submit this proposal to the State of West Virginia in response to **Solicitation No. CRFQ-0231-OOT2700000006-3** to provide **Temporary Technical Staffing Services**.

Founded in 1995 and headquartered in San Antonio, Texas, AMER is a well-established consulting and staffing firm with more than **30 years of proven experience** supporting government and commercial organizations. As a certified minority-owned small business enterprise, AMER delivers comprehensive staffing solutions across Information Technology, Engineering, and other professional and operational disciplines. Our extensive cross-sector experience enables us to apply best practices that align with the unique performance, compliance, and operational requirements of public-sector clients.

AMER is distinguished by its commitment to delivering **high-quality personnel and responsive, client-focused service**. Our proven staffing methodology and structured project management approach ensure that staffing requirements are fulfilled efficiently, accurately, and in full alignment with client expectations. Over the past three decades, AMER has successfully executed numerous **multi-million-dollar contracts**, demonstrating consistent performance in environments requiring regulatory compliance, workforce scalability, and operational continuity.

Our Areas of Expertise

- **Software Development**
 - Mobile Applications
 - Custom Applications
 - ERP Implementation
 - E-Business Solutions
- **E-Learning**
 - Courseware Design
 - On-Line Training
- **Staff Augmentation**
 - Information Technology

AMER has performed under some of the most demanding public-sector contract vehicles. One of our ID/IQ largest engagements was a **\$600 million** contract supporting the **U.S. Department of Treasury / FedSource**. This required multi-state workforce management, payroll processing at scale, structured task order management, and strict adherence to federal contracting standards.

Scope and Services:

- Deployment of more than **300 professionals nationwide**
- Multi-state workforce management and coordination
- Large-scale payroll processing and compliance management
- Task order execution under strict federal contracting requirements

Results and Impact:

- Successful completion of multiple task orders across diverse agencies
- Consistent compliance with federal procurement and reporting standards
- Demonstrated ability to manage high-volume, geographically dispersed staffing programs

At the state level, AMER serves as a prime vendor under the **Texas Department of Information Resources (DIR) ITSAC contract (Contract No. DIR-CPO-5448)**. Through this vehicle, AMER provides staffing services to multiple Texas agencies, including:

- Texas Comptroller of Public Accounts
- Texas Health and Human Services Commission
- Employees Retirement System of Texas
- Texas Department of Transportation
- Texas Veterans Commission
- Texas Education Agency
- Texas Department of Insurance
- Railroad Commission of Texas
- Austin Energy
- City of San Antonio

Scope and Services:

- IT and professional staffing services across multiple agencies
- Centralized reporting, workforce tracking, and compliance management
- Background screening, onboarding, and payroll administration

Results and Impact:

- **Fill rates exceeding 95%** across contract assignments
- Strong candidate retention and performance outcomes
- Consistent compliance with audit and documentation standards
- Successful delivery of multi-year staffing engagements

State of Louisiana – IT Staffing Services (Prime Vendor, Ongoing Since 2024)

AMER is currently serving as a **prime vendor for IT staffing services for the State of Louisiana**, providing skilled professionals in support of state-level initiatives.

Scope and Services:

- Delivery of IT professionals across multiple disciplines
- Recruitment, onboarding, and workforce management support

Results and Impact:

- Ongoing successful contract performance
- Consistent delivery of qualified personnel within required timelines

Commercial Experience

In addition to public-sector work, AMER supports commercial clients such as **4 Pillars Infosys Inc, Schneider Electric, Schlumberger (SLB), and Newpark**, providing staffing for roles including:

- Warehouse personnel, maintenance staff, and equipment operators
- Administrative, billing, and production technicians

Results and Impact:

- Placement of **500+ temporary workers** in many different roles nationwide
- High assignment completion rates and strong performance outcomes

AMER maintains a strong operational infrastructure and workforce network designed to support large-scale public-sector staffing requirements. The following information outlines AMER's organizational overview

Organizational Overview

Company Size	Approximately 150 active contractors and 10 corporate full-time employees
Years	30+ years providing staffing and workforce solutions
Core Competencies	IT Staffing Services
Number of Clients	Approximately 25 public and commercial clients
Geographic Reach	All over United States
Office Location	Corporate headquarters in San Antonio, Texas

AMER utilizes a structured, scalable, and responsive service delivery model to provide IT Staffing services. Our approach encompasses rapid staffing, rigorous screening, compliance assurance, and ongoing workforce management to ensure consistent service quality across all job categories.

Service Delivery Approach

AMER's staffing process begins upon receipt of a staffing request from the Client and includes the following key steps:

Requirement Analysis:

- Review job description, required qualifications, and work environment
- Confirm position classification, schedule, and reporting requirements

Candidate Sourcing

- Utilize our database of 100,000+ candidates and active recruiting channels
- Identify candidates within the job location

Screening & Evaluation

- Resume review and structured interviews
- Skills validation based on role requirements
- Assessment of communication, professionalism, and reliability

Verification & Compliance

- Reference checks, credential validation, and background screening
- Ensure compliance with client policies and regulatory requirements

Submission & Selection

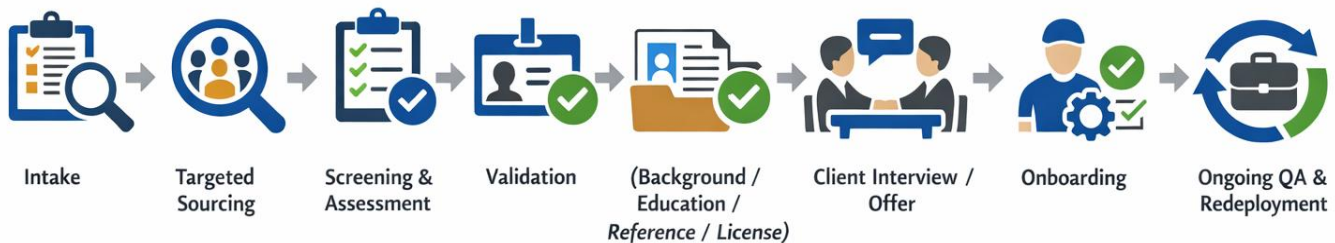

- Provide 2–3 qualified candidates for review
- Coordinate interviews and selection with client representatives

Onboarding & Deployment

- Complete all onboarding requirements
- Deploy personnel within 24–48 hours, or sooner when required

Performance Monitoring

- Ongoing communication with Client supervisors
- Timely resolution of issues and replacement if required

End to End Staffing lifecycle

Clients consistently select AMER for the **quality, flexibility, and reliability of our workforce solutions**. We provide scalable staffing models that range from individual specialists to fully integrated project teams, as well as flexible augmentation strategies designed to complement and strengthen existing staff. Our professionals are cross-functional and capable of supporting multiple disciplines, enabling efficient resource utilization across departments.

AMER has built a strong reputation for its ability to respond to urgent staffing demands with **speed, precision, and consistency**. Supported by a robust candidate database and an extensive recruiting network, we are able to identify, screen, and deploy qualified personnel with a turnaround time of **48 hours or less**, ensuring uninterrupted operations and immediate support for client needs.

AMER's extensive experience across federal, state, and commercial contracts demonstrates our ability to deliver **reliable, compliant, and scalable staffing solutions** aligned with the Scope of Services. Our proven track record of performance, combined with disciplined operational controls and workforce management expertise, positions AMER as a strong and capable partner for the State of West Virginia.

Amer Technology, Inc. response to State Of West Virginia

Solicitation No: CRFQ-0231-OOT2700000006-3

Vendors shall be able to demonstrate their potential to provide these services by providing documentation to indicate they have provided staffing of at least six (6) individuals within the listed classifications within the past five (5) years: documentation should include enough information to indicate that the Vendor provided an employee meeting the requirements of a specifically named classification from Section I, above: the documentation should name the entity to whom the individual was supplied and provide contact information for that entity. Vendors must provide documentation to indicate that their company meets this requirement prior to award: however, bidder may include this documentation with their bid.

In accordance with the requirements of solicitation, AMER has included references from customers for whom similar staffing services have been successfully delivered within the past five years. These references represent organizations that can attest to AMER's service quality, responsiveness, workforce reliability, and overall client satisfaction.

AMER has included the following customer references for evaluation. Each reference includes the organization name, contact person, phone number, and email address. These organizations may be contacted by State of West Virginia to verify AMER's performance and service delivery.

Amer Technology, Inc. response to State Of West Virginia

Solicitation No: CRFQ-0231-OOT2700000006-3

Amer Technology, Inc. provides a variety of technology services to HHSC, CPA, Austin Energy, ERS, TxDOT, TVC and other government agencies similar to the State of West Virginia solicitation requirements

AMER team is providing **senior-level business/systems analysis** work to **The Employees Retirement System of Texas (ERS)** from September 2021 to till date. Our contractor coordinates, gathering, development, and documentation of user requirements; and the review, assessment, and improvement of business processes. Our contractor uses best practices in business analysis and process modeling. Identifies opportunities for improving business processes with and without systems and assists in the preparation of proposals to procure or develop new systems. Our contractor identifies potential project risks and options for mitigation. Our contractor Troubleshoots and solves problems relating to production systems, programs and business processes.

AMER provided **Data Architect** work to **The Employees Retirement System of Texas (ERS)** from September 2022 to November 2022. Our contractor reviewed business architecture and existing source metadata, the current and new data warehouse models and analytic data sources. Facilitated the creation of conceptual, logical and physical data models for a more modernized enterprise data warehouse (EDW) assisted by the Data Management Services team.

AMER's team is providing **QA Automation Engineer** work to **The Employees Retirement System of Texas (ERS)** from March 2025 to till date. Our contractor performs highly advanced testing and analysis of production systems and applications. Responsible for the development, validation, execution and documentation of test plans and test scripts, including unit testing, comparison testing, regression testing, integration testing, and performance testing.

AMER team is providing **Data Scientist** work to **Austin Energy** from May 2023 to till date. Our contractor performs analysis, reporting, and strategy building utilizing a wide array of documented use-cases in areas like advanced metering, work management, and distributed energy resource integration. Building dashboards and reporting suites keeping stakeholders and consumers in mind through the design and iteration phases.

AMER team is providing **Software Engineer** work to **Texas Comptroller of Public Accounts (CPA)** from May 2021 to till date. Our contractor is performing highly advanced design and development work as part of a project team with direction and guidance from Project Manager and Applications Services Management. The primary goal of the contractor is to assist with the implementation, optimization and maintenance of back-end API/Microservices using Java and Spring Boot. Working in large complex environments implementing, reviewing and optimizing API endpoints written in Spring Boot and Java.

AMER team is providing **Network Security Analyst** work to **Texas Department of Transportation (TxDOT)** from October 2021 to till date. Our contractor planning, implementing, and monitoring security measures using the NIST Risk Management Framework and Texas security frameworks for information systems and infrastructure. Schedule and conduct system categorization, risk assessment and Application Portfolio Management meetings with owners and custodians in a timely, efficient, and professional manner. Perform interview-based risk assessments on systems to ensure appropriate security controls are in place to protect the system and meet governance requirements. Submit control assessments and create findings in tracking software.

AMER team is providing **Project Lead** work to **Texas Department of Transportation (TxDOT)** from July 2025 to till date. Our contractor manages components of highly complex and visible projects and/or program initiatives. Our contractor follows project management methodologies and governance processes to deliver products on time and within a set budget. Our contractor collaborates with the end-user and key stakeholders to provide status updates and gather requirements, with the vendor on their implementation and delivery of contract deliverables, and with the internal IT Team.

Amer Technology, Inc. response to State Of West Virginia

Solicitation No: CRFQ-0231-OOT2700000006-3

AMER team provide **Developer/Programmer Analyst** work to **Texas Education Agency (TEA)** from April 2024 to August 2024. Our contractor designing, developing, and customizing solutions in the Microsoft Dynamics 365/Power Platform technology stack including designing Dataverse tables, implementing security, customization using JavaScript, plug-ins, and custom PCF controls. Implement and customize Microsoft Dynamics 365 applications.

AMER team provided **Business Analysis** work to **Texas Health and Human Services Commission (HHSC)** from June 2022 to October 2024. Our contractor works on the Web-based Salesforce application LoPro to build the Local Funds Tracking functionality. Perform the duties of a Business Analyst include requirement gathering, analysis of requirements to develop requirements and design for required system modifications, complete business requirement documents and user stories. Our contractor works with technical teams to coordinate demos, UAT, code releases, and user communication as necessary.

AMER team is providing **software development** work to **Texas Health and Human Services Commission (HHSC)** from September 2022 to till date. Our contractor designs, codes, and modifies complex computer programs, subroutines, triggers, stored procedures, objects, classes, and scripts using C#, ASP.net, Java and Oracle Database. Performs necessary testing of assigned programs, including the generation of test data, writing test scripts/execution sequences, examining test results, debugging detected errors, etc. Provides development status to the team leader or project manager.

AMER team provided **Instructor Trainer** work to **Texas Health and Human Services Commission (HHSC)** from August 2021 to March 2022. Our contractor developed, revised, and provided training/educational materials and support to the program based on adult learning theory. Created materials, job aides, user guides and developed trainings Texas statewide with HIV/STD subject matter experts and all stake holders.

AMER team is providing **Project Management** work to **Texas Veterans Commission (TVC)** from February 2022 to September 2024. Our contractor performs complex project management work. Work involves coordinating the planning and initiation of software as a solution integration projects at various levels of completion; monitoring the progress and schedule of projects; and communicating with project stakeholders, management, and other relevant parties. Manages, develops, oversees, and evaluates a capital project using accepted project management methodologies.
