REFLECTORIZED TRAFFIC CONTROL CONES

SCOPE OF CONTRACT

The purpose of this Contract shall be to supply West Virginia DOH maintenance personnel with reflectorized cones to be used for traffic control operations.

GENERAL SPECIFICATIONS

Reflectorized Cones shall be constructed in such manner so that they will stack easily without sticking together. The cone placed in its normal position on a flat and level surface shall be folded at a point near the middle of its vertical height so that the upper top touches the surface on which the base is resting. When released, the cone shall return to its original vertical position. Cones shall be self-supporting with no appreciable slump or sag after four (4) hours exposure to a temperature of 150 degrees Fahrenheit. After a four (4) hour exposure to a temperature of 0 degrees Fahrenheit, the cones must withstand an impact and show no evidence of cracking, splitting, breaking or other distress (Cold Resistance Testing Procedure). The 28 inch cones, held with the base at an angle of 70 degrees from a horizontal plane, shall orient themselves to an upright position when dropped from a distance of 18 inches to a flat, level surface. The 36 inch cone, held with the base at an angle of 70 degrees from a horizontal plane, shall orient itself to an upright position when dropped from a distance of 18 inches to a flat, level surface.

PHYSICAL SPECIFICATIONS For 28 and 36 inch Reflectorized Traffic Cones-

CONSTRUCTION: Two layers of polyvinyl chloride with fused construction throughout. The inner layer should be a translucent, white polyvinyl, the outer layer shall be a highly pigmented surface of fluorescent red-orange color, with a minimum thickness of 0.025 inches. The outer surface shall be smooth, glossy, and non-porous. The outer layer shall be resistant to dirt, tar and grease, and will show no damage when cleaned with kerosene or other common petroleum based cleansers. The traffic cones shall be provided with cone collars manufactured with a reboundable Type ASTM-III sheeting approved by the West Virginia Division of Highways specifically for use with traffic cones. A six (6) inch collar shall be located with the top of the collar three and one-half (3-1/2) inches +/- one-half (1/2) inch from the top of the cone, and a four (4) inch collar shall be located with the top of the collar two (2) inches +/- one-half (1/2) inch below the six (6) inch collar.

COLD RESISTANCE TEST FOR TRAFFIC CONES-

The traffic cone, intact, shall be conditioned a minimum of two hours at 0 degrees Fahrenheit (+/- 3 degrees) in an environmentally controlled test chamber or cold box. If possible, testing should be performed in the environmental chamber. If a cold box is used, the test on each cone shall be completed within two minutes of the removal of the cone from the cold box. The test procedure is as follows: A steel ball, weight of five (5) pounds, shall be dropped a distance of five (5) feet through a virtually frictionless vertical guide to impact the surface of the cone. The surface of the cone being struck by the steel ball shall be in a horizontal position supported by one edge of the cone's base and held in position by a support at the narrow or tip end of the cone. The twenty-eight (28) or thirty-six (36) inch cones shall be subjected to three (3) impact tests spaced a minimum of six (6) inches apart. Fracturing, cracking, or splitting of the conical section and/or base of any cone shall constitute failure.

TENSILE / ELONGATION TESTING FOR TRAFFIC CONES-

Testing shall be performed utilizing ASTM D412-87 test for Standard Test Methods for Rubber Properties in Tension.

CONES SUBMISSION-

Vendors shall submit three (3) sample traffic cones **for each bid item** (9 cones total if all 3 items are bid) for material testing. These samples should be received prior to **the bid opening date** at the following address:

WVDOH Traffic Cone Contract Material Submittal, c/o
WVDOH – Materials Control, Soils and Testing
190 Dry Branch Road
Charleston, WV 25306
ATTN: Donald Simmons

The material packing slip should clearly state the name of the vendor, and should match the name of the company indicated on the "BID ITEMS" sheet. The packing slip should also list the model cones submitted, and should be clear as to what bid item each model is being submitted for.

A minimum of two (2) of the three (3) cones submitted for each bid item shall be supplied with reflective sheeting applied. One of these cones shall be conditioned at a temperature of 150 degrees Fahrenheit, as specified above. The other shall be conditioned at 0 degrees Fahrenheit, as specified above. The sheeting applied to these cones shall remain intact after the temperature conditioning. If the sheeting on either cone does not remain intact, or if the sheeting on either cone does not meet the sheeting size and placement requirements, as specified above, the vendors bid may be disqualified.

Samples of the cones the vendor intends to supply, as described above, should be received by the specified deadline. Otherwise, the vendor's bid may be disqualified. The vendor's samples may be submitted directly from the manufacturer of the cones, and not directly from the vendor. Furthermore, if there are multiple vendors bidding a particular manufacturer's cone, the manufacturer may submit one set of samples for all of the vendors. However, the vendors and manufacturers are fully responsible for coordinating this arrangement. The manufacturer shall notify the Traffic Engineering Division of this arrangement (contact Josh Hemsworth at 304-558-3063). The manufacturer must indicate the model cone being submitted for each bid item and the bidders that the cones are being submitted for.

STENCILING

The letters "WVDOH" shall be permanently stenciled in one (1) inch letter height to the lower portion of all cones. This stenciling shall not be required on the cones submitted for materials testing.

PURCHASE HISTORY REPORTS

As part of this Contract, the vendor shall be required to submit semi-annual purchase history reports to the WVDOH. The vendor should submit this report in a summarized spreadsheet format. The spreadsheet columns should be labeled in general conformance to the following:

PO NUMBER (*Use VISA doc. number if purchased on P-card*)

PURCHASE METHOD (*Indicate "Blanket Release Order" or "P-card"*)

QTY. LINE ITEM 1 ORDERED

QTY. LINE ITEM 2 ORDERED

.

.

.

QTY LINE ITEM "N" ORDERED (*N = number of line items on Contract*)

SHIPPING DESTINATION (*Indicate the city or town the order was shipped to*)

TOTAL VALUE OF ORDER

Each report shall include summary totals of the quantity of each line item ordered and the total value of all orders placed for both the period that the report covers and from the original effective date of the Contract. After award of the Contract, the first report the Vendor will be required to submit shall be for the first 180 days of the Contract, beginning at the original effective date of the Contract. The next report shall be for the period between the end of the period covered by the first report and the expiration date of the Contract, or the effective renewal date of the Contract. Reports shall continue to be submitted as described above for the life of the Contract. The due date for submission of reports shall be 15 days after the last day of the period covered by the report.

Preferably, the Vendor should submit all reports in Microsoft Excel format to Josh Hemsworth's attention at e-mail address jhemsworth@dot.state.wv.us. However, the Vendor may also submit reports to Josh Hemsworth's attention at the following address:

WVDOH-Traffic Engineering Division

Bldg. 5 – Rm. A550

1900 Kanawha Blvd. East

Charleston, WV 25305

The Vendors reports shall include all purchases made, regardless of method of order placement (phone, fax, mail, internet). Failure to submit the above described reports may be grounds for cancellation of this Contract, and/or may result in a Vendor Complaint being registered with the State Purchasing Division.

PRICE ADJUSTMENT CLAUSE

The State of West Virginia will consider bids that contain provisions for price adjustments prior to the original expiration date of the Contract, provided that such price adjustment covers both upward and downward movement of the commodity price, and that adjustment is based on the "pass through" increase or decrease of raw materials and/or labor, which make up all or a substantial part of a product. Adjustments are to be based upon an actual dollar figure, not a percentage. All price adjustment requests must be substantiated in a manner acceptable to the Director of the WV Purchasing Division (e.g. governmental bench marks, general market increases, and published price lists). All documentation of price increases incurred by the vendor shall be based on governmental bench marks, general market increases, published price lists, etc. in effect on the original effective date of the Contract, or the effective date of the currently approved price increase in effect, as applicable. Such requests for price increases shall be received in writing by the Director of the Traffic Engineering Division at least 30-days in advance of the proposed effective date of the increase. The price increase request will be evaluated by the Traffic Engineering Division and will be forwarded to the Purchasing Division for concurrence. The vendor may not submit a request for a price increase with a proposed effective date less than 180-days from the original effective date of the Contract. Subsequent requests for price increases may not have a proposed effective date less than 180-days from the effective date of the currently approved price increase in effect. Any time the vendor requests a price adjustment, the Purchasing Division may either accept the price adjustment and amend the Contract accordingly or reject the adjustment in its entirety and cancel the Contract.

DELIVERY

All prices bid shall be FOB destination. The attached list of delivery addresses represents the address of each District Sign Shop. The WVDOH reserves the right to specify additional delivery addresses in each District other than those listed. All orders shall be shipped complete within forty-five (45) days A.R.O. Late delivery charges against the vendor may be assessed at a rate of \$120.00 per calendar day after forty-five (45) days ARO. The District may waive a portion or all of the late delivery charges at their discretion provided an ample supply of material is in stock at the District. Notification of shipment from vendor shall be received a minimum of 48 hours before delivery of material at the delivery location indicated on the release.

PACKAGING

Cones shall be stacked and placed on skids to enable unloading with a fork truck. The skid and stacks of cones shall be shrink-wrapped to secure the cones while unloading.

The following estimated quantities are for bid purposes only. Actual quantities will be determined by needs of the West Virginia Division of Highways and may be increased or decreased.

AFFIDAVIT

West Virginia Code §5A-3-10a states:

No contract or renewal of any contract may be awarded by the state or any of its political subdivisions to any vendor or prospective vendor when the vendor or prospective vendor or a related party to the vendor or prospective vendor is a debtor and the debt owned is an amount greater than one thousand dollars in the aggregate.

DEFINITIONS:

"Debt" means any assessment, premium, penalty, fine, tax or other amount of money owed to the state or any of its political subdivisions because of a judgment, fine, permit violation, license assessment, defaulted workers' compensation premium, penalty or other assessment presently delinquent or due and required to be paid to the state or any of its political subdivisions, including any interest or additional penalties accrued thereon.

"Debtor" means any individual, corporation, partnership, association, limited liability company or any other form or business association owing a debt to the state or any of its political subdivisions.

"Political subdivision" means any county commission; municipality; county board of education; any instrumentality established by a county or municipality; any separate corporation or instrumentality established by one or more counties or municipalities, as permitted by law; or any public body charged by law with the performance of a government function or whose jurisdiction is coextensive with one or more counties or municipalities.

"Related party" means a party, whether an individual, corporation, partnership, association, limited liability company or any other form or business association or other entity whatsoever, related to any vendor by blood, marriage, ownership or contract through which the party has a relationship of ownership or other interest with the vendor so that the party will actually or by effect receive or control a portion of the benefit, profit or other consideration from performance of a vendor contract with the party receiving an amount that meets or exceeds five percent of the total contract amount.

EXCEPTION:

The prohibition of this section does not apply where a vendor has contested any tax administered pursuant to chapter eleven of this code, workers' compensation premium, permit fee or environmental fee or assessment and the matter has not become final or where the vendor has entered into a payment plan or agreement and the vendor is not in default of any of the provisions of such plan or agreement.

LICENSING:

The vendor must be licensed in accordance with any and all state requirements to do business with the state of West Virginia.

CONFIDENTIALITY:

The vendor agrees that he or she will not disclose to anyone, directly or indirectly, any such personally identifiable information or other confidential information gained from the agency, unless the individual who is the subject of the information consents to the disclosure in writing or the disclosure is made pursuant to the agency's policies, procedures and rules. Vendors should visit www.state.wv.us/admin/purchase/privacy for the Notice of Agency Confidentiality Policies.

Under penalty of law for false swearing (West Virginia Code, §61-5-3), it is hereby certified that the vendor acknowledges the information in this said affidavit and are in compliance with the requirements as stated.
