SPECIFICATIONS

AUD063067

This RFQ is for the installation, configuration, services, and maintenance of servers and Storage Area Network (SAN) equipment to reside at the Sungard Mega Center located at 401 North Broad Street, Philadelphia, PA.

The equipment and services on this RFQ will provide the means to implement the Sungard Managed Services contract established between WVSAO and Sungard effective in 2006. This contract provides WVSAO the opportunity to purchase Intel servers, external disk, tape drives, and networking equipment formerly provided by Sungard. This equipment can be redeployed by WVSAO as necessary.

The components within this RFQ are based upon research and consultations with IT professionals, vendors, and recommendations by studies such as the Gartner Group. The WVSAO feels that we have identified a configuration that will meet and or exceed our disaster recovery/business continuance requirements. This includes high availability of critical applications such as Oracle, Microsoft SQL, Web servers and future failover capability to Sungard's remote site in Philadelphia.

- The equipment will be shipped to the following:
WV State Auditors Office
Record Management
4916 Kanawha Blvd E.
Malden, WV 25306-6330

 - 1) Dell 2850s (or equivalent) servers and EMC CX300 disk array. (**see attached configuration**)
 - 2) Services, design and configuration required for implementing the Storage Area Network, (SAN) and servers.

- The successful bidder will stage, preinstall, configure and test all the equipment at the Main Capitol Complex before it is relocated at the Sungard Mega Center.
- Installation and configuration of the servers must be provided by a certified engineer / technician of the equipment that is selected. The configuration of the servers will include but is not limited to the following:
 - 1) Unpack and verify all components are installed and delivered as per the packing list.
 - 2) Set-up and install the operating system with the assistance of a designee from the WVSAO.
 - 3) Verify network connectivity.
 - 4) Implementation of the servers with the EMC SAN.

West Virginia Code §5A-3-10a states:

No contract or renewal of any contract may be awarded by the state or any of its political subdivisions to any vendor or prospective vendor when the vendor or prospective vendor or a related party to the vendor or prospective vendor is a debtor and the debt owned is an amount greater than one thousand dollars in the aggregate.

DEFINITIONS:

"Debt" means any assessment, premium, penalty, fine, tax or other amount of money owed to the state or any of its political subdivisions because of a judgment, fine, permit violation, license assessment, defaulted workers' compensation premium, penalty or other assessment presently delinquent or due and required to be paid to the state or any of its political subdivisions, including any interest or additional penalties accrued thereon.

"Debtor" means any individual, corporation, partnership, association, limited liability company or any other form or business association owing a debt to the state or any of its political subdivisions.

"Political subdivision" means any county commission; municipality; county board of education; any instrumentality established by a county or municipality; any separate corporation or instrumentality established by one or more counties or municipalities, as permitted by law; or any public body charged by law with the performance of a government function or whose jurisdiction is coextensive with one or more counties or municipalities.

"Related party" means a party, whether an individual, corporation, partnership, association, limited liability company or any other form or business association or other entity whatsoever, related to any vendor by blood, marriage, ownership or contract through which the party has a relationship of ownership or other interest with the vendor so that the party will actually or by effect receive or control a portion of the benefit, profit or other consideration from performance of a vendor contract with the party receiving an amount that meets or exceed five percent of the total contract amount.

EXCEPTION:

The prohibition of this section does not apply where a vendor has contested any tax administered pursuant to chapter eleven of this code, workers' compensation premium, permit fee or environmental fee or assessment and the matter has not become final or where the vendor has entered into a payment plan or agreement and the vendor is not in default of any of the provisions of such plan or agreement.

LICENSING:

The vendor must be licensed in accordance with any and all state requirements to do business with the state of West Virginia.

CONFIDENTIALITY:

The vendor agrees that he or she will not disclose to anyone, directly or indirectly, any such personally identifiable information or other confidential information gained from the agency, unless the individual who is the subject of the information consents to the disclosure in writing or the disclosure is made pursuant to the agency's policies, procedures and rules. Vendors should visit www.state.wv.us/admin/purchase/privacy for the Notice of Agency Confidentiality Policies.

Under penalty of law for false swearing (West Virginia Code, §61-5-3), it is hereby certified that the vendor acknowledges the information in this said affidavit and are in compliance with the requirements as stated.
