**GENERAL TERMS & CONDITIONS  
(REQUEST FOR QUOTATION) RFQ AND (REQUEST FOR PROPOSAL) RFP**

1. Awards will be made in the best interest of the State of West Virginia.
2. The State may accept or reject in part, or in whole, any bid.
3. All quotations are governed by the *West Virginia Code* and the *Legislative Rules* of the Purchasing Division.
4. Prior to any award, the apparent successful vendor must be properly registered with the Purchasing Division and have paid the required \$45 fee.
5. All services performed or goods delivered under State Purchase Orders/Contracts are to be continued for the term of the Purchase Order/Contracts, contingent upon funds being appropriated by the Legislature or otherwise being made available. In the event funds are not appropriated or otherwise available for these services or goods, this Purchase Order/Contract becomes void and of no effect after June 30.
6. Payment may only be made after the delivery and acceptance of goods or services.
7. Interest may be paid for late payment in accordance with the *West Virginia Code*.
8. Vendor preference will be granted upon written request in accordance with the *West Virginia Code*.
9. The State of West Virginia is exempt from Federal and State taxes and will not pay or reimburse such taxes.
10. The Director of Purchasing may cancel any Purchase Order/Contract upon 30 days written notice to the seller.
11. The laws of the State of West Virginia and the *Legislative Rules* of the Purchasing Division shall govern all rights and duties under the Contract, including without limitation the validity of this Purchase Order/Contract.
12. Any reference to automatic renewal is hereby deleted. The Contract may be renewed only upon mutual written agreement of the parties.
13. **BANKRUPTCY:** In the event the vendor/contractor files for bankruptcy protection, this contract is automatically null and void, and is terminated without further order.
14. **HIPAA Business Associate Addendum** - The West Virginia State Government HIPAA Business Associate Addendum (BAA), approved by the Attorney General, and available online at the Purchasing Division's web site (<http://www.state.wv.us/admin/purchase/vrc/hipaa.htm>) is hereby made part of the agreement. Provided that, the Agency meets the definition of a Covered Entity (45 CFR §160.103) and will be disclosing Protected Health Information (45 CFR §160.103) to the vendor.

---

**INSTRUCTIONS TO BIDDERS**

1. Use the quotation forms provided by the Purchasing Division.
2. **SPECIFICATIONS:** Items offered must be in compliance with the specifications. Any deviation from the specifications must be clearly indicated by the bidder. Alternates offered by the bidder as **EQUAL** to the specifications must be clearly defined. A bidder offering an alternate should attach complete specifications and literature to the bid. The Purchasing Division may waive minor deviations to specifications.
3. Complete all sections of the quotation form.
4. Unit prices shall prevail in cases of discrepancy.
5. All quotations are considered F.O.B. destination unless alternate shipping terms are clearly identified in the quotation.
6. **DUPLICATE BIDS:** All quotations must be delivered by the bidder to the respective offices listed below prior to the date and time of the bid opening. Failure of the bidder to deliver the quotations on time will result in bid disqualifications.

## Project Overview

This project involves replacing West Virginia Health Care Authority's current single Check Point firewall with a high-availability pair of Nokia IP 355 appliances and correcting their SurfControl web content filtering environment.

West Virginia Health Care Authority's current firewall is a single stand-alone firewall module and management station combined running Check Point's SecurePlatform.

The new firewall environment will consist of two Nokia IP 355 firewall modules running in a high-availability VRRP pair with the latest build of Check Point Firewall-1-NGX.

In a high availability configuration the firewall's management station must be on separate server. The current firewall policies and objects will be exported and the management portion of the firewall will be installed on a temporary system to be supplied by the customer. After the transition to the new firewalls is completed, the current firewall hardware will be rebuilt with Windows Server 2000 or 2003 and the firewall management station permanently migrated to the system.

SurfControl was previously installed at West Virginia Health Care Authority, but has been removed as it was causing performance problems. While on site, the engineer will determine if it would be best to install SurfControl in stand-alone mode or with Check Point integration. He will complete the installation of SurfControl in either a stand-alone configuration or with Check Point integration and create a basic web content policy.

## Project Phases

*Upgrade & split Check Point NG AI R55 management server to NGX on a temporary system*

- o Export the existing Check Point NG AI R55 management server configuration.
- o Verify the installation of the Windows 2000 or 2003 server operating system on Intel hardware.
- o Apply all required Windows 2000 or 2003 server recommended and security patches.
- o Configure host files for firewall communications.
- o Install the latest stable release of Check Point Smart Center management software.
- o Install the latest stable release of Check Point Smart Console management software.
- o Configure centralized licensing for all Check Point products.
- o Import and upgrade all existing objects, users, address translations, and security policies.
- o Verify the upgrade process by running post upgrade verifier utilities.
- o Configure and review centrally managed licensing using SMART Update
- o Configure security policy for new NGX communications.
- o Configure security policy for VRRP HA modules.
- o Configure security policy Smart Defense and Web Defense settings.
- o Configure log switching and archiving on the management server.
- o Upgrade remote Check Point VPN-1 Smart Consoles.

*Build two Nokia IP355s in HA configuration to Check Point NGX*

- o Install the latest stable version of IPSO and any hot fixes.
- o Configure all required interfaces.
- o Copy all required routes.
- o Copy all required ARPs.
- o Copy DNS information.
- o Copy NTP information.
- o Configure Nokia VRRP.
- o Install the latest stable release of Check PointVPN- 1.
- o Establish communication between the modules and management station.
- o Configure the security policy for NG AI communications.
- o Configure new Smart Defense policy
- o Install configured security policies.
- o Configure backup function.
- o Configure SSH management access.
- o Configure SSL management access.

*Testing Configurations*

- o Test security policy installations.
- o Test access through firewalls based on security policies.
- o Test one remote management console access.
- o Test VRRP fail-over.
- o Test any testing plan received from the customer in advance.

*Move firewall manager to permanent hardware*

- o Install Windows 2000 or 2003 server on old firewall hardware.
- o Apply all required Windows 2000 or 2003 server recommended and security patches.
- o Configure host files for firewall communications.
- o Install the latest stable release of Check Point Smart Center management software.
- o Install the latest stable release of Check Point Smart Console management software.
- o Test communication to firewall modules.

*Move firewall manager to permanent hardware*

- o Install Windows 2000 or 2003 server on old firewall hardware.
- o Apply all required Windows 2000 or 2003 server recommended and security patches.

*SurfControl*

- o Install SurfControl on provided server.
- o Configure Check Point Integration or a stand-alone SurfControl policy.
- o Test for proper operation.

*Knowledge Transfer*

- o Provide basic instruction regarding day to day operation of Check Point NGX.
- o Provide basic instruction regarding day to day operation of Nokia Voyager.
- o Provide instruction regarding configuration backup and restoration of Check Point and Nokia products.
- o Review firewall placement, impact on the network and network architecture.

# AFFIDAVIT

**West Virginia Code §5A-3-10a states:**

No contract or renewal of any contract may be awarded by the state or any of its political subdivisions to any vendor or prospective vendor when the vendor or prospective vendor or a related party to the vendor or prospective vendor is a debtor and the debt owned is an amount greater than one thousand dollars in the aggregate.

**DEFINITIONS:**

“Debt” means any assessment, premium, penalty, fine, tax or other amount of money owed to the state or any of its political subdivisions because of a judgment, fine, permit violation, license assessment, defaulted workers’ compensation premium, penalty or other assessment presently delinquent or due and required to be paid to the state or any of its political subdivisions, including any interest or additional penalties accrued thereon.

“Debtor” means any individual, corporation, partnership, association, limited liability company or any other form or business association owing a debt to the state or any of its political subdivisions.

“Political subdivision” means any county commission; municipality; county board of education; any instrumentality established by a county or municipality; any separate corporation or instrumentality established by one or more counties or municipalities, as permitted by law; or any public body charged by law with the performance of a government function or whose jurisdiction is coextensive with one or more counties or municipalities.

“Related party” means a party, whether an individual, corporation, partnership, association, limited liability company or any other form or business association or other entity whatsoever, related to any vendor by blood, marriage, ownership or contract through which the party has a relationship of ownership or other interest with the vendor so that the party will actually or by effect receive or control a portion of the benefit, profit or other consideration from performance of a vendor contract with the party receiving an amount that meets or exceed five percent of the total contract amount.

**EXCEPTION:**

The prohibition of this section does not apply where a vendor has contested any tax administered pursuant to chapter eleven of this code, workers’ compensation premium, permit fee or environmental fee or assessment and the matter has not become final or where the vendor has entered into a payment plan or agreement and the vendor is not in default of any of the provisions of such plan or agreement.

**LICENSING:**

The vendor must be licensed in accordance with any and all state requirements to do business with the state of West Virginia.

**CONFIDENTIALITY:**

The vendor agrees that he or she will not disclose to anyone, directly or indirectly, any such personally identifiable information or other confidential information gained from the agency, unless the individual who is the subject of the information consents to the disclosure in writing or the disclosure is made pursuant to the agency’s policies, procedures and rules. Vendors should visit [www.state.wv.us/admin/purchase/privacy](http://www.state.wv.us/admin/purchase/privacy) for the Notice of Agency Confidentiality Policies.

Under penalty of law for false swearing (West Virginia Code, §61-5-3), it is hereby certified that the vendor acknowledges the information in this said affidavit and are in compliance with the requirements as stated.
