**GENERAL TERMS & CONDITIONS
REQUEST FOR QUOTATION (RFQ) AND REQUEST FOR PROPOSAL (RFP)**

1. Awards will be made in the best interest of the State of West Virginia.
2. The State may accept or reject in part, or in whole, any bid.
3. All quotations are governed by the *West Virginia Code* and the *Legislative Rules* of the Purchasing Division.
4. Prior to any award, the apparent successful vendor must be properly registered with the Purchasing Division and have paid the required \$125.00 registration fee.
5. All services performed or goods delivered under State Purchase Orders/Contracts are to be continued for the term of the Purchase Order/Contract, contingent upon funds being appropriated by the Legislature or otherwise being made available. In the event funds are not appropriated or otherwise available for these services or goods, this Purchase Order/Contract becomes void and of no effect after June 30.
6. Payment may only be made after the delivery and acceptance of goods or services.
7. Interest may be paid for late payment in accordance with the *West Virginia Code*.
8. Vendor preference will be granted upon written request in accordance with the *West Virginia Code*.
9. The State of West Virginia is exempt from federal and state taxes and will not pay or reimburse such taxes.
10. The Director of Purchasing may cancel any Purchase Order/Contract upon 30 days written notice to the seller.
11. The laws of the State of West Virginia and the *Legislative Rules* of the Purchasing Division shall govern all rights and duties under the Contract, including without limitation the validity of this Purchase Order/Contract.
12. Any reference to automatic renewal is hereby deleted. The Contract may be renewed only upon mutual written agreement of the parties.
13. **BANKRUPTCY:** In the event the vendor/contractor files for bankruptcy protection, this contract is automatically null and void, and is terminated without further order.
14. **HIPAA Business Associate Addendum** - The West Virginia State Government HIPAA Business Associate Addendum (BAA), approved by the Attorney General, and available online at the Purchasing Division's web site (<http://www.state.wv.us/admin/purchase/vrc/hipaa.htm>) is hereby made part of the agreement. Provided that, the Agency meets the definition of a Covered Entity (45 CFR §160.103) and will be disclosing Protected Health Information (45 CFR §160.103) to the vendor.

INSTRUCTIONS TO BIDDERS

1. Use the quotation forms provided by the Purchasing Division.
2. **SPECIFICATIONS:** Items offered must be in compliance with the specifications. Any deviation from the specifications must be clearly indicated by the bidder. Alternates offered by the bidder as **EQUAL** to the specifications must be clearly defined. A bidder offering an alternate should attach complete specifications and literature to the bid. The Purchasing Division may waive minor deviations to specifications.
3. Complete all sections of the quotation form.
4. Unit prices shall prevail in cases of discrepancy.
5. All quotations are considered F.O.B. destination unless alternate shipping terms are clearly identified in the quotation.
6. **BID SUBMISSION:** All quotations must be delivered by the bidder to the office listed below prior to the date and time of the bid opening. Failure of the bidder to deliver the quotations on time will result in bid disqualifications.

WHEN RESPONDING TO RFQ, INSERT NAME AND ADDRESS IN SPACE ABOVE LABELED 'VENDOR'

Equipment, workmanship and mobilization furnished under this contract shall meet the following requirements:

1. EQUIPMENT REQUIREMENT

- A. Drill shall be mounted on a turntable base with a 240-degree rotation and a 30-inch slide stroke at any point in the arc of rotation.
- B. Drill shall possess a power plant and a mechanical drill assembly, which delivers 35,000 foot-pounds of torque to the Kelly bar, which rotate the Auger or Core Barrel.
- C. Drill shall be equipped with a power plant and mechanical or hydraulic mechanism capable of exerting a down pressure or crowding force of at least 12,000 pounds.
- D. Drill shall be equipped with power and mechanical mechanism to operate a service hoist for installing piles; the hoist system shall have a lifting capacity of 8,000 pounds and be capable of installing (40') piling.
- E. Drill shall be equipped with two (2) hydraulic outriggers and jacks in the front area and two (2) hydraulic outriggers and jacks in the rear of the drill carrier for fast and efficient leveling purposes. The outriggers are not required on track mounted drills.
- F. Vendor shall furnish Augers, Core Barrels, Rock Cutting Teeth, Muck Bucket and Casing which are in good condition. Rock Cutting Teeth shall be of the type and quality comparable to the "Kenametal" brand. Vendor shall, also, furnish all water needed for drilling purposes. All drills are to have at least one operator and one helper present during drilling.

2. MOBILIZATION

One time one way mobilization shall be paid by the Division of Highways for moving of said equipment from the contractor's base of operations to the work site specified in the State Contract Order (SCO) and/or from one Division of Highways work site to another, whichever mileage would be of lesser cost to the Division of Highways. The most direct suitable route from the contractor's base of operations to the work site or between work sites will be agreed upon by the Division of Highways and the contractor as mileage for calculation of Mobilization. The exact location of the contractor's base of operations must be stated on each quotation sheet (mailing address is not adequate).

3. SITE PREPARATION, PLANS, STAKE-OUT, HOLE SIZE AND PILE INSTALLATION

The West Virginia Division of Highways will, in advance of drilling operations, prepare the sites for safe and efficient work. This shall be done in collaboration with the Vendor, or his authorized representative. The Vendor and the West Virginia Division of Highways will jointly determine that safe working conditions do exist and either party will have the right to refuse to perform work if, in their opinion, unsafe working conditions exist.

The West Virginia Division of Highways will provide plans and stakeout of all work to be performed. The location of holes and piles to be installed shall be shown on the plans or directed by the District Engineer/Manager or his designee.

The depth of each hole, angle of inclination from the vertical and the length of each pile shall be shown on the plans, or directed by the District Engineer/Manager or his designee.

The West Virginia Division of Highways will perform required splicing of piles and pile cutoff. Piles shall be furnished, delivered and positioned on the site by the West Virginia Division of Highways so that they are conveniently available for immediate installation at each hole.

The size of holes will be governed by the size of piles. In general, the hole should be at least two (2) inches greater in diameter than the maximum dimension of pile to be installed. In conditions where boulders, etc., are encountered, the hole diameter may have to be considerably larger than the maximum dimensions of the pile. Piles shall be installed immediately after each hole is drilled, unless otherwise directed by the District Engineer/Manager or his designee.

4. DOWN EQUIPMENT

Equipment shall be considered down if it is out of production due to mechanical failure or other conditions and no pay will be authorized until production is resumed. The Division of Highways will not pay time for fueling, lubrication and warm-up of the unit (s).

5. WORKMANSHIP

The West Virginia Division of Highways reserves the right to terminate the usage of any drill, which does not perform work in conformance with reasonable production standards.

Production standards will be based on historical performance data under similar circumstances.

Only firms who show evidence of employment of qualified and experienced operators who have satisfactory performance reputation in this specialized field will be considered.

6. BASIS OF PAYMENT

The Vendor may invoice the West Virginia Division of Highways for hours worked on a semi-monthly basis (half and end of month).

Hours worked must be verified and substantiated on a daily basis by an authorized representative of the West Virginia Division of Highways. Payment for hours worked shall include the time required to position equipment, drill and place piles. Down, warm-up and equipment maintenance time will not be considered as work hours. The Vendor shall supply the Division of Highways with daily work tickets as verification of hours worked.

7. BIDDING INSTRUCTIONS

Bidder shall submit a separate bid sheet for each proposed equipment unit.

The Vendor shall quote a single hourly rate for each drill unit proposed, which shall be full compensation for all equipment rental and required operators up to a standard 40 hour workweek. For hours beyond 40 hours in a workweek, the Vendor shall quote a rate per hour to cover overtime costs of labor only and that amount will be added to the operating rate for all additional operating hours beyond 40 hours in a workweek.

The cost of auger and core barrel resurfacing shall be included in unit price bid for operating rate.

The Vendor shall quote for the additional pay items of casing pipe and crane mats which may be needed occasionally when directed by the Engineer.

8. AWARD OF CONTRACT

The award of this contract shall be made to all bidders submitting a bid, which meets the specifications.

9. AWARD OF STATE CONTRACT ORDER (SCO)

The District Engineer/Manager shall issue the SCO to the low bidder based on type and size of equipment required and the lowest projected cost. The SCO shall specify the type and size of equipment required for the project. The projected cost is the estimated hours to complete the project multiplied by the Vendor's hourly rate plus the mobilization costs. Refer to the section titled "Mobilization" for a full explanation of Mobilization Cost.

In the event the low bidder for a particular project cannot perform, the District Engineer/Manager shall have the option to contact the next low bidder. The District Engineer/Manager shall document in writing the Vendor's inability to perform and award to the next low bidder. Vendors must notify the District Engineer/Manager of their ability to perform, within five (5) days of their receipt of a State Contract Order (SCO), or the SCO may be cancelled.

In the event of an emergency situation, the District Engineer/Manager may require notification of a Vendor's ability to perform within twenty-four (24) hours of their receipt of a State Contract Order (SCO).

Each SCO for hiring Power Earth and Rock Augers/Drills with Operators must list the tentative date the project is to begin. Work on the project shall be continuous unless approved by the District Engineer/Manager.

Vendors performance on any project may be considered when awarding subsequent State Contract Orders (SCO's).

Prior approval for Holiday work shall be obtained from the District Engineer/Manager. The official Holidays are New Year's, Martin Luther King, Jr. Day, Lincoln's Birthday, Washington's Birthday, Memorial Day, West Virginia Day, Fourth of July, Labor Day, Columbus Day, Veteran's Day, Thanksgiving Day, Christmas Day, Election (Primary and General) Day, and other days proclaimed by the President or Governor.

10. WAGE RATES

The Contractor or Subcontractor shall pay the higher of the U.S. Department of Labor minimum wage rates or the West Virginia Department of Labor minimum wage rates as established for *various* counties, pursuant to West Virginia Code §21-5A, ET SEQ.

11. WORKER'S COMPENSATION

Vendor is required to provide a certificate from Worker's Compensation if successful.

12. INSURANCE

Successful Vendor shall furnish proof of coverage of commercial General Liability Insurance prior to issuance of a contract. Unless otherwise specified in the bid documents, the minimum amount of insurance coverage required is \$250,000.

West Virginia Code §5A-3-10a states:

No contract or renewal of any contract may be awarded by the state or any of its political subdivisions to any vendor or prospective vendor when the vendor or prospective vendor or a related party to the vendor or prospective vendor is a debtor and the debt owned is an amount greater than one thousand dollars in the aggregate

DEFINITIONS:

"Debt" means any assessment, premium, penalty, fine, tax or other amount of money owed to the state or any of its political subdivisions because of a judgment, fine, permit violation, license assessment, defaulted workers' compensation premium, penalty or other assessment presently delinquent or due and required to be paid to the state or any of its political subdivisions, including any interest or additional penalties accrued thereon.

"Debtor" means any individual, corporation, partnership, association, limited liability company or any other form or business association owing a debt to the state or any of its political subdivisions. "Political subdivision" means any county commission; municipality; county board of education; any instrumentality established by a county or municipality; any separate corporation or instrumentality established by one or more counties or municipalities, as permitted by law; or any public body charged by law with the performance of a government function or whose jurisdiction is coextensive with one or more counties or municipalities. "Related party" means a party, whether an individual, corporation, partnership, association, limited liability company or any other form or business association or other entity whatsoever, related to any vendor by blood, marriage, ownership or contract through which the party has a relationship of ownership or other interest with the vendor so that the party will actually or by effect receive or control a portion of the benefit, profit or other consideration from performance of a vendor contract with the party receiving an amount that meets or exceed five percent of the total contract amount.

EXCEPTION:

The prohibition of this section does not apply where a vendor has contested any tax administered pursuant to chapter eleven of this code, workers' compensation premium, permit fee or environmental fee or assessment and the matter has not become final or where the vendor has entered into a payment plan or agreement and the vendor is not in default of any of the provisions of such plan or agreement.

LICENSING:

Vendors must be licensed and in good standing in accordance with any and all state and local laws and requirements by any state or local agency of West Virginia, including, but not limited to, the West Virginia Secretary of State's Office, the West Virginia Tax Department, West Virginia Insurance Commission, or any other state agencies or political subdivision. Furthermore, the vendor must provide all necessary releases to obtain information to enable the Director or spending unit to verify that the vendor is licensed and in good standing with the above entities.

CONFIDENTIALITY:

The vendor agrees that he or she will not disclose to anyone, directly or indirectly, any such personally identifiable information or other confidential information gained from the agency, unless the individual who is the subject of the information consents to the disclosure in writing or the disclosure is made pursuant to the agency's policies, procedures and rules. Vendors should visit www.state.wv.us/admin/purchase/privacy for the Notice of Agency Confidentiality Policies.

Under penalty of law for false swearing (West Virginia Code, §61-5-3), it is hereby certified that the vendor acknowledges the information in this said affidavit and are in compliance with the requirements as stated.
