

## SOLE SOURCE DETERMINATION

**The Purchasing Division has been requested to approve a sole source purchase for the commodity or service described below. Pursuant to West Virginia Code 5A-3-10c, the Purchasing Division is attempting to determine whether the commodity or service is a sole source procurement. If you believe your company meets the required experience and qualification criteria stated below, please e-mail the Purchasing Division at [team@wvadmin.gov](mailto:team@wvadmin.gov) to express your interest in the project. Please forward any and all information that will support your company's compliance with required qualification and eligibility criteria along with any other pertinent information relative to this project to the Purchasing Division no later than August 11, 2006.**

Requisition Number: PSC755

Department/Agency: Public Service Commission of WV

Detailed Description of Project: To purchase mobile data terminals through the use of wireless matrix satellite communications in WV hosted by a server with access to NCIC/NLETS/WV State Police Hot Files via the state Switch (has to be approved by State Police) with the capability/configuration of GPS mapping application/SkyView Mapping Engine, tracking software, training and installation – will allow officers at roadside to access the same information that would be available to any central dispatcher. Payment for this service cannot be paid in advance due to state purchasing rules and has to be approved by the Attorney General's Office (have to sign WV-96 Agreement Addendum)

This project will be paid with federal grant money that expires 9/1/06

Proposed Sole Source Vendor: Datamaxx Applied Technologies

Specific Eligibility Criteria: Vendor must prove effectiveness of the product thru the use of satellite communications, to provide equipment MDCC-2020 (Mobile Data Computer Controller) and MDC-2020 (Mobile Data Client Software) or equal and the only authorized entity to provide support thereof. Vendor must be able to provide the capability to send MDC type data traffic over satellite communications (UDP Network). Vendor must also comply with meeting state police security policy and the federal bureau of investigation security policy.

**Specific Qualification Criteria:**

Vendor must be licensed for the required data bases (NCIS & NLTES) which are the federal crime connections
