RTIRE07  
Specifications

1/17/2007

Vendor must be an established retreader of tires or an established distributor of retread tires and must have conducted business for at least five years. Vendor must have facilities to remove and/or remount tires on wheels, balance the tires and wheels, and make repairs.

The Division of Highways requires the successful vendor to schedule pick-up and delivery of retreadable and/or repairable tires from all ten district equipment shops and the Equipment Division in Buckhannon. See the attached list. Other agencies MAY request pickups for their tires.

**NOTICE\*\*\*\*\*NOTICE\*\*\*\*\*NOTICE**

Mandatory pre-bid meeting is scheduled on Wednesday, February 7, 2007 at 10:30 a.m. in Building 15 at the Capitol Complex, 2019 Washington Street, East, Charleston, WV 25305. **All interested bidders are required to be present at this meeting. Failure to attend the mandatory pre-bid conference shall result in automatic disqualification. No one person can represent more than one vendor.**

\*\*\*\*\*

**GENERAL PROVISIONS**

1. All rubber used in any subsequent contract must be Grade "A" rubber.
2. All retread tires must have the following minimum tread depth:
 

Radial truck and Bus Tires	26-32
Radial Light Truck	14-32
Bias truck and bus tires	19-32
Big loader and off road tires	32-32
3. All retread must be Goodyear G328 Mud and Snow Lug or equal.
4. We reserve the right to award by size/service if significant savings can be achieved.
5. All tires for recapping must be inspected by the contractor using electronic, ultrasonic, x-ray, shearography or holographic devices to determine if the tire carcass is recappable, and if any repairs are necessary.
6. All state agencies and institutions, with the exception of the Division of Highways, shall deliver the tires and tubes to the contractor's facility for retread and/or repaired. Successful vendor shall pick up tires for repair from the Division of Highways at the locations requested.

**RTIRE07**  
**Specifications**

1/17/2007

7. The contractor must be equipped with state of the art retreading equipment and have tread designs suitable for the usage and service required.
8. Rubber must be government certified for retreading. ONLY GRADE A RUBBER IS ACCEPTABLE.
9. Contractor must conform to tire industry standards for fitment of proper tread size per casing width.
10. Hot process retread is molded to the tire casing. Cold process retread is procured prior to application to the tire casing.
11. Should the contractor be unable to retread or repair any tire in their place of business and it is necessary to send the tire to another retreader or manufacturer, the contractor shall provide the State Agency with a list of the tires (by size and brand name) and the name and address of the retreader/manufacturer performing the retread or repair work.
12. Tread rubber samples of tread design, tread depth and compound to be submitted with bid proposal.
13. Vendor shall provide written warranty against defects in workmanship and materials for the life of the usable tread. The usable tread is defined as the tread depth down to 4/32nds of an inch of tread remaining. This should be provided with bid; contract shall not be issued prior to receipt of warranty information.
14. In hot cure, the rebuilt tire is cured in a tire moulding press. This press subjects the tire to heat and pressure, forming a new tread into the uncured rubber, creating a chemical bond with the casing by vulcanizing. In the "Cold cure" process, a pre-vulcanised tread, including tread pattern is made by external specialists. This tread is supplied to the retreading plant where it is applied to the casing and chemically bonded to the surface in a cold curing autoclave process.
15. In the event any tires are lost or destroyed while in the possession of the contractor, the contractor shall replace the tire or pay for the tire based on the present statewide contract for new tires
16. All retread repairs shall be performed within 10 days. Tires forwarded to another retreading facility, shall be available within 30 days to the agency or returned to the agency

**RTIRE07  
Specifications**

1/17/2007

17. Retread tires must be capable of normal load ranges for which the original tire was designed to perform. Retread tires failing to meet this requirement shall be returned to vendor for adjustment
18. The contractor shall list tires taken from any agency location by size, DOH brand number and other information as required. Upon return delivery, a list of tires by size and DOH brand number shall be furnished by the contractor to the DOH.
19. The contractor shall pickup tires as required at the Division of Highways locations as required. Tire pickups must be within seven (7) days of date of receipt of request.
20. All services shall be in accordance with manufacturer's specifications/regulations relating to the retreading and repair of tires during the period of the contract.
21. The contractor's facility shall be available for inspection by a representative of the state.
22. All tire carcasses determined to be non-recappable will be returned to the agency with a written reason for rejection. The agency may direct the contractor to dispose of any rejected tire carcass at the agency expense
23. Agency will be responsible for inspecting retread tires and determining if tires meet required specs. Tires failing to meet required specifications will be rejected. The contractor will replace the tire or pay the state agency an amount equal to 50% of the purchase price the agency would have to pay if a new tire was purchased from the current state tire contract.
24. Contractor to provide certificate of insurance in the amount of \$1,000,000.00 liability coverage and should be included with bid package. Insurance certificate must be provided prior to issuance of contract.
25. Vendor should sign the attached WV-96. Failure to sign the WV-96 may be cause to disqualify the bid.
26. Pricing: Bidders must use the attached pricing pages for their bids. Vendors should enter all required information. An electronic copy of this shall be issued after the pre-bid meeting. Bidders are requested to submit the required paper pricing pages and an electronic copy. If there is any difference between the paper bid and the electronic version, the paper bid shall prevail. While the goal is to award one contract, purchasing reserves the right to make multiple awards for this commodity. Separate line item awards may be made if significant savings can be achieved.

**West Virginia Code §5A-3-10a states:**

No contract or renewal of any contract may be awarded by the state or any of its political subdivisions to any vendor or prospective vendor when the vendor or prospective vendor or a related party to the vendor or prospective vendor is a debtor and the debt owned is an amount greater than one thousand dollars in the aggregate

**DEFINITIONS:**

"Debt" means any assessment, premium, penalty, fine, tax or other amount of money owed to the state or any of its political subdivisions because of a judgment, fine, permit violation, license assessment, defaulted workers' compensation premium, penalty or other assessment presently delinquent or due and required to be paid to the state or any of its political subdivisions, including any interest or additional penalties accrued thereon.

"Debtor" means any individual, corporation, partnership, association, limited liability company or any other form or business association owing a debt to the state or any of its political subdivisions. "Political subdivision" means any county commission; municipality; county board of education; any instrumentality established by a county or municipality; any separate corporation or instrumentality established by one or more counties or municipalities, as permitted by law; or any public body charged by law with the performance of a government function or whose jurisdiction is coextensive with one or more counties or municipalities. "Related party" means a party, whether an individual, corporation, partnership, association, limited liability company or any other form or business association or other entity whatsoever, related to any vendor by blood, marriage, ownership or contract through which the party has a relationship of ownership or other interest with the vendor so that the party will actually or by effect receive or control a portion of the benefit, profit or other consideration from performance of a vendor contract with the party receiving an amount that meets or exceeds five percent of the total contract amount

**EXCEPTION:**

The prohibition of this section does not apply where a vendor has contested any tax administered pursuant to chapter eleven of this code, workers' compensation premium, permit fee or environmental fee or assessment and the matter has not become final or where the vendor has entered into a payment plan or agreement and the vendor is not in default of any of the provisions of such plan or agreement

**LICENSING:**

Vendors must be licensed and in good standing in accordance with any and all state and local laws and requirements by any state or local agency of West Virginia, including, but not limited to, the West Virginia Secretary of State's Office, the West Virginia Tax Department, West Virginia Insurance Commission, or any other state agencies or political subdivision. Furthermore, the vendor must provide all necessary releases to obtain information to enable the Director or spending unit to verify that the vendor is licensed and in good standing with the above entities

**CONFIDENTIALITY:**

The vendor agrees that he or she will not disclose to anyone, directly or indirectly, any such personally identifiable information or other confidential information gained from the agency, unless the individual who is the subject of the information consents to the disclosure in writing or the disclosure is made pursuant to the agency's policies, procedures and rules. Vendors should visit [www.state.wv.us/admin/purchase/privacy](http://www.state.wv.us/admin/purchase/privacy) for the Notice of Agency Confidentiality Policies.
