

SOLE SOURCE DETERMINATION

The Purchasing Division has been requested to approve a sole source purchase for the commodity or service described below. Pursuant to West Virginia Code 5A-3-10c, the Purchasing Division is attempting to determine whether the commodity or service is a sole source procurement. If you believe your company meets the required experience and qualification criteria stated below, please e-mail the Purchasing Division at team@wvadmin.gov to express your interest in the project. Please forward any and all information that will support your company's compliance with required qualification and eligibility criteria along with any other pertinent information relative to this project to the Purchasing Division no later than

8-31-07

Requisition Number: 668C0003

Department/Agency: Highways

Detailed Description of Project: Pavement Management System including software licenses, installation, building the PMS database, implementation, training and support.

Proposed Sole Source Vendor: Deighton Associates, Limited

Specific Eligibility Criteria: The vendor must have demonstrated the ability to deliver pavement management systems utilizing dTIMS CT software including the incorporation of existing dTIMS CT PMS and ESRI GIS databases, road logging data, road inventory data, and previously collected pavement management data. The delivered system must be operational throughout the state in the central headquarters and in the ten district headquarters.

Specific Qualification Criteria: The vendor shall have a well established history in the implementation and operation of pavement management systems at the state and/or national level and be able to provide at least 5 references that substantiate that experience. The firm shall have personnel with specific experience in pavement management implementations including professional engineers to act as project managers. Programmer/analysts and technicians involved in the project shall have relevant pavement management experience.
