REQUEST FOR PROPOSAL
Bureau for Medical Services
BMS80645

PART 1 GENERAL INFORMATION, TERMS AND CONDITIONS

1.1 Purpose:

The Acquisition and Contract Administration Section of the Purchasing Division, hereinafter referred to as "State", is soliciting proposals for the Department of Health and Human Resources, Bureau for Medical Services (BMS), hereinafter referred to as "Agency", to provide a clinical web portal that will allow Medicaid providers (pharmacists and/or pharmacies) and prescribers (physicians and nurse practitioners) to view their patient's pharmacy and medical claims as they are submitted. This solicitation serves as notice, pursuant to West Virginia Code §5A-3-10b, of the commodity or service being sought and is to be considered the opportunity for vendors to indicate their interest in bidding on such commodity or service.

1.2 Project:

The mission or purpose of the project is to improve care delivered to Medicaid members by providing a clinical web portal for both prescribers and providers to view medical and pharmacy claims as they are submitted. This clinical web portal should provide complete access to Medicaid member's medical and pharmacy history for a period of at least 36 months. Prescribers and providers should also have the capability of downloading claims data (drug claims, diagnosis codes, CPT codes, etc.) over a period of 36 months. This will provide access to a complete view of medical and pharmacy history and promote preventive care, improved care management of chronic diseases, and reduce the duplication of services and the incidence of episodic care for Medicaid members with chronic conditions. A clinical web portal view of member utilization will lower costs and improve the quality of care delivered to Medicaid members by improving adherence to treatment care guidelines, reducing avoidable or unnecessary hospital and ER utilization rates, and reducing the number of members moving from the low to high risk category for the progression of chronic disease and resulting morbidity and mortality.

1.3 RFP Format:

This RFP has four parts. "Part 1" contains general information, terms and conditions; "Part 2" describes the background and working environment of the project; "Part 3" is a statement of the specifications for the services requested pursuant to this RFP, contractual requirements, and special terms and conditions; and "Part 4" explains the required format of the Bidder's response to the RFP, the evaluation criteria the State will use in evaluating the proposals received and how the evaluation will be conducted.

1.4 Inquiries:

Additional information inquiries regarding specifications of this RFP must be submitted in writing to the State Buyer with the exception of questions regarding the proposal submission which may be oral. The deadline for written inquiries is identified in the Schedule of Events, Section 1.16. All inquiries of specification clarification must be addressed to:

Roberta Wagner, Senior Buyer
Purchasing Division
2019 Washington Street, East
P.O. Box 50130
Charleston, WV 25305-0130
Fax: (304) 558-4115
E-mail: roberta.a.wagner@wv.gov

The vendor, or anyone on the vendor's behalf, is not permitted to make any contact whatsoever with any member of the evaluation committee. Violation may result in rejection of the bid. The State Buyer named above is the sole contact for any and all inquiries after this RFP has been released.

1.5 Vendor Registration:

Vendors participating in this process should complete and file a Vendor Registration and Disclosure Statement (Form WV-1) and remit the registration fee. Vendor is not required to be a registered vendor in order to submit a proposal, but the successful bidder must register and pay the fee prior to the award of an actual purchase order or contract.

1.6 Oral Statements and Commitments:

Vendor must clearly understand that any verbal representation made or assumed to be made during any oral discussion held between Vendor's representatives and any State personnel is not binding. Only the information issued in writing and added to the Request for Proposal specifications file by an official written addendum are binding.

1.7 Economy of Preparation:

Proposals should be prepared simply and economically, providing a straightforward, concise description of Vendor's abilities to satisfy the requirements of the RFP. Emphasis should be placed on completeness and clarity of content.

1.8 Labeling of RFP Sections:

The sections within this RFP contain instructions governing how the Vendor's proposal is to be arranged, submitted and to identify the material to be included therein.

1.8.1 Mandatory Requirements:

The mandatory sections included in Part 3 and 4 require a response, and they describe the minimum requirements requested in this RFP. Any specification or statement containing the word "must", "shall, or "will" are mandatory. The Vendor is required to meet the mandatory specifications in order to be eligible for consideration and to continue in the evaluation process. A simple "yes" or "no" response to these sections is not adequate. Failure to meet mandatory items shall result in disqualification of the Vendor's proposal and the evaluation process terminated for that vendor. Decisions regarding compliance with the intent of any mandatory specification shall be at the sole discretion of the State.

1.8.2 Contract Terms and Conditions:

This Request for Proposals contains all the contractual terms and conditions under which the State of West Virginia will enter into a contract.

1.8.3 Informational Sections:

All non-mandatory information specifications do not require a response from the Vendor. They are intended to aid the vendor in structuring an effective proposal capable of meeting the needs of the issuing agency.

1.9 Proposal Format and Submission:

1.9.1 Vendors must complete a response to all mandatory specifications in order to be considered. Each proposal should be formatted as per the outline in Part 4 of this RFP. No other arrangement or distribution of the proposal information may be made by the bidder. Failure on the part of the bidder to respond to specific requirements detailed in the RFP may be the basis for disqualification of the proposal. The State reserves the right to waive any informality in the proposal format and minor irregularities.

1.9.2 State law requires that the original technical and cost proposal be submitted to the Purchasing Division. All proposals must be submitted to the Purchasing Division prior to the date and time stipulated in the RFP as the opening date. All bids will be dated and time stamped to verify official time and date of receipt.

1.9.3 Vendors mailing proposals should allow sufficient time for mail delivery to ensure timely arrival. In accordance with West Virginia Code §5A-3-11, the Purchasing Division cannot waive or excuse late receipt of a proposal which is delayed and late for any reason. Any proposal received after the bid opening date and time will be immediately disqualified in accordance with State law and the administrative rules and regulations.

Vendors responding to this RFP shall submit:

One (1) original technical and cost plus six (6) convenience copies to:

Purchasing Division
2019 Washington Street, East
P.O. Box 50130
Charleston, WV 25305-0130

The outside of the envelope or package(s) should be clearly marked:

Buyer: RW-22
Req#: BMS80645
Opening Date: 3/6/2008
Opening Time: 1:30 pm

1.9.4. Best Value Purchasing Standard Format

All Requests for Proposals should follow the standard format defined by the Purchasing Division. This format addresses required areas and enables the agency to modify the background and scope of work to meet its needs.

1.9.4.1 Evaluation Criteria:

All evaluation criteria must be clearly defined in the specifications section and based on a 100 point total score. Based on a 100 point total, cost shall represent a minimum of 30 of the 100 total points in the criteria.

1.9.4.2 Proposal Format and Content:

Proposals shall be requested and received in two distinct parts: Technical and Cost. The cost portion shall be sealed in a separate envelope and will not be opened initially.

1.9.4.3 Technical Bid Opening:

The Purchasing Division will open only the technical proposals on the date and time specified in the Request for Proposal. The Purchasing Division representative will read aloud the names of those who responded to the solicitation. The Purchasing Division Buyer will confirm that the original packages contain a separately sealed cost proposal prior to providing the courtesy copies to the agency to begin the evaluation process.

1.9.4.4 Technical Evaluation:

The pre-selected, approved evaluation committee will review the technical proposals, deduct appropriate points for deficiencies and make a final written consensus recommendation to the Purchasing Division Buyer. If the Buyer approves the committee's recommendation, the technical evaluation will be forwarded to an internal review committee within the Purchasing Division.

1.9.4.5 Cost Bid Opening:

Upon approval of the technical evaluation from the internal review committee, the Purchasing Division shall schedule a time and date to publicly open and read aloud the cost proposals. The agency and the vendors shall be notified of this date.

1.9.4.6 Cost Evaluation and Resident Vendor Preference:

The evaluation committee will review the cost proposals, assign appropriate points and make a final consensus recommendation to the Purchasing Division. In accordance with West Virginia Code §5A-3-37, the Purchasing Division will make the determination of the Resident Vendor Preference, if applicable. Resident Vendor Preference provides an opportunity for qualifying vendors to request at the time of bid preference for their residency status. Such preference is an evaluation method only and will be applied only to the cost bid in accordance with the West Virginia Code. A certificate of application is used to request this preference. A West Virginia vendor may be eligible for two 2.5% preferences in the evaluation process.

1.9.4.7 Contract Approval and Award:

After the cost proposals have been opened, the evaluation committee completes its review and prepares the final evaluation making its recommendation for contract award based on the highest scoring vendor. The final evaluation is submitted to the Purchasing Division buyer. Once approved by the buyer, the final evaluation must be reviewed and approved by the Purchasing Division internal review committee. The contract is prepared and signed in the Purchasing Division, forwarded to the Attorney General's Office for approval as to form, encumbered and mailed to the appropriate parties.

1.10 Rejection of Proposals:

The State shall select the best value solution according to the evaluation criteria. However, the State reserves the right to accept or reject any or all proposals, in part or in whole at its discretion. The State reserves the right to withdraw this RFP at any time and for any reason. Submission of, or receipt by the State of proposals confers no rights upon the bidder nor obligates the State in any manner.

A contract based on this RFP and the Vendor's proposal, may or may not be awarded. Any contract resulting in an award from this RFP is not valid until properly approved and executed by the Purchasing Division and approved as to form by the Attorney General.

1.11 Incurring Costs:

The State and any of its employees or officers shall not be held liable for any expenses incurred by any bidder responding to this RFP for expenses to prepare, deliver the proposal, or to attend any mandatory prebid meeting or oral presentations.

1.12 Addenda:

If it becomes necessary to revise any part of this RFP, an official written addendum will be issued by the State to all bidders of record.

1.13 Independent Price Determination:

A proposal will not be considered for award if the price in the proposal was not arrived at independently without collusion, consultation, communication or agreement as to any matter relating to prices with any competitor unless the proposal is submitted as a joint venture.

1.14 Price Quotations:

The price(s) quoted in the bidder's proposal will not be subject to any increase and will be considered firm for the life of the contract unless specific provisions have been provided for adjustment in the original contract.

1.15 Public Record:

1.15.1 Submissions are Public Record:

All documents submitted to the State Purchasing Division related to purchase orders or contracts are considered public records. All bids, proposals or offers submitted by bidders shall become public information and are available for inspection during normal official business hours in the Purchasing Division Records and Distribution center after the bid opening.

1.15.2 Written Release of Information:

All public information may be released with or without a Freedom of Information request, however, only a written request will be acted upon with duplications fees paid in advance. Duplication fees shall apply to all requests for copies of any document. Currently the fees are \$0.50/page, or a minimum of \$10.00 per request which ever is greater.

1.15.3 Risk of Disclosure:

The only exemptions to disclosure of information are listed in West Virginia Code §29B-1-4. Primarily, only trade secrets, as submitted by a bidder, are exempt to public disclosure. The submission of any information to the State by a vendor puts the risk of disclosure on the vendor. The State does not guarantee non-disclosure of any information to the public.

1.19 General Terms and Conditions:

By signing and submitting its proposal, the successful Vendor agrees to be bound by all the terms contained in this RFP.

1.19.1 Conflict of Interest:

Vendor agrees that this language of certification shall be included in the award documents for all sub-awards at all tiers, including subcontracts, sub-grants, and contracts under grants, loans, and cooperative agreements, and that all sub-recipients shall certify and disclose accordingly. This certification is a material representation of fact upon which reliance was placed when this contract was made and entered into.

1.19.4 Vendor Relationship:

The relationship of the Vendor to the State shall be that of an independent contractor and no principal-agent relationship or employer-employee relationship is contemplated or created by the parties to this contract. The Vendor as an independent contractor is solely liable for the acts and omissions of its employees and agents.

Vendor shall be responsible for selecting, supervising and compensating any and all individuals employed pursuant to the terms of this RFP and resulting contract. Neither the Vendor, nor any employees or contractors of the vendor, shall be deemed to be employees of the State for any purposes whatsoever.

Vendor shall be exclusively responsible for payment of employees and contractors for all wages and salaries, taxes, withholding payments, penalties, fees, fringe benefits, professional liability insurance premiums, contributions to insurance and pension or other deferred compensation plans, including but not limited to, Workers' Compensation and Social Security obligations, and licensing fees, etc. and the filing of all necessary documents, forms and returns pertinent to all of the foregoing.

Vendor shall hold harmless the State, and shall provide the State and Agency with a defense against any and all claims including but not limited to the foregoing payments, withholdings, contributions, taxes, social security taxes and employer income tax returns.

The Vendor shall not assign, convey, transfer or delegate any of its responsibilities and obligations under this contract to any person, corporation, partnership, association or entity without expressed written consent of the Agency.

1.19.5 Indemnification:

The Vendor agrees to indemnify, defend and hold harmless the State and the Agency, their officers, and employees from and against: (1) Any claims or losses for services rendered by any subcontractor, person or firm performing or supplying services, materials or supplies in connection with the performance of the contract; (2) Any claims or losses resulting to any person or entity injured or damaged by the Vendor, its officers, employees, or subcontractors by the publication, translation, reproduction, delivery, performance, use or disposition of any data used under the contract in a manner not authorized by the contract, or by Federal or State statutes or regulations; and (3) Any failure of the Vendor, its officers, employees or subcontractors to observe State and Federal laws, including but not limited to labor and wage laws.

1.19.6 Contract Provisions:

After the successful Vendor is selected, a formal contract document will be executed between the State and the Vendor. In addition, the RFP and the Vendor's response will be included as part of the contract by reference. The order of precedence is the contract, the RFP and the Vendor's proposal in response to the RFP.

1.19.7 Governing Law:

This contract shall be governed by the laws of the State of West Virginia. The Vendor further agrees to comply with the Civil Rights Act of 1964 and all other applicable laws and regulations, Federal, State and Local Government.

1.19.8 Compliance with Laws and Regulations:

The vendor shall procure all necessary permits and licenses to comply with all applicable laws, Federal, State or municipal, along with all regulations, and ordinances of any regulating body.

The Vendor shall pay any applicable sales, use or personal property taxes arising out of this contract and the transactions contemplated thereby. Any other taxes levied upon this contract, the transaction, or the equipment, or services delivered pursuant here to shall be borne by the contractor. It is clearly understood that the State of West Virginia is exempt from any taxes regarding performance of the scope of work of this contract.

1.19.9 Subcontracts/Joint Ventures:

The Vendor is solely responsible for all work performed under the contract and shall assume prime contractor responsibility for all services offered and products to be delivered under the terms of this contract. The State will consider the Vendor to be the sole point of contact with regard to all contractual matters. The Vendor may, with the prior written consent of the State, enter into written subcontracts for performance of work under this contract; however, the vendor is totally responsible for payment of all subcontractors.

1.19.10 Term of Contract & Renewals:

This contract will be effective (date set upon award) and shall extend for the period of one (1) year, at which time the contract may, upon mutual consent, be renewed. Such renewals are for a period of up to one (1) year, with a maximum of two (2) one (1) year renewals, or until such reasonable time thereafter as is necessary to obtain a new contract. The "reasonable time" period shall not exceed twelve (12) months. During the "reasonable time" period Vendor may terminate the contract for any reason upon giving the Agency ninety (90) days written notice.

Notice by Vendor of intent to terminate will not relieve Vendor of the obligation to continue to provide services pursuant to the terms of the contract.

Any change in Federal or State law, or court actions which constitute binding precedent in West Virginia, and which significantly alters the Vendor's required activities or any change in the availability of funds, shall be viewed as binding and shall warrant good faith renegotiation of the compensation paid to the Vendor by the Agency and of such other provisions of the contract that are affected. If such renegotiation proves unsuccessful, the contract may be terminated by the State upon written notice to the Vendor at least thirty (30) days prior to termination of this contract.

1.19.11 Non-Appropriation of Funds:

If the Agency is not allotted funds in any succeeding fiscal year for the continued use of the service covered by this contract by the West Virginia Legislature, the Agency may terminate the contract at the end of the affected current fiscal period without further charge or penalty. The Agency shall give the vendor written notice of such non-allocation of funds as soon as possible after the Agency receives notice. No penalty shall accrue to the Agency in the event this provision is exercised.

1.19.12 Contract Termination:

The State may terminate any contract resulting from this RFP immediately at any time the Vendor fails to carry out its responsibilities or to make substantial progress under the terms of this RFP and resulting contract. The State shall provide the Vendor with advance notice of performance conditions which are endangering the contract's continuation. If after such notice the Vendor fails to remedy the conditions contained in the notice, within the time period contained in the notice, the State shall issue the Vendor an order to cease and desist any and all work immediately. The State shall be obligated only for services rendered and accepted prior to the date of the notice of termination.

The contract may also be terminated by the State with thirty (30) days prior notice.

1.19.13 Changes:

If changes to the original contract become necessary, a formal contract change order will be negotiated by the State, the Agency and the Vendor, to address changes to the terms and conditions, costs of work included under the contract. An approved contract change order is defined as one approved by the Purchasing Division and approved as to form by the West Virginia Attorney General's Office, encumbered and placed in the U.S. Mail prior to the effective date of such amendment. An approved contract change order is required whenever the change affects the payment provision or the scope of the work. Such changes may be necessitated by new and amended Federal and State regulations and requirements.

As soon as possible after receipt of a written change request from the Agency, but in no event more than thirty (30) days thereafter, the Vendor shall determine if there is an impact on price with the change requested and provide the Agency a written statement to identifying any price impact on the contract or to state that there is no impact. In the event that price will be impacted by the change, the Vendor shall provide a description of the price increase or decrease involved in implementing the requested change.

NO CHANGE SHALL BE IMPLEMENTED BY THE VENDOR UNTIL SUCH TIME AS THE VENDOR RECEIVES AN APPROVED WRITTEN CHANGE ORDER.

1.19.14 Invoices, Progress Payments, & Retainage:

The Vendor shall submit invoices, in arrears, to the Agency at the address on the face of the purchase order labeled "Invoice To" pursuant to the terms of the contract. Progress payments

may be made at the option of the Agency on the basis of percentage of work completed if so defined in the final contract. Any provision for progress payments must also include language for a minimum 10% retainage until the final deliverable is accepted.

If progress payments are permitted, Vendor is required to identify points in the work plan at which compensation would be appropriate. Progress reports must be submitted to Agency with the invoice detailing progress completed or any deliverables identified. Payment will be made only upon approval of acceptable progress or deliverables as documented in the Vendor's report. Invoices may not be submitted more than once monthly and State law forbids payment of invoices prior to receipt of services.

1.19.15 Liquidated Damages:

According to West Virginia State Code §5A-3-4(8), Vendor agrees that liquidated damages shall be imposed at the rate of one-thousand dollars (\$1,000) per day for failure to provide deliverables, meet milestones identified to keep the project on target, or failure to meet specified deadlines. This clause shall in no way be considered exclusive and shall not limit the State or Agency's right to pursue to any other additional remedy to which the State or Agency may have legal cause for action including further damages against the Vendor.

1.19.16 Record Retention (Access & Confidentiality):

Vendor shall comply with all applicable Federal and State of West Virginia rules and regulations, and requirements governing the maintenance of documentation to verify any cost of services or commodities rendered under this contract by Vendor. The Vendor shall maintain such records a minimum of five (5) years and make available all records to Agency personnel at Vendor's location during normal business hours upon written request by Agency within 10 days after receipt of the request.

The Vendor shall comply with all applicable State and Federal law regarding confidentiality/privacy including the confidentiality requirements of §1160 and §1902(a)(7) of the Social Security Act, the information safeguarding requirements of Title 42, Part 431, Subpart F (42 CFR 431 F), and the privacy and security requirements of Title 45 Parts 160 and 164 (45 CFR 160 and 164).

Vendor shall have access to private and confidential data maintained by Agency to the extent required for Vendor to carry out the duties and responsibilities defined in this contract. Vendor agrees to maintain confidentiality and security of the data made available and shall indemnify and hold harmless the State and Agency against any and all claims brought by any party attributed to actions of breach of confidentiality by the Vendor, subcontractors or individuals permitted access by Vendor.

PART 2 OPERATING ENVIRONMENT

2.1 Location:

Agency is located at 350 Capitol Street, Room 251, Charleston, West Virginia 25301-3706.

2.2 Background:

The West Virginia Medicaid program is currently utilizing the only Windows-based commercial off-the-shelf unified relational database software application and claims processing system in the nation. This system offers a web portal for providers to view the status of claims that been submitted for payment. The program is seeking an additional portal to allow prescribers and pharmacists to view medical and pharmacy history. Prescribers and pharmacy providers should have the capability of viewing and downloading claims data submitted for their patients (drug claims, diagnosis, CPT codes, etc.) over a period of 36 months. The portal should be a Point-of-Service (POS) system. It should not be limited to pharmacy providers, but should be

pharmacist centric to capitalize on the ability for a pharmacist to make more regular chronic care interventions in a patient's care than their medical provider, due to the number of contacts they have with them throughout the year. The clinical web portal should engage dispensing pharmacists to deliver enhanced care coordination interventions at the Point-of-Service.

PART 3 PROCUREMENT SPECIFICATIONS

3.1 General Requirements:

The Vendor will provide an application, which will allow both prescribers and pharmacists to view medical and pharmacy claims history for a period of at least 36 months. It should be pharmacist centric, although not limited to pharmacists. The clinical web portal should inform pharmacists of appropriate interventions by utilizing existing electronic transaction infrastructure with no disruption in claims administration, allowing pharmacists to see and review patient medical and pharmacy history prior to dispensing drugs and allow them to make more informed decisions regarding prescription dispensing and care interventions. It should also inform pharmacists of care alerts and recommendations made through a POS coordination of care system and prevent duplications of service from pharmacy providers. Operation of this clinical web portal must not affect the performance of the POS claims processing system.

3.2 Scope of Work:

The Vendor will provide a clinical web portal that allows both pharmacy and medical providers, through an authorized log in, to view patient history for a period of at least 36 months. The clinical web portal will also deliver patient medical and pharmacy history to a coordination of care providers via an authorized provider's login to either the clinical web portal directly or through the coordination of care system, when available. The clinical web portal will also have an intervention database. The vendor must provide a link from the coordination of care system, when available to the clinical web portal.

When claims for members are submitted to the West Virginia Medicaid POS system, the clinical web portal intervention database will also be checked to see if there is an available intervention on file before returning the prescription edit to the POS system. If the clinical web portal has an intervention on file for that member, a message segment shall be sent indicating that an intervention is on file and to look for either a fax or a message to view their intervention online in the clinical web portal.

The pharmacist can log into the clinical web portal and view the patient's data and intervention material. The pharmacist may choose to download the intervention to a printer using e-fax capability. The pharmacist shall then conduct the intervention with the member. The pharmacist will then document the encounter online in the clinical web portal and submit a bill electronically for the intervention claim. The claim will then be routed to the state's POS component of the MMIS for processing.

3.2.1 Minimum system requirements should include:

3.2.1.1 Coding and testing of the clinical web portal

3.2.1.2 Coding and testing of the clinical web portal security interface with the coordination of care system.

3.2.1.3 Coding and testing the addition of intervention messages on the claim response between West Virginia POS system and the provider.

3.2.1.4 Set up and testing of communication of interventions between the clinical web portal and an automated prior authorization tool, when available.

-
- 3.2.1.5 Set up and testing of the clinical web portal for fax capability to send a copy of the paper intervention for the prescription if the pharmacist requests a paper copy.
 - 3.2.1.6 Set up of a feed to the coordination of care system, if available, for encounter data from the clinical web portal using a file layout and frequency established by the state and the coordination of care system vendor.
 - 3.2.1.7 Establishment of and maintenance of rules for West Virginia Medicaid Pharmacy enhanced POS coordination of care system interventions in the clinical web portal.
 - 3.2.1.8 Vendor should develop and implement monthly reports to monitor activity on the website. The content of the monthly report shall include the number of prescribers and pharmacists who access the website, the type of information accessed and/or downloaded from the website as well as any other information deemed appropriate by the Agency.
 - 3.2.1.9 Vendor shall provide training for all prescribers and providers who express an interest in using the clinical web portal.
 - 3.2.1.10 Establishment and maintenance of billing capability to create and send an ANSI X12N 837, NCPDP or other mandated transaction to the MMIS or POS, whichever is appropriate and agreed upon by the Agency and the Vendor after the pharmacist has documented the intervention within the clinical web portal. This claim generation and billing shall be a real time transaction with the response of the POS transmitted back to the provider in the same real time fashion.
 - 3.2.1.11 Assessment of drug claims and provision of an alert to the pharmacist before returning the prescription edit response to the POS system if the patient has an intervention on file.

Initially the following Disease Modules shall be applied: diabetes, asthma, chronic obstructive pulmonary disease, congestive heart failure, ischemic cardiovascular disease, depression, hypertension, gastroesophageal reflux disorder, osteoporosis and migraine headaches. These interventions shall be the same as those applied through the coordination of care system.

Other interventions shall be defined throughout the contract period as agreed upon by the Agency and the Vendor.

- 3.2.1.12 The clinical web portal shall utilize thirty-six (36 months) of claims history received from the MMIS (including medical, pharmacy, lab, x-ray, institutional, etc.) to automatically edit diagnosis and/or procedure codes. In some cases, this may require the Vendor to mine additional record layout data, accept additional fields and/or perform additional programming in order to use/apply the new data.
- 3.2.1.13 The vendor shall develop, conduct and distribute a survey at one and two year intervals of all providers and prescribers using the clinical web portal to assess their satisfaction with the product in areas such as level of satisfaction with training, ease in using the tool, and the level of assistance/support that it provides in treating patients.
- 3.2.1.14 The Vendor will submit reports to the Bureau regarding frequency of use of the clinical web portal, provider satisfaction with the clinical web portal, and savings

generated from clinical interventions made by pharmacy providers through use of the clinical web portal.
