The Acquisition and Contract Administration Section of the Purchasing Division “State” for the West Virginia General Services Division is soliciting quotations to provide Roof Replacement (Roofing) Services.

**Pre-Bid Meeting:**

A mandatory pre-bid meeting for this project is scheduled for January 31, 2008 at 10:00 a.m. at 2019 Washington Street East in Charleston, West Virginia. Contractors attending the meeting shall assemble in the Purchasing Conference Room.

**Scope:**

The work consists of removing the existing EPDM roof and insulation and replacing roof with new “adhered 60 mil. EPDM” roofing system. Associated work will include flashing, adding a new roof hatch and ladder, roof walkways, and other work necessary to provide a complete, watertight roofing system. Reroofing is defined as all work necessary to remove the existing roof and appurtenances, the disposal of associated refuse, and providing a new, complete, fully-functional roof system. The successful contractor shall be required keep the work area clean on a daily basis and remove associated debris from the site on a regular (minimum of twice weekly) basis.

The state office building shall remain in full operation during the course of this work. Work should be scheduled with prior coordination with the building owner to minimize potential disruption to the spaces below. If necessary for the contractors work schedule, provide temporary roofing to maintain a watertight structure. The contractor shall maintain the building in a “dried-in” condition every evening prior to leaving the site and shall provide the telephone number of a contact person who is available twenty-four hours a day if leakage occurs. The contractor shall be responsible for damage to the building or materials resulting from leakage caused by or during his operations. Submit a schedule showing the roofing sequence, commencement and completion dates for each roof sub-area or subsystem. The schedule shall be reviewed and approved by the Owner prior to commencement of the work. Coordinate the schedule around Owner’s work requirements.

Furnish all materials, labor, and equipment necessary to complete the work indicated by these specifications. The intent of this project is to provide a fully completed roofing project. Furnish any incidental work, materials, labor and equipment that are necessary to complete the project, even if such incidental work is not explicitly included in the contract documents.

Note that space around the building is very limited. The building basement extends under the sidewalk in the front of the building and into the alley in the rear of the building. Locate basement portions of the building and underground utilities prior to placing cranes or hoists near the building. Do not place heavy loads over basement areas.

This Request for Quotations also incorporates the attached Specifications: Section 07531 – “Adhered EPDM Roofing”; Section 07591 – “Re-Roofing Preparation” and Section 07620 – “Sheet Metal Flashing and Trim” and an attached drawing labeled “Building 15 – Roof Plan”.

**PURCHASING AFFIDAVIT**

**West Virginia Code §5A-3-10a states:** No contract or renewal of any contract may be awarded by the state or any of its political subdivisions to any vendor or prospective vendor when the vendor or prospective vendor or a related party to the vendor or prospective vendor is a debtor and the debt owed is an amount greater than one thousand dollars in the aggregate

**DEFINITIONS:**

"Debt" means any assessment, premium, penalty, fine, tax or other amount of money owed to the state or any of its political subdivisions because of a judgment, fine, permit violation, license assessment, defaulted workers' compensation premium, penalty or other assessment presently delinquent or due and required to be paid to the state or any of its political subdivisions, including any interest or additional penalties accrued thereon.

"Debtor" means any individual, corporation, partnership, association, limited liability company or any other form or business association owing a debt to the state or any of its political subdivisions. "Political subdivision" means any county commission; municipality; county board of education; any instrumentality established by a county or municipality; any separate corporation or instrumentality established by one or more counties or municipalities, as permitted by law; or any public body charged by law with the performance of a government function or whose jurisdiction is coextensive with one or more counties or municipalities. "Related party" means a party, whether an individual, corporation, partnership, association, limited liability company or any other form or business association or other entity whatsoever, related to any vendor by blood, marriage, ownership or contract through which the party has a relationship of ownership or other interest with the vendor so that the party will actually or by effect receive or control a portion of the benefit, profit or other consideration from performance of a vendor contract with the party receiving an amount that meets or exceeds five percent of the total contract amount.

**EXCEPTION:** The prohibition of this section does not apply where a vendor has contested any tax administered pursuant to chapter eleven of this code, workers' compensation premium, permit fee or environmental fee or assessment and the matter has not become final or where the vendor has entered into a payment plan or agreement and the vendor is not in default of any of the provisions of such plan or agreement.
