## DESCRIPTION

One of the crossings is located at Vanderlip where the SBVR main track crosses U.S. Route 50 west of Romney. The SBVR milepost is 16.99. This crossing is situated in a six degree curve and is 68 feet long. It currently has a Hi-Rail full depth rubber crossing surface.

The other crossing is located at Petersburg Gap where the SBVR main track crosses U.S. Route 220, WV 28 and WV 55. The SBVR milepost is 48.17. This crossing is situated in a four degree curve and is 68 feet long. It currently has an asphalt surface with rail flangeways.

Each crossing will be replaced with a StarTrack II concrete crossing. The contractor will be given a 72-hour window without train traffic to remove the old crossing, excavate the site and install the StarTrack crossing as shown in the attached diagrams. "Flowable Fill" will be used for the base instead of the dense graded aggregate shown in the diagram. The crossing must be centered with respect to the highway and maintain the proper alinement of the track through the crossing. New welded 133RE rail will be used in the U.S. 50 crossing and be welded to the 133RE rail at each end of the crossing. New welded 132RE rail will be used in the Petersburg Gap crossing. On the north end of the crossing, the rail will be comped down to 115RE then to the existing 105DY rail. On the south end of the crossing, the rail will be comped down to 115RE then to the existing 100RB rail.

There is a fair amount of vehicular traffic at each crossing, particularly at U.S. 50. There is no room to construct a detour at either location and neither crossing can be completely closed to vehicular traffic. The contractor shall be responsible for all traffic control and must use a plan approved by the WV Department of Highways. The contractor shall be responsible for the repair of any damage done to the signal system at each crossing and shall make any repairs in a timely fashion so as not to delay rail traffic.

The contractor shall be responsible for all materials required for this project. Rail and all rubber crossing panels removed from the existing crossings shall remain the property of the SBVR and be stacked neatly on SBVR right of way clear of train traffic. The disposal of all other materials removed from the existing crossings shall be the contractor's responsibility. All debris and refuse shall be removed from SBVR property and disposed of properly.

The contractor shall comply with all safety rules and regulations as required by the Federal Railroad Administration, SBVR and other parties as applicable. An SBVR employee will obtain the necessary work authorities and provide radio communication.

The contractor will use Heavy and Highway Construction Rates as established for Hampshire County (U.S. 50 crossing) and Hardy County (Petersburg Gap crossing). These rates are pursuant to WV Code 21-5A, et, seq. and are available at [www.wvsos.com/adlaw/wagerates/heavyhighway06.htm](http://www.wvsos.com/adlaw/wagerates/heavyhighway06.htm). The contractor shall be responsible for submitting certified payrolls to the SRA.

#### BIDDING REQUIREMENTS

Bid must be a total amount that includes all costs associate with this project. The project will be awarded to the lowest qualified bidder. The contractor must have previous experience in the installation of the StarTrack II crossing.

A mandatory prebid meeting will be held at the SRA/SBVR office in Moorefield on Tuesday, July 10, 2007 at 10:00 a.m. This meeting will include a visit to each of the crossings.

**West Virginia Code §5A-3-10a states:** No contract or renewal of any contract may be awarded by the state or any of its political subdivisions to any vendor or prospective vendor when the vendor or prospective vendor or a related party to the vendor or prospective vendor is a debtor and the debt owned is an amount greater than one thousand dollars in the aggregate

**DEFINITIONS:**

"Debt" means any assessment, premium, penalty, fine, tax or other amount of money owed to the state or any of its political subdivisions because of a judgment, fine, permit violation, license assessment, defaulted workers' compensation premium, penalty or other assessment presently delinquent or due and required to be paid to the state or any of its political subdivisions, including any interest or additional penalties accrued thereon.

"Debtor" means any individual, corporation, partnership, association, limited liability company or any other form or business association owing a debt to the state or any of its political subdivisions. "Political subdivision" means any county commission; municipality; county board of education; any instrumentality established by a county or municipality; any separate corporation or instrumentality established by one or more counties or municipalities, as permitted by law; or any public body charged by law with the performance of a government function or whose jurisdiction is coextensive with one or more counties or municipalities. "Related party" means a party, whether an individual, corporation, partnership, association, limited liability company or any other form or business association or other entity whatsoever, related to any vendor by blood, marriage, ownership or contract through which the party has a relationship of ownership or other interest with the vendor so that the party will actually or by effect receive or control a portion of the benefit, profit or other consideration from performance of a vendor contract with the party receiving an amount that meets or exceeds five percent of the total contract amount.

**EXCEPTION:** The prohibition of this section does not apply where a vendor has contested any tax administered pursuant to chapter eleven of this code, workers' compensation premium, permit fee or environmental fee or assessment and the matter has not become final or where the vendor has entered into a payment plan or agreement and the vendor is not in default of any of the provisions of such plan or agreement.

**LICENSING:** Vendors must be licensed and in good standing in accordance with any and all state and local laws and requirements by any state or local agency of West Virginia, including, but not limited to, the West Virginia Secretary of State's Office, the West Virginia Tax Department, West Virginia Insurance Commission, or any other state agencies or political subdivision. Furthermore, the vendor must provide all necessary releases to obtain information to enable the Director or spending unit to verify that the vendor is licensed and in good standing with the above entities.

**CONFIDENTIALITY:** The vendor agrees that he or she will not disclose to anyone, directly or indirectly, any such personally identifiable information or other confidential information gained from the agency, unless the individual who is the subject of the information consents to the disclosure in writing or the disclosure is made pursuant to the agency's policies, procedures and rules. Vendors should visit [www.state.wv.us/admin/purchase/privacy](http://www.state.wv.us/admin/purchase/privacy) for the Notice of Agency Confidentiality Policies.

Under penalty of law for false swearing (West Virginia Code, §61-5-3), it is hereby certified that the vendor acknowledges the information in this said affidavit and are in compliance with the requirements as stated.
