REQUEST FOR QUOTATIONS  
SPECIFICATIONS  
DEP14486

The West Virginia Department of Environmental Protection (DEP) is releasing this request for quotations (RFQ) to qualified vendors to secure an environmental risk assessor to determine ecological and human health risks that may be associated with projects in our Voluntary Remediation and Redevelopment Program (VRRP). As part of this quotation, a mandatory prebid conference will be held to answer questions and provide clarification to vendors. Any changes to the RFQ will result in an addendum being provided to all vendors in attendance at the prebid.

**BACKGROUND**

The West Virginia Department of Environmental Protection (WVDEP), Division of Land Restoration, Office of Environmental Remediation (OER) oversees the Voluntary Remediation and Brownfield Programs which encourages the voluntary clean-up of contaminated sites and redevelopment of abandoned and under-utilized properties. Within this program, human health and ecological risks are evaluated by use of 1 or more levels of evaluation, in order to determine their suitability for reuse, and the need for applying engineering or institutional controls to mitigate remaining site risks.

The primary responsibility for providing an accurate assessment of site risks resides with the Licensed Remediation Specialist (LRS), who is retained by the property owner or interested party, to oversee the site evaluation. Once submitted, the risk assessment is reviewed by an agency Risk Assessor to ensure it complies with applicable regulatory requirements, and is supported by adequate analytical data. In addition, an agency risk assessor is often consulted during the early stages of a site investigation, to assist in developing a sampling and analysis plan. This ensures that samples are collected from appropriate locations, analyzed for relevant contaminants, and that the resulting data are appropriate for use in assessing site risk.

At the present time, risk assessments are most often performed and/or evaluated by agency toxicologists. Due to the variability in workloads of internal personnel, however, and the statutory requirements for timely review of documents submitted to the VRRP, the agency may experience a temporary need for additional capacity in order to meet required review deadlines for risk assessment and related documents. As this need is transient, the agency has determined that it is best met by use of an independent contractor.

**DEFINITION**

An *Environmental Risk Assessor* evaluates the exposure of human and ecological receptors to contaminants in environmental media (soil, groundwater, air) and determines the likelihood that such exposure, over a defined period of time, would result in an adverse impact to the health of the receptor. Because risk assessments are dependent upon mathematical constructs of interactions between living organisms and contaminants in their environments, risk assessors must possess a knowledge of toxicology, statistics, biology, and chemistry, as well as the ability to apply appropriate computer models to simulate contaminant behavior in environmental media and/or contaminant uptake and distribution within a biological system.

In addition to technical skills, a risk assessor should have an understanding of state and federal regulations and guidance specific to risk assessment and environmental law is necessary. A cursory knowledge of related disciplines (e.g. geology, ecology, etc.) is also helpful.

## CONDITIONS

WVDEP will enter into an *open-end contract* with one (1) Risk Assessor. Any expenses incurred while developing this cost proposal are considered incidental to the project and will not be billed to the WVDEP. In addition, WVDEP may contract separately with any source(s) considered qualified, due to their professional specialization, proximity to project site and any other considerations pertinent to the performance of Risk Assessor services by putting the project out for public bid through the Purchasing Division of the Department of Administration.

## SCOPE OF WORK

The work involves assisting the Office of Environmental Remediation in reviewing and making recommendations on risk assessment, risk characterization and risk management related documents and activities submitted and performed by Licensed Remediation Specialists (LRSs). Results of the review must be communicated to both the OER Project Manager and senior OER Toxicologist as a written report that may be included as an attachment to, or summarized in subsequent communication to the LRS.

All results, submittals, and reports shall become the sole property of WVDEP.

At the discretion of the Vendor, any individual possessing sufficient experience in the preparation of human health and ecological risk assessments and/or knowledge in the applicable disciplines of toxicology, statistics, biology, and chemistry may conduct the review. The final report, however, must be prepared by, or under the direction of, an Environmental Risk Assessor, possessing qualifications as listed below.

## QUALIFICATIONS

For purposes of this RFQ, an Environmental Risk Assessor must possess the following qualifications:

- **An earned doctoral degree in a relevant field of study from an accredited university and a minimum of three years of relevant professional experience; or**
- **A Masters of Science degree in a relevant field of study from an accredited university and a minimum of five years of relevant professional experience.**
- **Relevant professional experience must consist of work related directly to risk assessment, risk characterization and risk management activities, including at least one year performed at the supervisory or project manager level.**

***Vendor must submit a current resume of pertinent education and work experience for the qualified individual, including proof of educational qualifications along with their bid. Failure to submit this required information will result in rejection of your bid.***

**NOTE:** The DEP OER reserves the right to request and approve the credentials of any person assigned to perform work under this contract.

**INVOICE:**

A flat rate per hour will be the total charge to the state and will cover the full cost of all work hours including labor, travel and materials. The vendor will be contracted to provide Risk Assessor services on an "as needed" basis only. The vendor will invoice DEP on a monthly basis. All invoices must be accompanied by a sworn statement detailing actual hours worked.

**INDEMNIFICATION:**

The Vendor agrees to indemnify, defend and hold harmless the State and the Agency, their officers, and employees from and against: (1) Any claims or losses for services rendered by any subcontractor, person or firm performing or supplying services, materials or supplies in connection with the performance of the contract; (2) Any claims or losses resulting to any person or entity injured or damaged by the Vendor, its officers, employees, or subcontractors by the publication, translation, reproduction, delivery, performance, use or disposition of any data used under the contract in a manner not authorized by the contract, or by Federal or State statutes or regulations; (3) Any failure of the Vendor, its officers, employees or subcontractors to observe State and Federal laws, including but not limited to labor and wage laws.

**RECORD RETENTION (Access & Confidentiality):**

Vendor shall comply with all applicable Federal and State of West Virginia rules and regulations, and requirements governing the maintenance of documentation to verify any cost of services or commodities rendered under this contract by Vendor. The Vendor shall maintain such records a minimum of five (5) years and make available all records to Agency personnel at Vendor's location during normal business hours upon written request by Agency within 10 days after receipt of the request. Vendor shall have access to private and confidential data maintained by Agency to the extent required for Vendor to carry out the duties and responsibilities defined in this contract. Vendor agrees to maintain confidentiality and security of the data made available and shall indemnify and hold harmless the State and Agency against any and all claims brought by any party attributed to actions of breach of confidentiality by the Vendor, subcontractors, or individuals permitted access by Vendor.

**VENDOR REGISTRATION**

It is not required to be a registered vendor with the WV State Purchasing Division to submit a bid. However, the apparent successful vendor must be registered prior to the award of an actual contract.
