**Addendum #1 - Questions During Pre-Bid Meeting  
For DEP14590  
Dunkard Creek #4 Project**

The following information identifies items to be considered as addenda to the subject project documents.

- The dimensions of the CMP Arch Culvert for each of the Bat Gate Mine Seals shall be 81" x 59" x 20' unless otherwise directed by the WVDEP.
- A Traffic Control Plan shall be provided by the Contractor and approved by the DOH prior to commencing construction activities adjacent to Route 100.
- The Contractor shall locate utilities within the construction limits and make every attempt to avoid disturbing them. If it becomes necessary to relocate utilities, this work shall be paid at invoice cost from the affected utility as approved by WVDEP.

In addition the following questions were addressed at the Pre-Bid Conference. The answers provided herein take precedence over verbal answers at the PBC should there be any conflicts between the two.

- 1.) **Q.** What is the scope of the channels that are to be constructed?  
**A.** The proposed grades are indicated on the profiles shown on Sheet of the Plans.
- 2.) **Q.** Will the Contractor be allowed to waste excess material on-site?  
**A.** Yes, but there should not be any excess material.
- 3.) **Q.** What is the proposed location for the manhole installation?  
**A.** The location was pointed out in the field.
- 4.) **Q.** What is required for sediment control on-site?  
**A.** Hay bales, or silt fence may be substituted for hay bales with approval from WVDEP.
- 5.) **Q.** What are the timber requirements?  
**A.** The Contractor shall stockpile timber on-site for the property owner. Furthermore, the Contractor is directed to minimize, to the extent possible, cutting of trees within the Construction Limits for clearing and grubbing operations.

The Contractor shall have 60 days from the Notice to Proceed to complete construction activities on the project. The \$250 per day liquidated damage clause will be in effect after the 60 days. However, the total performance period will be 365 days from the date of the Notice to Proceed for invoicing purposes.
