Total Cost for RFQ \$ _____

NOTE: This sheet replaces the bid sheet included in the original RFQ.

6. **Our firm uses an hourly billing rate and does not break out indirect costs. Is this acceptable for the cost proposal on this project?** Please see the revised cost sheet. The vendor is required to submit their costs as a single total amount, with no detail referencing indirect costs or any other category. Payment terms will be fixed fee paid upon completion of the entire project, with no progress or other periodic payment.
11. **For this particular RFQ, why did WV include an indirect cost "not to exceed 9%" of direct costs? Although we do not argue WVDE's right to do so, we feel low indirect cost requirements penalize larger vendors that are more likely to have the corporate capacity to complete the scope of work. In past WV RFQs, indirect rates were not provided a separate line in the budget with a such a low cap. Previous RFQs requested total costs reflecting all costs, including indirect and travel. Is not the goal of the RFQ to find the vendor with the lowest total bid for the entire scope of work? We respectfully request an addendum to this RFQ to allow for the opportunity of vendors with large corporate capacities to have an opportunity to bid. See question #6 and the revised cost sheet attached to this addendum.**
