Master Financing Services

Specifications:

Section 1: Operating Environment

1.1 Background:

The state of West Virginia has held a statewide financing contract since 1996. There have been (35) appendices from 2004-2008. The average finance package over the duration of the contract has been \$936,966.00. The financing contract will be available to all West Virginia State Agencies.

Section 2: Scope of Work

2.1 Terms of the Master Lease Purchase Agreement:

The Master Lease Purchase Agreement will control each financing completed, contemplating that an appendix evidencing each financing will be issued through a separate purchase order for each user agency referencing the Agreement. As each agency has its own various accounts, a separate appendix and purchase order must be issued for each financing.

Each appendix will include the State Agency, source of funding, use of equipment, beginning date, term, list of equipment, payment schedule, essential use certificate, tax compliance agreement, no arbitrage certificate, and opinion of counsel, if needed. The payment schedule will specify the amount financed, rate, term payment due dates, and the principal balance (no prepayment penalties or premiums are permitted), payment amount, and interest for each payment. A form appendix is attached to the Agreement. A copy of the acceptance certificate and request for payment is also attached.

A representative of the Department of Administration will coordinate all efforts between Purchasing and the Bidder(s) in finalizing the Agreement and between the user agencies and the Bidder(s) in preparing appendices. The State Comptroller's Office will prepare all documents

necessary (the appendices and acceptance certificate and request for payment), and will submit documents to the Purchasing Division for final processing. All purchase orders released against the contract will be signed by the Director of Purchasing or designee.

The rate of interest will be based upon a percentage of an Index (defined in Section 2.2) and will be fixed on the date of execution of an appendix with payments to be made in arrears. The initial lease payment will be due on the first day of the month following the month in which the appendix was effective, with subsequent payments due on the first day of each following month for the term of the financing, unless otherwise agreed. Lease payments will be calculated on a level payment basis, using a single fixed rate of interest for either: three, four, five, or seven year terms. Interest will be calculated on a 360/365 day basis. The state reserves the right to prepay any lease in whole or in part upon payment of the outstanding principal and accrued interest, in accordance with the Agreement.

2.2 Equipment or Capital Expenditures to Be Purchased

The purchase will be obtained in accordance with Purchasing laws, regulations, and policies, and will consist of personal property capitol expenditures deemed essential. Each financing will be worth a minimum of \$100,000.00 in total purchased. Several items for an agency may be combined into one (1) appendix. Therefore, funds for the appendices will need to be escrowed. Bidders must be able to provide escrowed funds or offer an alternative acceptable to the State.

Total purchases under the Agreement are not expected to exceed \$20,000,000.00 for the initial term of the Agreement. The State does not guarantee that any purchases will be made during the term of the Agreement. It is also not known how the lease amounts will be distributed among the three, four, five, and seven year terms. Furthermore, the exact equipment or capitol expenditure needs of the agencies are not know and will not be surveyed for the purpose of this Request for Quotation (RFQ). However, a listing of equipment financed in the last three (3) years pursuant to the similar financing agreement is attached for the sole purpose of demonstrating past uses and is not to be construed as an indication of future uses.

The State plans to finance only essential needs and to finance such over a period not to exceed its useful life or seven years which ever is less. If the Lessor objects to financing any item, it must provide salient reasoning for such objection. The State will be the final determiner of whether the purchase will be financed. If the Lessor objects to the determination of the State, the Agreement may be terminated at the discretion of the State.

The State of West Virginia may opt to purchase aircraft under this contract. Attached is a copy of the Aircraft Addendum.

2.3 Rate

Each bidder is required to bid a percentage of the index for each of the three, four, five, and seven year lease terms for monthly payments in arrears, as indicated on the attached bid form. The percentage of the index will remain fixed during the term of the Agreement and any renewal or extension thereof. The index is defined as the annualized interest on three, five, or seven Treasury Notes, as reported by the Federal Reserve on a weekly average basis for the week preceding the date of execution of an appendix and as published weekly by the Federal Reserve in Publication H.15, a copy of which is attached for reference purposes.

Section 3: Compliance with Laws and Regulations

The contractor shall procure all necessary permits and licenses to comply with all applicable laws, Federal, State, or municipal, along with all regulations, and ordinances of any regulating body.

The Vendor shall pay any applicable sales, use, or personal property taxes arising out of this contract and the transactions contemplated thereby. Any other taxes levied upon this contract, the transaction, the equipment, or services delivered pursuant here to shall be borne by the contractor. It is clearly understood that the State of West Virginia is exempt from any taxes regarding performance of the scope of work of this contract.

The interpretation of the law concerning Property Tax Ruling 04-07, legal Log 04-21 states "Based upon the information provide and a review of the applicable law, it is my ruling that the interest of Banc One

Leasing Corporation in the tangible personal property that is the subject of a Master Lease Purchase Finance Agreement and the Purchasing Division of the State of West Virginia, on behalf of specified lessees, is a chattel interest subject to ad valorem taxation under the authority of the West Virginia Code 11-3-7a.”

When the property owner receives a tax assessment, that property owner shall remit the applicable assessment to the leasing agency, along with a “paid-in-full” receipt, for timely reimbursement by the specified lessee. It is the responsibility of the lessee to reimburse for any ad valorem tax, not the Department of Administration or the Purchasing Division of the State of West Virginia.

**TAX COMPLIANCE AGREEMENT
AND
NO ARBITRAGE CERTIFICATE**

THIS TAX COMPLIANCE AGREEMENT AND NO ARBITRAGE CERTIFICATE ("Certificate") is issued in connection with the Master Lease Purchase Agreement dated as of DATE (the "Agreement") by and between FINANCING VENDOR, ("Lessor") and the Purchasing Division of the Department of Administration of the State of West Virginia ("Purchasing"), on behalf of duly organized and existing agencies thereof that enter into appendices pursuant thereto ("Lessees").

In connection with the execution and delivery of Appendix No. 2004-XX and related documents (consisting of a Payment Schedule, Equipment Schedule to Appendix No. 2004-XX, Certificate of Essential Use, and Opinion of Lessee's Counsel), all dated as of DATE and constituting Appendix No. 2004-XX under the Agreement (collectively, the "Appendix"), Purchasing and the Lessee ("Lessee") that will be using the items of Equipment subject to the Appendix, by duly authorized officers, hereby certify as follows with respect to the financing of \$PRINCIPAL AMOUNT (the "Takedown Amount") of Equipment pursuant to the Appendix and the Agreement:

1. In General.

- 1.1 This Certificate is executed for the purpose of establishing the reasonable expectations of Purchasing and the Lessee on the date hereof as to future events regarding the financing of certain equipment by Lessee as described in the Agreement and all related documents executed pursuant thereto, including the Appendix.
- 1.2 The undersigned are duly authorized to, and are executing and delivering this Certificate with respect to Purchasing on behalf of Purchasing as an officer of Purchasing, and with respect to the Lessee on behalf of Lessee as an officer of Lessee, each delegated with the responsibility of reviewing, executing and administering the Agreement and the Appendix. This Certificate may be relied upon as the certificate of Purchasing and the Lessee.
- 1.3 The undersigned are familiar with the facts, circumstances and estimates herein certified. To the best of the undersigned's knowledge, information and belief, the expectations contained in this Certificate are reasonable.
- 1.4 Neither Purchasing nor the Lessee has been notified of any listing or proposed listing of it by the Internal Revenue Service as an issuer whose certifications as to arbitrage and related matters may not be relied upon, or of any disqualification of Purchasing or the Lessee by the Internal Revenue Service because a certification made by Purchasing or the Lessee contains a material misrepresentation.

2. Purpose of the Appendix.

The Appendix has been entered into by the Lessee for the purpose of financing the cost of acquiring, equipping and installing certain equipment which is essential to the governmental functions of the Lessee (the "Equipment"), which Equipment is or will be more specifically described in the Acceptance Certificates and Requests for Payment executed or to be executed by the Lessee and made a part of the Appendix. The Appendix was executed and delivered by the Lessee pursuant to the Lease for the purpose of obtaining funds to be paid to the vendors of the Equipment. Included as part of the Appendix is a Payment Schedule which sets forth the principal and interest components of each Lease Payment to be made by the Lessee under the financing transaction evidenced by the Appendix and the Lease. The aggregate principal amount of the financing shown on the Payment Schedule, being the Takedown Amount, is expected to be used to pay the acquisition cost of the Equipment to vendors of the Equipment within six months of the date hereof, with the acquisition cost of each item of Equipment to be paid to the vendor thereof upon execution and delivery by the Lessee to the Lessor of an Acceptance Certificate and Request for Payment with respect thereto.

3. Proceeds of Appendix.

- 3.1 Of the total Takedown Amount of \$PRINCIPAL AMOUNT, \$0 is to be paid to Lessee or the vendors of the Equipment by the Lessor on the date hereof pursuant to Acceptance Certificate(s) and Request(s) for Payment executed by Lessee and attached to the Appendix. The remaining balance of the Takedown Amount, or \$PRINCIPAL AMOUNT, plus interest earnings thereon (the "Acquisition Fund") is expected to be used to pay the remaining acquisition costs of the Equipment on or before the six-month anniversary of the date hereof as a result of the Lessee submitting Acceptance Certificate(s) and Request(s) for Payment with respect thereto by such date. Pending use of the Acquisition Fund to pay Equipment acquisition costs, such amount will be held by the Escrow Agent in escrow, with interest earnings thereon being credited to the account of the Lessee. In the event that the full Acquisition Fund, plus interest earnings thereon, has not been used to pay acquisition costs of Equipment on or before the six-month anniversary of the date hereof, the Lessee hereby agrees that such failure shall constitute notice that no additional funds are needed from the Acquisition Fund created with the proceeds of the Appendix and directs the Lessor to apply such remaining amount, less expenses, on such date first against the lease payment due on that date or, if no lease payment, with any amount remaining after such application to be applied to prepayment of Lessee's lease payment obligation under the Appendix.
- 3.2 To the extent that the Acquisition Fund is invested in certificates of deposit, time deposits or demand deposits with a bank or savings institution provided that such is insured by the Federal Deposit Insurance Corporation, the Lessee will insure that the certificates of deposit are traded on an active secondary market or the financial institution accepting such deposits has certified that the deposits produce a market yield equal to or in excess of the yield on Treasury securities or comparable obligations traded on an active secondary market.

- 3.3 Payments due under the Payment Schedule included as part of the Appendix will be made from funds of Lessee with monies appropriated to it. Lessee does not expect that any sinking or other similar fund for the payment of the principal of and interest on the amount financed pursuant to the Appendix will be created or established.
 - 3.4 The Lessee does not expect to sell or otherwise dispose of the Equipment being financed pursuant to the Appendix, in whole or in part, at a date which is significantly earlier than the due date of the final lease payment due under the Payment Schedule included as part of the Appendix.
 - 3.5 The Takedown Amount represents and equals the purchase price of Appendix. By a Certificate attached hereto as Exhibit A, the Lessor has set out information regarding the fair market value at which the Lessor could transfer its interest in the lease of Equipment pursuant to the Appendix.
4. Exempt Use.
 - 4.1 None of the proceeds of the financing pursuant to the Appendix, or the Equipment, will be used in any "private business use" within the meaning of Section 141(b)(6) of the Internal Revenue Code of 1986, as amended (the "Code").
 - 4.2 None of the proceeds of the financing pursuant to the Appendix will be used, directly or indirectly, to make or finance any loans to non-governmental entities or to any governmental agencies other than Lessee.
5. No Federal Guarantee.
 - 5.1 Payment of the principal or interest due under the Payment Schedule included as part of the financing pursuant to the Appendix is not directly or indirectly guaranteed, in whole or in part, by the United States or an agency or instrumentality thereof.
 - 5.2 No portion of the proceeds of the financing pursuant to the Appendix shall be (i) used in making loans the payment of principal or interest of which are to be guaranteed, in whole or in part, by the United States or any agency or instrumentality thereof, or (ii) invested, directly or indirectly, in federally insured deposits or accounts if such investment would cause the financing pursuant to the Appendix to be "federally guaranteed" within the meaning of Section 149(b) of the Code.

6. Miscellaneous.

- 6.1 The Lessee agrees to comply with the rebate requirement set forth in Section 148(f) of the Code in the event that for any reason the entire proceeds of the Appendix are not expended, and the Acquisition Fund fully depleted, within six months from the date hereof such that Section 148(f)(4)(B) is applicable to the financing pursuant to the Appendix.
- 6.2 The Lessee shall keep a complete and accurate record of all owners or assignees of the Agreement and the financing of Equipment pursuant to the Appendix in form and substance satisfactory to comply with Section 149(a) of the Code.
- 6.3 The Lessor or the Escrow Agent, as applicable shall maintain complete and accurate records establishing the expenditure of the proceeds of the financing pursuant to the Appendix and interest earning thereon.

IN WITNESS WHEREOF, We have executed this Tax Compliance Agreement and No Arbitrage Certificate on behalf of the Purchasing Division of the Department of Administration of the State of West Virginia and the agency of the State of West Virginia named below, as of the _____ day of _____, 200X.

Capitalized terms used in this Aircraft Addendum, but not otherwise defined herein, shall have the meanings ascribed to them in Annex A attached hereto and made a part hereof. Execution of an Aircraft Appendix, by Lessor and a Lessee shall be deemed to constitute execution and acceptance of the terms and conditions of this Aircraft Addendum, and it shall supplement and be a part of the Agreement.

The parties hereto do mutually covenant and agree as follows:

1. **Conditions Precedent.** In addition to any conditions described in the Agreement, Lessee hereby agrees that Lessor's obligation to advance funds for the purchase of an Aircraft shall be both subject to and conditioned upon the satisfaction of all of the conditions specified on Annex B attached hereto and made a part hereof.
2. **Grant of Security Interest.** Notwithstanding any provision to the contrary in the Agreement, as collateral security for the prompt and complete payment and performance as and when due of all of the Obligations, Lessee hereby grants to Lessor a continuing first priority security interest in and lien on, and collaterally assigns to Lessor, all of Lessee's right, title and interest in, to and under all of the following collateral (collectively, the "Collateral"): (i) the Aircraft, (ii) the Airframe, (iii) each of the Engines, (iv) the Parts, (v) the Records; (vi) all present and future Third Party Agreements; (vii) any and all Associated Rights; and (viii) all Proceeds of the foregoing. The foregoing shall not be deemed in any way whatsoever as an agreement by Lessor to permit or allow Lessee to enter into any Third Party Agreements, and Lessee shall only be allowed to enter into any of the foregoing in accordance with the express terms of the Agreement.
3. **Consent to Registration of International Interest.** Lessee hereby consents to the registration of any International Interest arising in connection with any Operative Document in favor of Lessor and hereby authorizes its Professional User Entity to consent to the registration (including all Final Consents thereto) of any International Interest with the International Registry upon request therefor by Lessor. 4. **No Disposition of Collateral or Liens.** Notwithstanding any provision to the contrary in the Agreement, Lessee shall not sell, assign, charter, lease, timeshare, pool, interchange, convey, mortgage, exchange or otherwise transfer or relinquish possession of or dispose of the Aircraft, any part thereof or any of the other Collateral or attempt or offer to do any of the foregoing. In addition, Lessee shall not relinquish possession of the Airframe, any APU, Engine or Part or install any APU, Engine or Part, or permit any APU, any Engine or Part to be installed, on any airframe other than the Airframe except as expressly permitted herein. The foregoing shall not be deemed to prohibit the delivery of possession of the Aircraft, any APU, Engine or Part to another Person for testing, service, repair, maintenance, overhaul or, to the extent permitted hereby, for alteration or modification. Lessee will not create, assume or suffer to exist any Liens on or with respect to the Aircraft, any APU, Engine, Part or any of the other Collateral, or Lessee's interest therein other than Permitted Liens. Lessee will promptly take such action as directed by Lessor to duly discharge any such Lien. If Lessee fails to remove a Lien, Lessor may take such action as it deems appropriate to remove such Lien, but without waiving its other rights hereunder. Lessee will warrant and defend its good and marketable title to the Aircraft and Lessor's first and only perfected security interest in the Collateral, against all claims and demands whatsoever.

5. Use of Aircraft; Maintenance; Modifications; Loaner Engines; Identification; Security.

Footnotes

- The daily effective federal funds rate is a weighted average of rates on brokered trades.
- Weekly figures are averages of 7 calendar days ending on Wednesday of the current week; monthly figures include each calendar day in the month.
- Annualized using a 360-day year or bank interest.
- On a discount basis.
- Interest rates interpolated from data on certain commercial paper trades settled by The Depository Trust Company. The trades represent sales of commercial paper by dealers or direct issuers to investors (that is, the offer side). The 1-, 2-, and 3-month rates are equivalent to the 30-, 60-, and 90-day dates reported on the Board's Commercial Paper Web page (www.federalreserve.gov/releases/cp/).
- An average of dealer bid rates on nationally traded certificates of deposit.
- Bid rates for Eurodollar deposits collected around 9:30 a.m. Eastern time.
- Rate posted by a majority of top 25 (by assets in domestic offices) insured U.S.-chartered commercial banks. Prime is one of several base rates used by banks to price short-term business loans.
- The rate charged for discounts made and advances extended under the Federal Reserve's primary credit discount window program, which became effective January 9, 2003. This rate replaces that for adjustment credit, which was discontinued after January 8, 2003. For further information, see www.federalreserve.gov/boarddocs/press/bcreg/2002/200210312/default.htm. The rate reported is that for the Federal Reserve Bank of New York. Historical series for the rate on adjustment credit as well as the rate on primary credit are available at www.federalreserve.gov/releases/h15/data.htm.
- Yields on actively traded non-inflation-indexed issues adjusted to constant maturities. The 30-year Treasury constant maturity series was discontinued on February 18, 2002, and reintroduced on February 9, 2006. From February 18, 2002, to February 9, 2006, the U.S. Treasury published a factor for adjusting the daily nominal 20-year constant maturity in order to estimate a 30-year nominal rate. Description of the Treasury Nominal and Inflation-Indexed Constant Maturity Series

Yields on Treasury nominal securities at "constant maturity" are interpolated by the U.S. Treasury from the daily yield curve for non-inflation-indexed Treasury securities. This curve, which relates the yield on a security to its time to maturity, is based on the closing market bid yields on actively traded Treasury securities in the over-the-counter market. These market yields are calculated from composites of quotations obtained by the Federal Reserve Bank of New York. The constant maturity yield values are read from the yield curve at fixed maturities, currently 1, 3, and 6 months and 1, 2, 3, 5, 7, 10, 20, and 30 years. This method provides a yield for a 10-year maturity, for example, even if no outstanding security has exactly 10 years remaining to maturity. Similarly, yields on inflation-indexed securities at "constant maturity" are interpolated from the daily yield curve for Treasury inflation protected securities in the over-the-counter market. The inflation-indexed constant maturity yields are read from this yield curve at fixed maturities, currently 5, 7, 10, and 20 years.
