**Technical Questions & Answers**

Question#1: Will product shipment be accepted by Agency personnel?

Answer#1: Agency personnel will facilitate acceptance of shipments (communications, security clearances, forklift for pallets – if notified in advance), but Contractor personnel must be on hand to receive (sign for, verify quantities and conditions, etc).

Question#2: Can contractor store product on site for the entire project duration?

Answer#2: Agency will accommodate contractor with some storage areas if notified in advance of volumes and space needs, but secure locations for storage are limited.

Question#3: Will there be parking provide for contractor vehicles? If not, where will contractors park?

Answer#3: Parking spaces are at a premium on the Capitol Complex. Agency has some available parking spaces for contractors, but it is not near the jobsite, and they are only available sporadically. One space in the loading dock will be available for primary work vehicle (contingent upon size), but otherwise, contractor must provide for parking.

Question#4: Does the IFS, Inc. Decorative Flooring System meet or exceed the minimum specifications? (in response to submitted technical specifications sheets)

Answer#4: The submitted sheets list the specifications for the General Polymers Corporation Decorative Troweled Mortar flooring, an acceptable system based upon the original specifications (Section 09671, Part 2.1.B.5).

Question #5: I understand that this project has been out two times. What system was bid? Who was the company? What were the lowest bides each time it was bid?

Answer #5: This project was previously bid once, but was canceled when no valid bids were received. All bid opening results are available online at [www.state.wv.us/admin/purchase/bids](http://www.state.wv.us/admin/purchase/bids).
