GENERAL TERMS & CONDITIONS REQUEST FOR QUOTATION (RFQ) AND REQUEST FOR PROPOSAL (RFP)

1. Awards will be made in the best interest of the State of West Virginia.
2. The State may accept or reject in part, or in whole, any bid.
3. All quotations are governed by the *West Virginia Code* and the *Legislative Rules* of the Purchasing Division.
4. Prior to any award, the apparent successful vendor must be properly registered with the Purchasing Division and have paid the required \$125 fee.
5. All services performed or goods delivered under State Purchase Order/Contracts are to be continued for the term of the Purchase Order/Contracts, contingent upon funds being appropriated by the Legislature or otherwise being made available. In the event funds are not appropriated or otherwise available for these services or goods, this Purchase Order/Contract becomes void and of no effect after June 30.
6. Payment may only be made after the delivery and acceptance of goods or services.
7. Interest may be paid for late payment in accordance with the *West Virginia Code*.
8. Vendor preference will be granted upon written request in accordance with the *West Virginia Code*.
9. The State of West Virginia is exempt from federal and state taxes and will not pay or reimburse such taxes.
10. The Director of Purchasing may cancel any Purchase Order/Contract upon 30 days written notice to the seller.
11. The laws of the State of West Virginia and the *Legislative Rules* of the Purchasing Division shall govern all rights and duties under the Contract, including without limitation the validity of this Purchase Order/Contract.
12. Any reference to automatic renewal is hereby deleted. The Contract may be renewed only upon mutual written agreement of the parties.
13. **BANKRUPTCY:** In the event the vendor/contractor files for bankruptcy protection, this Contract may be deemed null and void, and terminated without further order.
14. **HIPAA BUSINESS ASSOCIATE ADDENDUM:** The West Virginia State Government HIPAA Business Associate Addendum (BAA), approved by the Attorney General, and available online at the Purchasing Division's web site (<http://www.state.wv.us/admin/purchase/vrc/hipaa.htm>) is hereby made part of the agreement. Provided that, the Agency meets the definition of a Cover Entity (45 CFR §160.103) and will be disclosing Protected Health Information (45 CFR §160.103) to the vendor.
15. **WEST VIRGINIA ALCOHOL & DRUG-FREE WORKPLACE ACT:** If this Contract constitutes a public improvement construction contract as set forth in Article 1D, Chapter 21 of the West Virginia Code ("The West Virginia Alcohol and Drug-Free Workplace Act"), then the following language shall hereby become part of this Contract: "The contractor and its subcontractors shall implement and maintain a written drug-free workplace policy in compliance with the West Virginia Alcohol and Drug-Free Workplace Act, as set forth in Article 1D, Chapter 21 of the West Virginia Code. The contractor and its subcontractors shall provide a sworn statement in writing, under the penalties of perjury, that they maintain a valid drug-free work place policy in compliance with the West Virginia and Drug-Free Workplace Act. It is understood and agreed that this Contract shall be cancelled by the awarding authority if the Contractor: 1) Fails to implement its drug-free workplace policy; 2) Fails to provide information regarding implementation of the contractor's drug-free workplace policy at the request of the public authority; or 3) Provides to the public authority false information regarding the contractor's drug-free workplace policy."

INSTRUCTIONS TO BIDDERS

1. Use the quotation forms provided by the Purchasing Division.
2. **SPECIFICATIONS:** Items offered must be in compliance with the specifications. Any deviation from the specifications must be clearly indicated by the bidder. Alternates offered by the bidder as **EQUAL** to the specifications must be clearly defined. A bidder offering an alternate should attach complete specifications and literature to the bid. The Purchasing Division may waive minor deviations to specifications.
3. Complete all sections of the quotation form.
4. Unit prices shall prevail in case of discrepancy.
5. All quotations are considered F.O.B. destination unless alternate shipping terms are clearly identified in the quotation.
6. **BID SUBMISSION:** All quotations must be delivered by the bidder to the office listed below prior to the date and time of the bid opening. INTRODUCTION

Lakin State Hospital requested an asbestos inspection of the two-story Old Office Building plus partial basement, located in Lakin, WV. This structure has been scheduled for demolition. A walk through re inspection was done November 24, 2008.

Mr. Robert Smith, EPA Accredited and WV Licensed Inspector (WV License No. AI005044), assisted by Mr. Arvin Gibbs, EPA Accredited and WV Licensed Inspector (WV License No. AI005043) inspected this structure on July 23, 2007.

21 samples were collected, were analyzed, and reported.

This inspection report contains the following:

- A building description and summary with description, location, and quantity of asbestos containing material.
- The laboratory name and attached laboratory analysis.
- The certificates and license number of the inspector(s).

SCOPE

The goal of this inspection is to locate and quantify any asbestos containing materials located in or on this structure. Samples were taken from areas based upon both selective and random sampling strategies depending upon the nature of the suspect material and its condition, size, and type.

Non-destructive sampling is taking small samples of material, in areas that are hidden (behind doors, electric switch plates etc.). These locations are not be marked at the sampling point unless requested by the client.

In general, non-destructive sampling will be utilized, unless the inspector suspected asbestos containing material to be located in an inaccessible area, such as pipe insulation in a wall. The inspector, if possible, may have removed a portion of the interfering material to gain sampling access. However, demolition and renovation contractors should be alert that non-sampled asbestos containing materials might be present in such inaccessible areas. These areas include concrete and block walls and metal coverings that could not be accessed at the time of the inspection.

Each sample was assigned a unique sample identification number composed of a three or four digit identification code.

BUILDING DESCRIPTION AND SAMPLE SUMMARY

General notes: **Bolded descriptions indicate an asbestos containing material.**

EXTERIOR DESCRIPTION

- This structure is a two-story brick and block building with basement.
- This structure has approximately 2800 square feet of built up roofing consisting of gravel over rubber membrane over insulation board, **over asbestos containing felt and mastic.**
- The room numbering system for this report used the numbers painted on the doors of each room.
- One out of three window putty samples is positive. Considering the age of the building and the older type windows, we must assume all are positive since the two negative samples could be repair work.
- There is visible **Air O Cell asbestos pipe wrap visible** thru the ceiling of the basement floor. **This could be hidden inside the walls of Room 1 on the first floor and thru the walls to the second floor. This insulation could also be on the piping leading to the radiators on all floors. At the time of inspection, piping for the radiators and bathrooms is inside the block walls.**
- Demolition or renovation contractors must be alert that other asbestos containing pipe insulation could be present in other walls.

INTERIOR DESCRIPTION

- This structure used forced air system.

Analytical Method: Polarized light microscopy using dispersion staining (EPA-600/M4-82-020). PLM should not be used to demonstrate the absence of asbestos in floor tiles. All samples will be held for sixty (60) days unless otherwise requested. This report relates only to items tested and makes no statement as to the contents of surrounding materials. Multi-layered material which have distinct and separable layers shall be reported separately. This report shall not be reproduced, except in full, without written permission. The results of this report should not be used as an endorsement for NVLAP or any other government agency.
