Addendum questions and comments with responses.

Question: On page 5, Part, 2.1 - Location:

Change the address from:

165 11th Avenue, South Charleston, WV 25309

Response: Address to read:

167 11th Avenue, South Charleston, WV 25303.

Question: Was wondering if you might provide the size (square footage) of this project and any anticipated budget for the improvements.

Response: The current hygienic lab building which was built in the early 1950s and has approximately 42,000 sq. ft. which would require complete renovations, with some exception of electrical and HAVC renovations which were completed in 2007. The space for new construction would be to replace space currently being leased, which is approximately 6,000 sq. ft. However, our goal would be to consider plans which accommodate phasing of space into new space during renovations of the 1950s space then completion of renovations to accommodate relocation of labs and staff out of the leased space. Size of the new construction could vary depending on the efficiency of the overall project phasing. The budget for this project will be discussed with the top rank firm during negotiation.

Question: In regards to the above RFQ, can you tell me if any scientific laboratory equipment or laboratory workstations will be quoted at this time?

Response: This project could include recommendations for new equipment and workstations. It will also include space for current equipment recently leased and/or purchased.
