RFQ # PTR09004

SECTION 1 – GENERAL INFORMATION, PURPOSE AND QUALIFICATIONS

1.1 PURPOSE OF WORK

The Federal Transit Administration's (FTA) State Management Review Program assesses the State's implementation of the nonurbanized area formula program (Section 5311), the Job Access and Reverse Commute program (Section 5316) and the New Freedom program (Section 5317) to ensure that they are being administered in accordance with FTA's requirements and are meeting program objectives. To document sub-recipient's compliance with these requirements, the Division of Public Transit (herein referred to as the Division or DPT) has developed the Section 5311, 5316 and 5317 Compliance Review Workbook. The workbook is broken down into four areas – Agency Background, Administration and Management, Operations and Service Provision and Planning and Marketing. Each section is composed of either FTA 5311, 5316 and 5317 requirements, the Division's requirements for these programs and best practices. To view a copy of the workbook, contact Cindy Fish at 304-558-0428 and a copy will be emailed to you. Utilizing the Section 5311, 5316 and 5317 Compliance Review Workbook, the successful bidder shall conduct on-site reviews of all Section 5311, 5316 and 5317 sub-recipients (see Exhibit A). The successful bidder shall first conduct desk reviews by inspecting the Division of Public Transit's records and completing sections of the Section 5311, 5316 and/or 5317 Compliance Review Workbook prior to the site visits. The successful **bidder shall:**

- review initial responses to the Compliance Review Workbook provided by the sub-recipient prior to the on-site visit;
- conduct on-site visits at each sub-recipient and verify compliance with the 5311, 5316 and/or 5317 requirements. Some site visits may take longer than one day and Division of Public Transit personnel may not be present during on-site visits;
- produce a report of findings needing corrective action and recommendations to improve the overall administration of the transit program. The final report on the on-site findings and recommendations must be produced within 30 days of the on-site visit;
- assist in the refinement of the Section 5311, 5316 and/or 5317 Compliance Review Workbook including adding sections that may be required as a result of the reauthorization of SAFETEA-LU;
- provide technical assistance to individual sub-recipients to bring the sub-recipient's programs into compliance with the 5311, 5316 and/or 5317 programs;
- assist the Division in ensuring that any new sub-recipients or current sub-recipients or programs resulting from the reauthorization of SAFETEA-LU are in compliance with Federal Transit Administration regulations (This may not be limited to the 5311, 5316 and/or 5317 programs if the state is required to administer any additional grants.);
- assist in revising the Section 5311, 5316 and/or 5317 program guides;
- conduct workshop(s) on the 5311, 5316 and/or 5317 on-site findings and/or new, changed or deleted FTA requirements;

- assist in the implementation of any new circulars, regulations and/or guidance issued by the FTA for the life of this contract; and
- assist in the implementation of any new programs, guidance and/or regulations that are the result of the reauthorization of SAFETEA-LU.

1.2. EXPERIENCE, MANAGEMENT & TECHNICAL QUALIFICATIONS

All bidders shall have a minimum of three (3) years of work experience with Federal Transit Administration circulars, regulations and guidance. All bidders shall provide specific examples of their work experience and performance including the name(s) of the FTA recipients where work was performed, contact person and phone number, a brief description of the work, duration of work, and whether the work was satisfactorily completed on time.

The bidder's should indicate the length of time in the public transportation industry and demonstrated ability to understand the guidelines or regulations set forth by the Federal Transit Administration, meet contractual agreements and complete the work tasks on time. Examples of experience include, but are not limited to: conducting Federal Transit Administration State Management Reviews; conducting Section 5311 Compliance Reviews for sub-recipients; implementing Section 5311, 5316 and/or 5317 requirements for sub-recipients; providing technical assistance on Section 5311, 5316 and/or 5317 program requirements; developing and reviewing Section 5311, 5316 and/or 5317 policies and procedures; and serving on national panels, committees, boards and working groups relating to the Federal Transit Administration's Section 5311 program. The Division recognizes that since the Section 5316 and 5317 programs were created under SAFETEA-LU, bidders may have limited experience with these programs.

Except for support staff, individuals conducting the on-site reviews shall be experienced in conducting on-site reviews and be fully versed in the regulations, circulars and laws governing the 5311, 5316 and/or 5317 programs. **Examples of work experience which are NOT considered acceptable for this project include, but are not limited to, drug and alcohol reviews/audits; experience with urban transit properties; conducting triennial reviews (relates to urban transit systems only); route and schedule analysis; safety audits/reviews; and planning studies.**

All bidders shall also have experience working with at least two (2) other state departments of transportation in assisting them in complying with regulations governing FTA's Section 5311, 5316 and 5317 programs. This shall include a description of the bidder's organizational structure, resources available to perform the work, plan for directing and controlling the project, including any subcontractors, and qualifications of staff that will be involved in completing the work. All offerer's will be accorded fair and equal treatment with respect to their opportunity for discussion and clarification of offers.

1.10 VENDOR PREFERENCE CERTIFICATION

The Federal Transit Administration's "Third Party Contracting Circular" (4220.1E), requires grantees (the Division) to conduct procurements in a manner that prohibits the use of statutorily or administratively imposed in-State or local geographical preferences in the evaluation of bids or proposals, except in those cases where applicable Federal statutes expressly mandate or encourage geographic preference. Therefore, the in-state vendor preference shall not apply to this procurement since it is partially or entirely funded with Federal Transit Administration funds.

1.11 VENDOR REGISTRATION:

Vendors participating in this process should complete and file a **Vendor Registration and Disclosure Statement** (Form WV-1) and remit the registration fee. Vendor is not required to be a registered Vendor in order to submit a bid, but the **successful Bidder must** register and pay the fee prior to the award of an actual purchase order/contract.

1.12 COST PROPOSAL FORMAT/BID SHEETS

The successful Bidder will be paid only for the services actually provided. The bid amount shall be **all-inclusive**. All travel costs and any other expenses associated with visits to Charleston, workshop sites or the on-site reviews and all other work tasks or items associated with the project

shall be included in the price quote. **All prices should be quoted in whole dollars and submitted on the bid form.**

1.13 TERMINATION

The State may terminate any contract resulting from this RFQ immediately at any time the Vendor fails to carry out its responsibilities or to make substantial progress under the terms of this RFQ and resulting contract. The State shall provide the Vendor with advance notice of performance conditions which are endangering the contract's continuation. If after such notice the Vendor fails to remedy the conditions contained in the notice, within the time period contained in the notice, the State shall issue the Vendor an order to cease and desist any and all work immediately. The State shall be obligated only for services rendered and accepted prior to the date of the notice of termination.

The contract may also be terminated by the State with thirty (30) days prior notice.

1.14 Termination for Convenience

The performance of work under this Contract may be terminated with thirty (30) days written notice by the Director of the Division of Purchasing in accordance with this clause in whole, or from time to time in part, whenever the Purchasing Division shall determine that such termination is in the best interest of the State. Any such termination shall be effected by delivery to the Vendor of a notice of termination specifying the extent to which performance of work under the Contract is terminated, and the date upon which such termination becomes effective.

After receipt of a notice of termination, and except as otherwise directed by the Purchasing Division, the Vendor shall: stop work under the Contract on the date and to the extent specified in the notice of termination; place no further orders or subcontracts for materials, services or facilities, except as may be necessary for completion of such portion of the work under the Contract as is not terminated; terminate all orders and subcontracts to the extent that they relate to the performance of work terminated by the notice of termination; assign to the State in the manner, at the time, and to the extent directed by the Purchasing Division, all of the right, title, and interest of the Vendor under the orders and subcontractors so terminated, in which case the State shall have the right, in its discretion, to settle or pay any or all claims arising out of the termination of such orders and subcontracts; settle all outstanding liabilities and all claims arising out of such termination of orders and subcontracts, with the approval or ratification of the Purchasing Division, to the extent as may be required, which approval or ratification shall be final for all the purposes of this clause, transfer title to the State and deliver in the manner, at the times, and to the extent, if any, directed by Purchasing Division the fabricated or unfabricated parts, work in process, completed work, supplies, and other material produced as part of, or acquired in connection with the performance of, the work terminated, and the completed or partially completed plans, drawing, information and other property which, if the Contract had been completed, would have been required to be furnished to the Division of Public Transit; use its best efforts to sell, in the manner, at the times, to the extent, and at the price(s) directed or authorized by the Purchasing Division, any property of the types referred to above, provided, however, that the Vendor shall not be required to extend credit to any purchaser, and may acquire any such property under the conditions prescribed by and at a price(s) approved by the Purchasing Division, and provided further, that the proceeds of any such transfer or disposition shall be applied in reduction of any payments to be made by the State to the Vendor under this Contract or shall otherwise be credited to the price or cost of the work covered by this Contract or paid in such other manner as the Purchasing Division may direct; complete performance of such part of the work as shall not have been terminated by the notice of termination; and take such action as may be necessary, or as the Purchasing Division may direct, for the protection or preservation of the property

related to this contract which is in the possession of the Vendor and in which the State has or may acquire an interest.

Settlement of claims by the Vendor under this termination for convenience clause shall be in accordance with the provisions set forth in Federal Procurement Regulations (FPR) 18.701 (c), (d), (e), (f), (g), (h), (i), (j), and (k) except that wherever the word "Government" appears, it shall be deleted and the word "State" shall be substituted in lieu thereof.

1.15 Termination for Default

The Director of the Division of Purchasing may, by written notice of default to the Vendor, terminate the whole or any part of this Contract if the Vendor fails to make delivery of the supplies or to perform the services within the time specified herein or any extension thereof; or if the Vendor fails to perform any of the other provisions of the Contract, or so fails to make progress as to endanger performance of this Contract in accordance with its terms, and in either of these two circumstances does not cure such failure within a period of ten (10) days (or such longer period as the Purchasing Division may authorize in writing) after receipt of notice from the Purchasing Division specifying such failure.

If the Contract is terminated in whole or in part for default, the Division of Public Transit may procure, upon such terms and in such manner as the Purchasing Division may deem appropriate, supplies or services similar to those so terminated. The Vendor shall be liable to the Division of Public Transit for any excess costs for such similar supplies or services, and shall continue the performance of this Contract to the extent not terminated under the provisions of this clause.

Except with respect to defaults of subcontractors, the Vendor shall not be liable for any excess costs if the failure to perform the Contract arises out of causes beyond the control and without the fault or negligence of the Vendor. If the failure to perform is caused by the default of a subcontractor, and if such default arises out of causes beyond the control of both the Vendor and subcontractor, and without the fault or negligence of either of them, the Vendor shall not be liable for any excess costs for failure to perform, unless the supplies or services to be furnished by the subcontractor were obtainable from other sources in sufficient time to permit the Vendor to meet the required delivery schedule.

Payment for completed supplies delivered to and accepted by the Division of Public Transit shall be at the Contract price. The Division of Public Transit may withhold from amounts otherwise due the Vendor for such completed supplies such sum as the Purchasing Division determines to be necessary to protect the Division of Public Transit against loss because of outstanding liens or claims of former lien holders. If, after notice of termination of this Contract under the provision of this clause, it is determined for any reason that the Vendor was not in default under the provisions of this clause, or that the default was excusable under the provisions of this clause, the rights and obligations of the parties shall be the same as if the notice of termination had been issued pursuant to termination for convenience of the Division of Public Transit.

The rights and remedies of the Division of Public Transit provided in this clause shall not be exclusive and are in addition to any other rights and remedies provided by law or under this Contract.

Section 2 - DETAILED PROJECT SCOPE AND OBJECTIVES

2.1 SCOPE OF WORK METHODOLOGY

2.1.1 The successful vendor shall complete as much of the 5311, 5316 and/or 5317 Compliance Review Workbook as possible based on the information available in the office of the Division

which is located in Charleston, West Virginia. It is anticipated that this shall be accomplished over several visits to the Division. Division staff shall provide any relevant information to the successful vendor at this time. The initial responses to the compliance Review Workbook will be provided by the sub-recipient prior to the on-site visit. It is the Division's intention to email the sub-recipient's responses to the successful vendor. The Division shall email the 5311, 5316 and/or 5317 compliance Review Workbook to each sub-recipient for completion. The Division and the successful vendor shall mutually agree on the time line for each on-site visit. On-site visits should be scheduled to keep travel costs at a minimum.

2.1.2 The successful vendor shall conduct on-site visits to review the 5311, 5316 and/or 5317 compliance Review Workbook and verify compliance with the 5311, 5316 and/or 5317 requirements. Some site visits may take longer than one day and Division of Public Transit personnel may not be present during all on-site visits.

2.1.3 The successful vendor shall produce a report of findings needing corrective action and recommendations to improve the overall administration of the transit program. The final report on the on-site findings and recommendations must be produced and submitted to the sub-recipient within 30 days of the on-site visit.

2.1.4 The successful vendor shall assist in the refinement of the Section 5311, 5316 and/or 5317 Compliance Review Workbook including adding, deleting and/or changing sections that may be required as a result of the reauthorization of SAFETEA-LU. A goal of this project is to get a compliance workbook that can be completed during a one day on-site visit. The Division does recognize however that the initial on-site reviews may take longer than one day.

2.1.5 The successful vendor shall provide technical assistance to the individual sub-recipients to bring the sub-recipient's programs into compliance with the 5311, 5316 and/or 5317 program. Technical assistance may be provided through the mail, email, on-site or at meetings. Technical assistance shall also be provided to any new sub-recipients to ensure that they have an understanding of the FTA requirements governing the grant program. The consultant may be required to provide the sub-recipients with sample policies and procedures.

2.1.6 The successful vendor shall assist the Division in ensuring that any new sub-recipients or current sub-recipients or programs resulting from the reauthorization of SAFETEA-LU are in compliance with Federal Transit Administration regulations. A public improvement construction contract may not be awarded to a vendor who does not have a written plan for a drug-free workplace policy in compliance with Article 1D, Chapter 21 of the West Virginia Code and who has not submitted that plan to the appropriate contracting authority in timely fashion. For a vendor who is a subcontractor, compliance with Section 5, Article 1D, Chapter 21 of the West Virginia Code may take place before their work on the public improvement is begun.

Such assignment shall be made and become effective at the time the purchasing agency tenders the initial payment to the bidder.

I certify that this bid is made without prior understanding, agreement, or connection with any corporation, firm, limited liability company, partnership or person or entity submitting a bid for the same materials, supplies, equipment or services and is in all respects fair and without collusion or fraud.
