Addendum #02

Q 1. Will you please provide a definition of “qualified financial institution”? If the offeror is not a qualified financial institution but has a qualified financial institution as a subcontractor, will WORKFORCE West Virginia allow proposals from other qualified contractors that are not financial institutions provided they have a qualified financial institution as a subcontractor providing all required banking and financial services?

A 1. A qualified financial institution is an institution equipped to receive, process, and distribute funds for the stated purpose with the necessary insurance protection of said funds. If the vendor is not a qualified financial institution, but has a qualified financial institution as a subcontractor, WORKFORCE West Virginia will allow proposals from other qualified contractors that are not financial institutions provided they have a qualified financial institution as a subcontractor providing all of the required banking and financial services.
