**Vendor Questions and Agency Responses  
BCF10090 – McDowell County File System**

**1. This DHHR Field Office is in fact located in Welch, WV and not Phillippi, WV?**

The address should be: 840 Virginia Ave, Welch, WV 24801

**2. Should all Stationary shelving ranges be mounted on a welded base frame of the same height and construction as the movable carriages?**

No, this is not a requirement.

**3. Should said carriage be mounted on top of the rails that are used to guide the movable carriages so as to be securely fixed in place and established as the end range of the overall shelving system?**

Yes

**4. Being that this is a new construction, will it be required that the floor covering match the file room flooring exactly, as we should be able to procure said floor covering through the floor covering sub contractor?**

Yes

**5. Shouldn't all exposed edges of the file system deck have installed a stainless steel transitional ramp to prevent tripping hazard?**

Yes

**6. May the successful bidder arrange to install the rail and deck system a week or more ahead of the mobile carriages and shelving? This prevents the shelving contractor from creating unnecessary obstacles for the other contractors on site.**

All efforts will be made to accommodate this request.

**7. May the rail and deck be anchored to the concrete floor and leveled with steel shims?**

Yes
