PART 1 GENERAL

1.1 Request for Quotation to provide all labor, material and anything incidental to the acquisition and installation of a fully complete lockable Kardex Kompakt or equal, mobile, lateral, high density filing system as defined herein for the Putnam County office location of the Department of Health & Human Resources. The system must be manually operated and accommodate the approximate stated amount of linear filing inches as specified for 8 ½" x 11" documents. All work will be in compliance with Fire Marshal regulations and all other building codes and industry standards. The award will be made to the overall low bid that complies with the specifications.

1.2 The following is the location where the file system is to be installed and the approximate size of the system. This is a new structure currently under construction and the builder estimates the building will be ready for the file system to be installed on or about December 6, 2010. Bidders - Please note: Your bid can be for more linear file inches than what is requested but bids with less linear file inches will be disqualified.

1.2.1 PUTNAM COUNTY DHHR 20,736 linear filing inches
 3405 Winfield Road
 Winfield, WV 25213

1.2.2 The installed footprint of the system shouldn't exceed 20'w x 24'd and shall not exceed 20'w x 28'd in order to fit in the room. (From the front of the building, the handles will be on the right side.)

1.3 It is the bidder's responsibility to verify all field conditions and building weight limitations prior to bidding. It is also the bidder's responsibility to notify the West Virginia Department of Health & Human Resources in writing, of conditions detrimental to proper and timely completion of the installation. Do not proceed until nonconforming conditions have been corrected.

1.4 The intent of this Request for Quotation is to provide the using office with a high quality, mobile lateral filing system. The foregoing specifications are to be considered nominal and approximate. Minor deviations from the stated specifications are acceptable to facilitate a competitive bid atmosphere provided the intent of the Request for Quotation or the effectiveness of the system is not compromised. No deviation is permitted on the space or configuration requirements. **ALL VENDORS PLEASE NOTE: This system is to be 100% complete. All braces, dividers or any other component necessary to properly utilize the filing system will be included with the initial installation at the offered price. This isn't negotiable and payment will not be made to the vendor if they should fail in any way to meet this requirement.**

PART 2 TECHNICAL SPECIFICATIONS

2.1 TRACKS: Each modular track assembly will consist of two 14 gauge formed steel rails capable of carrying a minimum load of 1000 pounds per linear foot. The rail assembly will be welded to a minimum of 4 corresponding 14 gauge steel support

channels. Track assemblies are leveled by adjusting built-in leveling glides found in the support channel located every 12 inches on center. End stops are installed at each end of the rail assemble to provide a safe, cushioned stop for the mobile carriage. All track assemblies will include a stainless steel decorative cap. This cap will be attached to the front of the track assembly giving it a finished profile.

2.2 CARRIAGES: Carriages consist of sections of "U" shaped formed cold roll steel 13 gauge and 14 gauge stringers and cross members, all electrically welded to form a strong and durable frame. **Each seam will be fully welded. Occasional spot welds that allow the sheet metal surface to bow between welds are unacceptable.**

2.3 WHEELS: Carriage wheels will be double-flanged and 5" in diameter with each wheel having heavy-duty, double sealed, permanently lubricated, ball bearings. There are a total of four wheel assemblies per carriage.

2.4 FINISH: All steel parts are thoroughly cleaned in a three stage iron phosphate washer. Each steel component is then coated with an epoxy powder coat finish using an electrostatic paint system. This paint system ensures a long lasting and durable finish. The end user will make color choice.

2.5 DECKING: Decking will be installed so the tracks will be level with the floor surface. The decking will be as recommended by the filing system manufacturer and will be covered with a finish flooring material. If the filing system manufacturer does not provide a covering, the decking will be covered consistent with surrounding flooring.

2.6 WORKING HEIGHT: The maximum height of the top shelf shall not be higher than what can be accessed by a 5' 2" person. Total installed height shall not exceed 76" and that is nonnegotiable.

2.7 REFERENCE SHELF: There shall be one retractable reference shelf located approximately 38" above the floor surface on each side of each aisle at a point towards the aisle center. The shelf should be capable of holding ten pounds of weight at a fully open position.

2.8 INSTALLATION LOCATION: The system shall be installed in the location known as the file room. The file room was constructed to accommodate a file system measuring approximately 20'w x 23'd and the proposed system cannot exceed the size limitations of the file room including properly sized walk ways and the aisles as required in section 2.10.

2.9 UNDERCARRIAGE ANTI-TIP: For safe operation of the system, an undercarriage anti-tip device shall be provided and bolted to the carriage that has a lip riding in the flange on each rail, (2 per wheel). Anti-tip angles must be constructed of no less than 11 gauge steel and must have a bottom flange (interlocking with rail) of no less than 7/8" wide. Overhead mounted products are unacceptable.

2.10 AISLES: Aisle requirements are minimum distances from a fully open position. The

system will be configured to provide two 34" aisles.

2.11 SHELF DIVIDERS: A minimum of three shelf dividers shall be provided with each shelf opening.

2.12 CONTROLS: The system shall be designed so that the entire file system can be closed by turning the handle on the last shelf unit. The last shelf unit will push all open shelf units to a closed position. The system will be capable of being locked in the closed position.

2.13 WARRANTY AND RESPONSE TIME: Please state the warranty period of the system bid and the response time for warranted and non-warranted repairs. As a mandatory minimum, a response time of 48 hours is requested and nothing less than a one year warranty is acceptable.

2.14 EXISTING EQUIPMENT: The existing Putnam County DHHR office is located at 3979 Rear Teays Valley Road, Hurricane, WV 25526. This location houses an existing Kardex filing system providing approximately 9,828 linear filing inches.

2.15 REMOVING EXISTING EQUIPMENT: The existing equipment as described in Section 2.14 shall be completely removed from its existing installed location and relocated outside to a remote section of the parking lot.

2.16 REUSING EXISTING EQUIPMENT: As a deductive alternate, bidders shall offer a trade-in allowance for the existing file system that will allow the State to essentially sell the existing file system to the contractor and the contractor will be permitted to reuse the shelving, and any other reusable components on the new system. However, any reuse of existing components shall not visibly detract from the new system or have any negative effect on the intended use or warranty. Other than reusing the existing equipment as stated, all other parts shall be new. If the deductive alternate for the trade-in allowance is accepted, Contractor shall own the complete old file system and components that are not reused must be removed from the area no later than December 31, 2010.

PART 3 SPECIAL CONDITIONS

3.1 The contractor shall coordinate all site activities with a designated representative from the physical location.

3.2 The contractor shall be adequately bonded and insured to fully indemnify and hold harmless the property owner and/or the Department of Health & Human Resources from and against any and all claims arising from the performance of this contract.

3.3 The contractor shall complete all work within 60 calendar days after receiving the notice to proceed.

3.4 One payment shall be made at 100% completion pending acceptance by the

Department of Health and Human Resources. The Department of Health & Human Resources reserves the right to withhold payment if the installed system is not in compliance with the specifications.

3.5 The contractor shall pay the higher of the U.S Department of Labor minimum wage rates for all labor performed on site as established for Putnam County pursuant to West Virginia Code Section 21-5-1, et. seq.

3.6 Bidders shall submit one lump-sum base bid for all work and equipment under all the terms and conditions as described herein.

3.7 Bidders shall also submit a deductive alternate for a trade-in allowance to purchase the existing file system as described in Section 2.16.

PURCHASING AFFIDAVIT

West Virginia Code §5A-3-10a states: No contract or renewal of any contract may be awarded by the state or any of its political subdivisions to any vendor or prospective vendor when the vendor or prospective vendor or a related party to the vendor or prospective vendor is a debtor and the debt owed is an amount greater than one thousand dollars in the aggregate.

DEFINITIONS:

"Debt" means any assessment, premium, penalty, fine, tax or other amount of money owed to the state or any of its political subdivisions because of a judgment, fine, permit violation, license assessment, defaulted workers' compensation premium, penalty or other assessment presently delinquent or due and required to be paid to the state or any of its political subdivisions, including any interest or additional penalties accrued thereon.

"Debtor" means any individual, corporation, partnership, association, limited liability company or any other form or business association owing a debt to the state or any of its political subdivisions. "Political subdivision" means any county commission; municipality; county board of education; any instrumentality established by a county or municipality; any separate corporation or instrumentality established by one or more counties or municipalities, as permitted by law; or any public body charged by law with the performance of a government function or whose jurisdiction is coextensive with one or more counties or municipalities. "Related party" means a party, whether an individual, corporation, partnership, association, limited liability company or any other form or business association or other entity whatsoever, related to any vendor by blood, marriage, ownership or contract through which the party has a relationship of ownership or other interest with the vendor so that the party will actually or by effect receive or control a portion of the benefit, profit or other consideration from performance of a vendor contract with the party receiving an amount that meets or exceeds five percent of the total contract amount.

EXCEPTION: The prohibition of this section does not apply where a vendor has contested any tax administered pursuant to chapter eleven of this code, workers' compensation premium, permit fee or environmental fee or assessment and the matter has not become final or where the vendor has entered into a payment plan or agreement and the vendor is not in default of any of the provisions of such plan or agreement.

Under penalty of law for false swearing (*West Virginia Code §61-5-3*), it is hereby certified that the vendor affirms and acknowledges the information in this affidavit and is in compliance with the requirements as stated.
