BPH11084 ADDENDUM:

1. **Question:** The ADP encryption in the RFP is it a proprietary technology or is it an open standard? It is our understanding that this a proprietary technology and only available through one manufacturer? Please confirm if this is correct?
Answer: *Yes it is proprietary and should read "ADP or other optional encryption capability".*

2. **Question:** Also, I noticed on the RFP that it has piggy back language. Most county, state and local municipalities do not have self maintained shops, should our RFP response also include our labor cost? The labor cost could be very expensive on some of these installs for the local municipalities or government agencies so I thought I should ask.
Answer: *No.*

3. **Question:** 2.9 devise must contain software to allow for field configuration of TDMA
Please clarify protocol required for TDMA?
Answer: *Remove references to TDMA : this also negates sections 2.10 and 2.11*

4. **Question:** 2.12 devise shall support field configuration to operate in a digital trunking system. Please clarify what digital trunking protocol is required?
Answer: *Remove references to digital trunking*

5. **Question:** Will awards be made on individual RFQ's/Attachments?
Answer: *No.*

6. **Question:** Sinclair is an Antenna and RF Conditioning product manufacturer and we are interested in bidding on your RFQ# BPH11084. Are we allowed to just bid on the antenna section or do you have to bid on the entire RFQ?
Answer: *You must bid on the entire contract. We want a single vendor for each item requested.*
