RFQ – CSE11118 Addendum # 1

1. Is the Agency/Department only looking for pricing on the software and maintenance services? **Yes. These additional licenses are for a newly implemented document management system installed under a separate contract and are only needed to augment the current license base as more licenses are required than were originally proposed.**

2. Has an analysis been completed for the current OnBase environment where the vendor (TrueComm in this case) does not have to consider the application server, database, or web-server configurations? **This is a newly implemented system and this analysis is not necessary. The vendor does not need to consider those configurations.**
