REQUEST FOR QUOTATION
West Virginia Division of Culture and History,
State Historic Preservation Office
Central West Virginia Historic Resource Survey
RFQ # - DCH11005

Purpose:

The Acquisition and Contract Administration Section of the Purchasing Division (State), on behalf of the Division of Culture and History, State Historic Preservation Office (SHPO), is soliciting a Request for Quotation (RFQ) from qualified firms to provide the service of conducting a reconnaissance level architectural history survey of four counties in central West Virginia.

Location:

The project will document resources in unincorporated areas of all or some of the following West Virginia counties: Calhoun, Wirt, Clay, and Roane.

Background:

One of the responsibilities of the SHPO, as outlined in the National Historic Preservation Act of 1966, is to direct and conduct a comprehensive statewide survey of historic properties. While several of West Virginia's 55 counties have been extensively surveyed in cooperation with federal and state agencies and local governments, the central counties of Calhoun, Wirt, Clay, and Roane have very few documented historic resources.

Scope of Work:

Conduct a reconnaissance-level architectural and history survey of resources in central West Virginia. Resources include buildings, structures, objects, and sites (excluding archaeological sites) per the following specifications:

Item # 1. Complete research and write a brief history of each Calhoun, Wirt, Clay, and Roane Counties to provide a sufficient context for evaluating resources for their National Register eligibility. Each county documented will be in a separate report. Brief histories directly copied or paraphrased from other works (even with citations provided) will not be accepted.

Item # 2. Completion of a West Virginia Historic Property Inventory (HPI) Form for **750** historic resources that are at least 50 years old and retain historic architectural integrity on West Virginia Historic Property Inventory Forms. Individual coverage of the four counties will be determined in consultation with SHPO staff prior to initiation of fieldwork. Each resource will be documented separately. All HPI Forms will be supplied in hard copy format, in either Access or Approach database format, and in PDF format. Each inventory form will be saved as a separate PDF document and saved with the West Virginia survey number. Each HPI Form will be submitted with a minimum of two current photographs. At least one of the photos for each resource will be a three-quarter view showing the main elevation. Photographs must be taken digitally and embedded, in black and white, on the HPI form or on the HPI form continuation sheet. Electronic images must be submitted on CD-R media, must be saved by the West

Virginia survey number, and must meet the National Park Service's standards for electronic images. NPS's Standards may be found at the following link:
http://www.nps.gov/history/NR/publications/guidance/Photo_Policy_final.pdf

Item # 3. Complete United State Geological Survey (USGS) topographic maps detailing resource locations. Maps printed from computer programs will be accepted. Maps must be labeled with name of county, quadrangle name, and resource site numbers. Also documented sites must be digitized as an ESRI shape file using the site number as the identifying attribute. The projection should be UTM 17 NAD 83.

Item # 4. Complete formal written recommendations, with appropriate documentation, as to which resources are eligible for listing in the National Register of Historic Places (NRHP).

Item # 5. Complete a final survey report for each county documented that will combine the brief historic overview of each county, survey methodology, description of property types, USGS maps, and a table of resources and recommendations. Final survey report must also be submitted as a pdf file.

All Items must be submitted electronically and hard copy format.

Methodology:

The survey will be conducted in accordance with the Secretary of the Interior's *Standards for Identification and Evaluation* and the SHPO *Survey and National Register Manual*. Any deviations must be submitted to the SHPO for approval prior to completion of work and documented as approved by the SHPO. All products shall be first submitted to the SHPO in draft format. The SHPO will have 60 days to review all draft materials and provide comments.

Information in reports and HPI forms must be properly documented through citations. The preferred format for notes is either *The Chicago Manual of Style* or Kate Turabian's *A Manual for Writers*.

Based on the cost per HPI form (see "Cost" below), the SHPO will determine how many resources will be documented and which county to begin documenting resources.

Time Frame:

The Project shall be completed by July 31, 2011.

Quotation Submitted:

The proposed quotation shall be good for 90 days upon awarding the contract.

Payment Schedule:

The payment schedule will be rendered in three payments based on work completed and approved by the SHPO. All travel and other expenses related to the project shall be included in the base cost.

1. Following submission of a draft history.

2. Following SHPO review of draft HPI Forms, maps, and photographs.
3. Following final submission and approval by SHPO of all final products.

Cost:

Vendor shall submit a cost breakdown based on the Scope of Work (refer to bidding return sheet).

Mandatory Qualifications:

1. Key personnel assigned to the project must meet the requirements for Historian detailed in 36 CFR 61. Vendor should submit resumes of key personnel.
2. Vendor must have successfully completed three (3) similar projects. Vendor bid should include information (such as the name and location of project) on at least three similar projects and a list of three references to verify previous projects.
