Division of Juvenile Services
RFQ No. DJS010313

The West Virginia Division of Juvenile Services (DJS) is seeking an individual to perform Clinical Polygraph Examinations as a part of the residential treatment program at the Harriet B. Jones Treatment Facility located on the grounds of the WV Industrial Home for Youth. The WV Industrial Home for Youth is located at 7 Industrial Blvd. Salem WV 26426. All examinations will be given at the treatment facility in conjunction with the The Harriet B. Jones Treatment Program that was developed specifically for the treatment of Juveniles who are sexual offenders. The Clinical Polygraph Examination has been incorporated into the treatment program as an assessment tool to confirm information that the resident has already disclosed in treatment and to encourage them to disclose secrets they have been concealing. The results of the polygraph will not be used to acquire any new charges for the resident, but to further the resident's progress in their treatment program.

The polygraph examiner must be experienced in utilizing the following types of examinations:

1. Disclosure Examinations
2. Monitor Examinations
3. Maintenance Examinations
4. Specific Issue Examinations

This specialized area not only requires more knowledge about polygraph, but also requires additional knowledge about this particular group of examinees. The examiner must be able to work with and comprehend what type of verifiable information is obtainable and needed by the treatment team for evaluation and treatment purposes. The ultimate goal of the program is twofold. The first goal is to protect society from being re-victimized by the offender. The second goal is to assure that the offender obtains meaningful treatment while ensuring that no re-offense or criminal conduct goes undetected while in treatment and give insight into the offender's level of risk to reoffend.

To qualify, an examiner must be certified with the American Polygraph Association, West Virginia State Polygraph Licensure and Post-Conviction Sexual Offender Testing (PCSOT) training. The examiner should be experienced with the implementation of the polygraph with sexual offenders in a residential treatment facility and be able to conduct the examination with a non judgmental attitude toward the offender population.

All testing will take place at the facility and will be scheduled in advance. All efforts possible will be taken to schedule tests at a mutually convenient time. The program will accommodate 38 residents and the average resident will be tested at least twice during their treatment. We are estimating that the program will utilize approximately 40-50 examinations per year.

Vendor will bid a per test price to include all supplies and travel expenses. **Vendor MUST provide a resume including copies of all certifications to verify that they meet the minimum requirements of the Request for Quotation.**

This Request for Quotation will be awarded to the lowest bidder meeting all specifications. All invoicing on this contract will be in arrears, no services will be paid for until they have been received.
