The West Virginia State Police (agency) is requesting bids to establish an open end contract with a licensed physician to conduct physical examinations. The pool of employees in need of physical examinations varies somewhat from year to year but can be estimated as follows:

1. Current Employees (In-Service Physicals) conducted January through June – 700
2. Special Circumstances dictated by job assignment or other factors – 10
3. Trooper applicant (Cadet physicals) completed in blocks – 75

General Specifications

The physician awarded this contract must possess the following enumerated qualifications and must be willing and able to adhere to the general schedule set forth herein.

All physicals are to be conducted at the State Police Academy, Professional Development Center, unless special circumstances dictate otherwise and the agency agrees to depart from this procedure. Departures will be rare and only under unusual circumstances.

Physician must be a WV Medical Board Certified Occupational Physician and be competent to evaluate and interpret electrocardiograms, stress electrocardiograms, x-ray films and various other diagnostic studies.

This contract may be awarded to a single physician or other competent vendor. However, a single physician must conduct each and every physical contemplated herein. A pool of physicians or rotation is not acceptable.

Physicals conducted for personnel in categories 2 and 3 (outlined above) must be conducted within fifteen days of the agency's notification of need.

Preliminary testing to include blood, vision, hearing, pulmonary functioning, body composition and vital signs will be conducted under the supervision of the Agency's Registered Nurse and will be completed in advance of the physician's patient examination.

The physician is responsible for the complete HANDS-ON examination of the patient's physical condition, exclusive of the preliminary examination set forth above,

The physician is responsible for the review and interpretation of all laboratory data and testing.

The physician is responsible for providing the patient with insight and guidance regarding any medical problems encountered and referring the patient to other physicians or specialists as required.

The physician is called upon periodically by the agency to render an opinion regarding a patient's fitness for duty and/or coordinating the referral of a patient to qualified specialists for them to render such an opinion.

All expendable supplies and necessary equipment will be furnished by the agency.

The agency's Registered Nurse will be on hand during all physicals to assist as needed.

Schedule

Every sworn member of the agency, numbering approximately 700, is required to complete in-service training once every year, which includes a physical examination for the majority of those affected. In-service training and the associated physicals are conducted at the West Virginia State Police Academy, Professional Development Center, in Institute, WV beginning in February and concluding in late May to early June. Twenty five to thirty five employees requiring physicals are scheduled each week during this period.

The preliminary examination, inclusive of blood sampling and laboratory testing is completed prior to 10:00 AM each Wednesday. The physician must be available each Wednesday beginning at 10:30 AM to conduct patient examinations. The patient pool will be available to the physician from 10:00AM until 10:30 PM.

This procedure is repeated each week with the exception of a very limited number of open weeks, scheduled in advance of the cycle's commencement. Although a total of twenty one hours is allocated each week for the necessary physicals to be accomplished, this time is allotted to allow maximum flexibility for the attending physician.

Upon request and prior to award, physician to supply medical license.
