- B. The successful bidder or vendor shall be called the “Contractor.”
- C. The “Contract” shall refer to the binding agreement that is entered into between the State of West Virginia and the Contractor to provide the services as herein specified.
- D. “Agency Representative” shall be defined as the person designated by the Director of the General Services Division as having authority to act on behalf of the General Services Division.

SECTION 2: SCOPE OF WORK

The successful Contractor shall provide services to monitor fire panels at each building location, notify designated persons on call list per location and provide materials and labor to connect panels for service (enable protocols).

The Contractor shall provide monthly fire alarm monitoring services as set forth and in accordance with all applicable federal, state, and local regulations in buildings owned and operated by the West Virginia Department of Administration.

The Agency has fire alarm panels of differing manufacturers and differing ages. Each of these panels will have different requirements to enable it to communicate with the Contractor's monitoring systems. Some facilities will require modest equipment modification or addition of equipment to enable communications between the fire panel and the monitoring center. A provision for such work is included on a time and materials basis.

The contract awarded as a result of this request will be for the labor and materials necessary to enable communication between existing Agency-owned fire panels and the successful Contractor's monitoring system, plus the monthly fees for said monitoring once it is enabled.

2.1 System Enabling:

Successful Contractor will be given thirty (30) calendar days from the award of contract to enable fire panels and begin providing services as specified above in each building location.

The Contractor shall provide materials and labor to connect panels to monitoring station for service. The Agency will issue release orders by building. Upon issuance of a release order, the successful Contractor shall evaluate existing fire alarm panels and determine if enabling is possible. The successful Contractor shall provide the labor and materials, at rates listed herein, necessary to enable communication to their monitoring system.

If enabling of the panel is not possible the successful Contractor shall notify the Agency in writing and no monitoring services will apply for that building until such time that the Agency provides for a new or repaired fire panel system (this fire panel system repair or replacement is not covered under this contract). Once the work outside the scope of this contract has been completed, the Agency will issue a new release order to the Contractor to begin the enabling process again.

Any and all equipment installed to a State of West Virginia facility will become the property of the State of West Virginia upon payment of invoice for said equipment.

2.2 Monitoring Services

The Contractor shall provide monitoring services at a fixed fee per month for designated locations which have become enabled for services. Contractor shall provide services on a pro-rated basis once enabling has been confirmed in writing to the Agency.

A call list will be provided to the Contractor by the Agency following the award of a contract and will include the local "911" emergency system for the area, a representative of the Agency, and a representative of the Tenant Agency or Agencies.

The Contractor shall verify designated call list per location with the Operations and Maintenance Manager prior to commencement of monitoring services.

2.3 Costs

Monitoring Services: The Contractor shall provide a flat monthly rate for monitoring services for each building to be included under this Contract.

All travel costs must be incorporated into the monthly cost bid.

Enabling Services: The Contractor shall be responsible for all mileage and travel costs, including travel time, associated with the performance of this Contract.

2.4 Facility Access:

Work will be performed during normal business hours, 8:00am to 5:00 pm. Monday through Friday excluding State recognized holidays. Contractor will be afforded access as required to complete work on schedule.

2.5 Facilities

The Contractor shall service added buildings under the same terms and conditions contained herein.

No work other than that specified on the individual release order shall be undertaken by the Contractor.

The Contractor shall provide the Agency with valid email addresses and fax numbers to which release orders may be communicated.

4.2 Invoices
