GENERAL TERMS & CONDITIONS
REQUEST FOR QUOTATION (RFQ) AND REQUEST FOR PROPOSAL (RFP)

1. Awards will be made in the best interest of the State of West Virginia.
2. The State may accept or reject in part, or in whole, any bid.
3. Prior to any award, the apparent successful vendor must be properly registered with the Purchasing Division and have paid the required \$125 fee.
4. All services performed or goods delivered under State Purchase Order/Contracts are to be continued for the term of the Purchase Order/Contracts, contingent upon funds being appropriated by the Legislature or otherwise being made available. In the event funds are not appropriated or otherwise available for these services or goods this Purchase Order/Contract becomes void and of no effect after June 30.
5. Payment may only be made after the delivery and acceptance of goods or services.
6. Interest may be paid for late payment in accordance with the *West Virginia Code*.
7. Vendor preference will be granted upon written request in accordance with the *West Virginia Code*.
8. The State of West Virginia is exempt from federal and state taxes and will not pay or reimburse such taxes.
9. The Director of Purchasing may cancel any Purchase Order/Contract upon 30 days written notice to the seller.
10. The laws of the State of West Virginia and the *Legislative Rules* of the Purchasing Division shall govern the purchasing process.
11. Any reference to automatic renewal is hereby deleted. The Contract may be renewed only upon mutual written agreement of the parties.
12. **BANKRUPTCY:** In the event the vendor/contractor files for bankruptcy protection, the State may deem this contract null and void, and terminate such contract without further order.
13. **HIPAA BUSINESS ASSOCIATE ADDENDUM:** The West Virginia State Government HIPAA Business Associate Addendum (BAA), approved by the Attorney General, is available online at www.state.wv.us/admin/purchase/vrc/hipaa.htm and is hereby made part of the agreement. Provided that the Agency meets the definition of a Cover Entity (45 CFR §160.103) and will be disclosing Protected Health Information (45 CFR §160.103) to the vendor.
14. **CONFIDENTIALITY:** The vendor agrees that he or she will not disclose to anyone, directly or indirectly, any such personally identifiable information or other confidential information gained from the agency, unless the individual who is the subject of the information consents to the disclosure in writing or the disclosure is made pursuant to the agency's policies, procedures, and rules. Vendor further agrees to comply with the Confidentiality Policies and Information Security Accountability Requirements, set forth in <http://www.state.wv.us/admin/purchase/privacy/noticeConfidentiality.pdf>.
15. **LICENSING:** Vendors must be licensed and in good standing in accordance with any and all state and local laws and requirements by any state or local agency of West Virginia, including, but not limited to, the West Virginia Secretary of State's Office, the West Virginia Tax Department, and the West Virginia Insurance Commission. The vendor must provide all necessary releases to obtain information to enable the director or spending unit to verify that the vendor is licensed and in good standing with the above entities.
16. **ANTITRUST:** In submitting a bid to any agency for the State of West Virginia, the bidder offers and agrees that if the bid is accepted the bidder will convey, sell, assign or transfer to the State of West Virginia all rights, title and interest in and to all causes of action it may now or hereafter acquire under the antitrust laws of the United States and the State of West Virginia for price fixing and/or unreasonable restraints of trade relating to the particular commodities or services purchased or acquired by the State of West Virginia. Such assignment shall be made and become effective at the time the purchasing agency tenders the initial payment to the bidder.

I certify that this bid is made without prior understanding, agreement, or connection with any corporation, firm, limited liability company, partnership, or person or entity submitting a bid for the same material, supplies, equipment or services and is in all respects fair and without collusion or fraud. I further certify that I am authorized to sign the certification on behalf of the bidder or this bid.

INSTRUCTIONS TO BIDDERS

1. Use the quotation forms provided by the Purchasing Division. Complete all sections of the quotation form.
2. Items offered must be in compliance with the specifications. Any deviation from the specifications must be clearly indicated by the bidder. Alternates offered by the bidder as **EQUAL** to the specifications must be clearly defined. A bidder offering an alternate should attach complete specifications and literature to the bid. The Purchasing Division may waive minor deviations to specifications.
3. Unit prices shall prevail in case of discrepancy. All quotations are considered F.O.B. destination unless alternate shipping terms are clearly identified in the quotation.
4. All quotations must be delivered by the bidder to the office listed below prior to the date and time of the bid opening. Failure of the bidder to deliver the quotations on time will result in bid disqualifications: Department of Administration, Purchasing Division, 2019 Washington Street East, P.O. Box 50130, Charleston, WV 25305-0130
5. Communication during the solicitation, bid, evaluation or award periods, except through the Purchasing Division, is strictly prohibited (W.Va. C.S.R. §148-1-6.6).

The Acquisition and Contract Administration Section of the Purchasing Division "State" for the West Virginia General Services Division is soliciting quotations to provide services to install replacement light fixtures within Bldg #22 located at 1001 Lee Street, Charleston, WV. This RFQ includes all labor, materials and equipment to provide new replacement interior ceiling grid type lighting fixtures. This document is intended to supplement information provided in the standard "Request for Quotation" and "General Terms and Conditions" issued by the Purchasing Division for this project. Contractors should carefully review all documents.

THIS PROJECT IS PAID FOR WITH FEDERAL FUNDING THROUGH THE AMERICAN RECOVERY AND REINVESTMENT ACT OF 2009. Three major provisions addressed with this project, and which must be adhered to, are the BUY AMERICA ACT, The DAVIS BACON ACT, and the HISTORIC PRESERVATION ACT. The Owner has achieved compliance with the HISTORIC PRESERVATION ACT by having contacted and received approval from the State Historic Preservation Office for this project. By signing the Proposal Form, all bidders verify they understand, accept and will comply with these Federal requirements.

Mandatory Pre-Bid Meeting:

A mandatory pre-bid conference will be held on April 27th, 2011 at 10:00 am. Contractors attending the meeting shall assemble in the lobby of Bldg#22. Bidders are requested to arrive early enough to sign-in prior to the meeting. See Purchasing Division Request for Quotation for additional information.

Site visits subsequent to the Pre-Bid Meeting can be arranged by contacting Larry LeRose at 304-982-0531. Any technical questions arising at or after the pre-bid meeting must be submitted in accordance with the provisions for technical question submission, as detailed in the Request for Quotation. ALL VERBAL REPRESENTATIONS CONCERNING THIS PROJECT ARE NOT BINDING UNTIL SUCH TIME AS IT IS ADDED BY FORMAL ADDENDUM TO THIS SOLICITATION.

Scope of Work:

Project Description

The work consists of furnishing all labor, replacement fixtures, equipment and all miscellaneous supplies to perform a complete grid lighting upgrade with replacement lighting fixtures as specified. Fixtures will be replaced in stairwells and some areas shall require additional lighting circuits to be installed from existing power supply panels. The successful Contractor shall be required to leave the work area clean upon completion each day and remove debris from the site. All applicable local safety and OSHA rules / guidelines, NFPA standards shall be met by the Contractor. Guidelines and standards from the NEC (National Electric Code) version 2011 will apply to this project as minimum standards. The Owner reserves the right to impose a stricter standard as detailed herein.

Successful Contractor shall remove existing light fixtures of various types and replace the removed fixtures with new fixtures in the ceiling grid system as indicated. The existing fixtures indicated by field marking with a "red dot" will be permanently eliminated and replaced with ceiling tile. Quantities of fixtures required and listed herein are subject to contractor field verification. The minimum quantities are furnished as an estimate only. Contractor is responsible for removing old fixtures, replace obsolete wiring and hardware and replace ceiling tile (furnished by GSD) for permanently removed fixtures. Existing circuits will be utilized when possible and when compliant with NEC. Modification shall be required in some areas. Individual external fixture service disconnects will comply with NEC requirements in effect at the time of bidding. Installer will utilize appropriate Flex R4 modular wiring systems for quick external to light fixture disconnects or equal (subject to submittal approval process). Successful Contractor shall furnish an additional 4 complete fixtures of each type above the minimum numbers listed to the Owner as bench-stock.

Fixtures required are as follows:

2X4 Lay-in Fixture:

Cooper/Metalux, 2GC-354T5A-UNV-EBT1-U (or equal):

- 2' Wide, Grid Lay-In, Specification Deep Troffer fixture;

- Wall Bracket assembly fixture
- Premium grade, Electronic ballast
- Acrylic lens
- Color: white
- Complete with bulb, (use item# 1 listed below)

ALL Initial lamping is to be furnished by contractor as follows:

Grid Lay in System Fixture Lamping:

ITEM #1

Sylvania FP54/841/HO/ECO (or equal) for fixtures above 8ft from ground level w/
T5HO ballast QTP2X54T5HO/UNV PSN (or equal). Use bulb FP54/841/HO/ECO (or equal) for
ceilings above 8ft.

OR

ITEM # 2

Sylvania T5 Ballast QTP2X28T5/UNV PSN (or equal) for fixtures mounted at or below the 8ft
ceiling height level. Use bulb FP 28/841/HO/ECO (or equal) for ceilings at or below the 8ft level.

Brand and model specifications are given to establish a level of performance only, and not to limit competition. Bidders wishing to bid based upon substitute brands and models should submit a request to substitute the brand and model they wish to bid as a technical question, per the instructions for submitting technical questions in the Request for Quotation (RFQ). Requests for substitutions **must** be accompanied by technical specifications sheets which demonstrate that the requested fixture or lamp meets the specifications herein; burden of proof is upon the submitter. Approvals and refusals of these requests will be given by addenda to the RFQ.

**GUIDANCE ON DOCUMENTING COMPLIANCE WITH THE RECOVERY
ACT BUY AMERICAN PROVISIONS**

EFFECTIVE DATE: May 24, 2010

**SUBJECT: GUIDANCE FOR RECIPIENTS OF RECOVERY ACT FINANCIAL
ASSISTANCE FROM THE OFFICE OF ENERGY EFFICIENCY AND
RENEWABLE ENERGY ON DOCUMENTING COMPLIANCE WITH THE
RECOVERY ACT BUY AMERICAN PROVISIONS.**

PURPOSE: To provide information on the roles and responsibilities of different stakeholders in documenting compliance with section 1605 (the Buy American provisions) of the Recovery Act.

SCOPE: This guidance applies to State, Local and Tribal Government recipients and sub-recipients (grantees and subgrantees) of Recovery Act financial assistance from the Office of Energy Efficiency and Renewable Energy (EERE).

LEGAL AUTHORITY: Section 1605 of the American Recovery and Reinvestment Act of 2009 (Recovery Act; Pub. L. 111-5) sets forth the Buy American provisions for recipients of Recovery Act financial assistance.

DEFINITIONS: Public building or public work means a public building of, or a public work of, a governmental entity (the United States; the District of Columbia; commonwealths, territories, and minor outlying islands of the United States; state and local governments; and multi-state, regional, or interstate entities which have governmental functions). These buildings and works may include, without limitation, bridges, dams, plants, highways, parkways, streets, subways, tunnels, sewers, mains, power lines, pumping stations, heavy generators, railways, airports, terminals, docks, piers, wharves, ways, lighthouses, buoys, jetties, breakwaters, levees, and canals, and the construction, alteration, maintenance, or repair of such buildings and works.

Indian tribes are also considered governmental entities for the purpose of defining "public building or public work" and are therefore subject to the Buy American provisions of the Recovery Act.

A manufactured good is defined as a good brought to the construction site for incorporation into the public building or work that has been processed into a specific form and shape or combined with other materials to create a material that has a different property than the individual raw materials.

There is no requirement with regard to the origin of components or subcomponents in manufactured goods used in a project, as long as the manufacturing occurs in the United States.¹

GUIDANCE: Recipients of EERE financial assistance funded by the Recovery Act must comply with the requirement in section 1605 that all of the iron, steel, and manufactured goods used for a project for the construction, alteration, maintenance, or repair of a public building or public work be produced in the United States, unless one of the three listed exceptions applies and EERE issues a waiver, or a recipient can legally avail itself of the United States' obligations under international agreements.

Recipients should retain documentation that supports their compliance with the Buy American provisions. During post-award monitoring activities, which may include desk reviews, on-site reviews, audits, and other activities, recipients may be asked to produce records sufficient to verify compliance with the Recovery Act Buy American provisions.

Such documentation could include: (1) language in contractual documents that obligates sub-recipients and/or contractors to comply with the Buy American provisions; (2) receipts for items produced domestically indicating such; (3) a documented certification from the contractor, vendor, distributor, supplier, or manufacturer verifying that the product was manufactured domestically; (4) detailed and verifiable information supporting the claim that the manufactured good has undergone substantial transformation in the United States; and/or (5) other reasonable documentation per the discretion of the state, local, or tribal government financial assistance recipient demonstrating compliance with the Buy American provisions.

There are no specific requirements imposed by the Recovery Act or the Office of Management and Budget (OMB) guidance in 2 CFR 176 concerning the type of documentation necessary to prove compliance with the Recovery Act Buy American provisions. Therefore, grantees are encouraged to reference their obligations under the Department of Energy's Financial Assistance Rules, 10 CFR Part 600 and their individual financial assistance award provisions.

¹ See 2 CFR 176.70(a)(2)(ii).

Department of Energy Financial Assistance Rules

State Recipients

According to the Department of Energy's Financial Assistance Rules found at 10 CFR § 600.220, "Standards for financial management systems," Section (a) and sub-section (a)(2), "A State must expend and account for grant funds in accordance with State laws and procedures for expending and accounting for its own funds. Fiscal control and accounting procedures of the State, as well as its subgrantees and cost-type contractors must be sufficient to -- ...[p]ermit the tracing of funds to a level of expenditures adequate to establish that such funds have not been used in violation of the restrictions and prohibitions of applicable statutes." Additionally, according to 10 C.F.R. § 600.237(a)(1), States shall ensure that every subgrant includes any clauses required by Federal statute and executive orders and their implementing regulations (including the Buy American provisions).

Local Government and Tribal Recipients

The Department of Energy's Financial Assistance Rules found at 10 CFR § 600.220, "Standards for financial management systems," Section (b)(2) *Accounting records*, states that "[g]rantees [other than States] and subgrantees must maintain records which adequately identify the source and application of funds provided for financially-assisted activities..."

For purposes of Buy American documentation, the types of documentation identified in the list above (numbers 1-5) should be sufficient to satisfy the requirements set forth for State, local governments, and tribal recipients in the Financial Assistance Rules. However, States, local governments and tribes are encouraged to consult with their General Counsel's offices, to ensure compliance with the Buy American provisions and 10 CFR § 600.220(a) and (b) more broadly.

OMB Circular A-133

In addition to the procurement documentation guidance provided above, grantees should also be mindful of the standard Federal assistance audit guidance defined in OMB Circular A-133 for state and local governments.

The DOE Acquisition and Financial Assistance Implementation Guide for the American Recovery and Reinvestment Act of 2009 [p. 3-3, section 3.4(1)] states: "Non-Federal entities (States, local governments, tribes and non-profit organizations) are required by the Single Audit Act Amendments of 1996 (Single Audit) and OMB Circular A-133, to have an annual audit of the federal awards (e.g. grant programs)." This requirement generally applies to Non-Federal entities that expend \$500,000 or more in Federal awards in a fiscal year, and stipulates that they shall have a single or program-specific audit conducted for that year, in accordance with the provisions of OMB Circular A-133. Recipients are encouraged to review OMB Circular A-133, Subpart B, Sections 200

through 235 for the audit requirements for Non-Federal assistance recipients. Additionally, recipients should review the Federal Audit Clearinghouse website for instructions on how to appropriately submit Single Audits.

Single Audit Information for Recipients of American Recovery and Reinvestment Act Funds (2 CFR 176 Subpart D and OMB A-133 Compliance Supplement: Appendix VII)

Recovery Act financial assistance recipients subject to OMB Circular A-133 should also closely follow 2 CFR 176.210 (Subpart D) and OMB A-133 Compliance Supplement: Appendix VII, general instructions regarding recipient responsibilities for tracking and documenting sub-recipient expenditures of Recovery Act funds on the Schedule of Expenditures of Federal Awards" (SEFA).

Sub-awards, Sub-recipients and Vendors

The Special Terms and Conditions applicable to Recovery Act funded projects require that the financial assistance recipient flow down the Recovery Act special terms and conditions in any subaward or subcontract.

In 2 C.F.R. § 176.30, the OMB defines the term "sub-award" to include a "legal instrument to provide support for the performance of any portion of the substantive project or program for which the recipient received this award and that the recipient awards to an eligible sub-recipient." A sub-recipient means a "non-Federal entity that expends Federal awards received from a pass-through entity to carry out a Federal program, but does not include an individual that is a beneficiary of such a program. A sub-recipient may also be a recipient of other Federal awards directly from a Federal awarding agency." (2 C.F.R. § 176.30)

Subcontract is defined as "a legal instrument used by a recipient for procurement of property and services needed to carry out the project or program."

Note that the definition of a "sub-recipient" in 2 C.F.R. § 176.30 specifically excludes "the recipient's procurement of property and services needed to carry out the project or program." This section refers to OMB Circular A-133 to distinguish between a sub-recipient and a vendor. A vendor is defined in OMB Circular A-133 as "a dealer, distributor, merchant, or other seller providing goods or services that are required for the conduct of a Federal program. These goods or services may be for an organization's own use or for the use of beneficiaries of the Federal program."

Based on the fact that the Special Terms and Conditions flow down to all subawards and sub-contracts, and the fact that a vendor is not a subawardee, sub-recipient, or sub-contractor, the Recovery Act financial assistance recipient and sub-recipients are not required to flow down the Recovery Act's Special Terms and Conditions to vendors. However, financial assistance recipients, sub-recipients and subawardees are ultimately

responsible for complying with the Special Terms and Conditions, and should take whatever measures they deem necessary to ensure that the Buy American requirements of the Recovery Act are adhered to by their respective vendors.

CONCLUSION: Please be advised that the Department of Energy cannot answer all questions on a case-by-case basis concerning the appropriate levels of documentation needed to verify compliance with the Recovery Act Buy American provisions. Therefore, financial assistance recipients should consult with their legal counsel in order to ascertain whether they have secured adequate documentation in accordance with the Department of Energy's Financial Assistance Rules found at 10 C.F.R. § 600.220.

To summarize, recipients of EERE Recovery Act financial assistance should take the following steps toward demonstrating compliance with the Buy American provisions:

1. State and local governments and tribes must follow their own procurement policies and procedures, per 10 CFR 600.236, "Procurement", and are expected to maintain maximum oversight over their project and procurement activities with regards to Buy American compliance.
2. Recipients should maintain documentation at a level they feel is appropriate to show compliance with the Recovery Act Buy American provisions.
 - a. A list of recommended documentation is outlined above.
3. In addition, in order to ensure broader compliance with any potential audit, grantees should (1) determine whether a single audit or program audit is applicable (see OMB Circular A-133), and should then initiate the appropriate audit review process.
4. Moreover, grantees subject to OMB Circular A-133 should also maintain ongoing compliance with SEFA requirements (2 CFR 176.210 and OMB A-133 Compliance Supplement).

**FINAL DAVIS BACON ACT (DBA) CLAUSES AS APPROVED BY
THE DEPARTMENT OF LABOR (DOL) FOR USE IN FINANCIAL
ASSISTANCE PROGRAMS OTHER THAN WEATHERIZATION
ASSISTANCE PROGRAMS AND LOAN PROGRAMS
November 6, 2009**

Clause XXX. Davis Bacon Act and Contract Work Hours and Safety Standards Act.

Definitions: For purposes of this clause, Clause XXX, Davis Bacon Act and Contract Work Hours and Safety Standards Act, the following definitions are applicable:

- (1) "Award" means any grant, cooperative agreement or technology investment agreement made with Recovery Act funds by the Department of Energy (DOE) to a Recipient. Such Award must require compliance with the labor standards clauses and wage rate requirements of the Davis-Bacon Act (DBA) for work performed by all laborers and mechanics employed by Recipients (other than a unit of State or local government whose own employees perform the construction) Subrecipients, Contractors, and subcontractors.
- (2) "Contractor" means an entity that enters into a Contract. For purposes of these clauses, Contractor shall include (as applicable) prime contractors, Recipients, Subrecipients, and Recipients' or Subrecipients' contractors, subcontractors, and lower-tier subcontractors. "Contractor" does not mean a unit of State or local government where construction is performed by its own employees."
- (3) "Contract" means a contract executed by a Recipient, Subrecipient, prime contractor, or any tier subcontractor for construction, alteration, or repair. It may also mean (as applicable) (i) financial assistance instruments such as grants, cooperative agreements, technology investment agreements, and loans; and, (ii) Sub awards, contracts and subcontracts issued under financial assistance agreements. "Contract" does not mean a financial assistance instrument with a unit of State or local government where construction is performed by its own employees.
- (4) "Contracting Officer" means the DOE official authorized to execute an Award on behalf of DOE and who is responsible for the business management and non-program aspects of the financial assistance process.
- (5) "Recipient" means any entity other than an individual that receives an Award of Federal funds in the form of a grant, cooperative agreement, or technology investment agreement directly from the Federal Government and is financially accountable for the use of any DOE funds or property, and is legally responsible for carrying out the terms and conditions of the program and Award.
- (6) "Subaward" means an award of financial assistance in the form of money, or property in lieu of money, made under an award by a Recipient to an eligible Subrecipient or by a Subrecipient to a lower-tier subrecipient. The term includes financial assistance when provided by any legal agreement, even if the agreement is called a contract, but does not include the Recipient's procurement

of goods and services to carry out the program nor does it include any form of assistance which is excluded from the definition of "Award" above.

(7) "Subrecipient" means a non-Federal entity that expends Federal funds received from a Recipient to carry out a Federal program, but does not include an individual that is a beneficiary of such a program.

(a) Davis Bacon Act

(1) Minimum wages.

(i) All laborers and mechanics employed or working upon the site of the work (or under the United States Housing Act of 1937 or under the Housing Act of 1949 in the construction or development of the project), will be paid unconditionally and not less often than once a week, and, without subsequent deduction or rebate on any account (except such payroll deductions as are permitted by regulations issued by the Secretary of Labor under the Copeland Act (29 CFR part 3)), the full amount of wages and bona fide fringe benefits (or cash equivalents thereof) due at time of payment computed at rates not less than those contained in the wage determination of the Secretary of Labor which is attached hereto and made a part hereof, regardless of any contractual relationship which may be alleged to exist between the Contractor and such laborers and mechanics.

Contributions made or costs reasonably anticipated for bona fide fringe benefits under section 1(b)(2) of the Davis-Bacon Act on behalf of laborers or mechanics are considered wages paid to such laborers or mechanics, subject to the provisions of paragraph (a)(1)(iv) of this section; also, regular contributions made or costs incurred for more than a weekly period (but not less often than quarterly) under plans, funds, or programs which cover the particular weekly period, are deemed to be constructively made or incurred during such weekly period. Such laborers and mechanics shall be paid the appropriate wage rate and fringe benefits on the wage determination for the classification of work actually performed, without regard to skill, except as provided in § 5.5(a)(4). Laborers or mechanics performing work in more than one classification may be compensated at the rate specified for each classification for the time actually worked therein, *provided* that the employer's payroll records accurately set forth the time spent in each classification in which work is performed. The wage determination (including any additional classification and wage rates conformed under paragraph (a)(1)(ii) of this section) and the Davis-Bacon poster (WH-1321) shall be posted at all times by the Contractor and its subcontractors at the site of the work in a prominent and accessible place where it can be easily seen by the workers.

(ii)(A) The Contracting Officer shall require that any class of laborers or mechanics, including helpers, which is not listed in the wage determination and which is to be employed under the Contract shall be classified in conformance with the wage determination. The Contracting Officer shall approve an additional classification and wage rate and fringe benefits therefore only when the following criteria have been met:

(1) The work to be performed by the classification requested is not performed by a classification in the wage determination;

(2) The classification is utilized in the area by the construction industry; and

(3) The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination.

(B) If the Contractor and the laborers and mechanics to be employed in the classification (if known), or their representatives, and the Contracting Officer agree on the classification and wage rate (including the amount designated for fringe benefits where appropriate), a report of the action taken shall be sent by the Contracting Officer to the Administrator of the Wage and Hour Division, U.S. Department of Labor, Washington, DC 20210. The Administrator, or an authorized representative, will approve, modify, or disapprove every additional classification action within 30 days of receipt and so advise the Contracting Officer or will notify the Contracting Officer within the 30-day period that additional time is necessary.

(C) In the event the Contractor, the laborers or mechanics to be employed in the classification or their representatives, and the Contracting Officer do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), the Contracting Officer shall refer the questions, including the views of all interested parties and the recommendation of the Contracting Officer, to the Administrator for determination. The Administrator, or an authorized representative, will issue a determination within 30 days of receipt and so advise the Contracting Officer or will notify the Contracting Officer within the 30-day period that additional time is necessary.

(D) The wage rate (including fringe benefits where appropriate) determined pursuant to paragraphs (a)(1)(ii)(B) or (C) of this section, shall be paid to all workers performing work in the classification under this Contract from the first day on which work is performed in the classification.

(iii) Whenever the minimum wage rate prescribed in the Contract for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly rate, the Contractor shall either pay the benefit as stated in the wage determination or shall pay another bona fide fringe benefit or an hourly cash equivalent thereof.

(iv) If the Contractor does not make payments to a trustee or other third person, the Contractor may consider as part of the wages of any laborer or mechanic the amount of any costs reasonably anticipated in providing bona fide fringe benefits under a plan or program, *provided* that the Secretary of Labor has found, upon the written request of the Contractor, that the applicable standards of the Davis-Bacon Act have been met. The Secretary of Labor may require the Contractor to set aside in a separate account assets for the meeting of obligations under the plan or program.

(2) Withholding. The Department of Energy or the Recipient or Subrecipient shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld from the Contractor under

this Contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to Davis-Bacon prevailing wage requirements, which is held by the same prime contractor, so much of the accrued payments or advances as may be considered necessary to pay laborers and mechanics, including apprentices, trainees, and helpers, employed by the Contractor or any subcontractor the full amount of wages required by the Contract. In the event of failure to pay any laborer or mechanic, including any apprentice, trainee, or helper, employed or working on the site of the work (or under the United States Housing Act of 1937 or under the Housing Act of 1949 in the construction or development of the project), all or part of the wages required by the Contract, the Department of Energy, Recipient, or Subrecipient, may, after written notice to the Contractor, sponsor, applicant, or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds until such violations have ceased.

(3) Payrolls and basic records.

(i) Payrolls and basic records relating thereto shall be maintained by the Contractor during the course of the work and preserved for a period of three years thereafter for all laborers and mechanics working at the site of the work (or under the United States Housing Act of 1937, or under the Housing Act of 1949, in the construction or development of the project). Such records shall contain the name, address, and social security number of each such worker, his or her correct classification, hourly rates of wages paid (including rates of contributions or costs anticipated for bona fide fringe benefits or cash equivalents thereof of the types described in section 1(b)(2)(B) of the Davis-Bacon Act), daily and weekly number of hours worked, deductions made, and actual wages paid. Whenever the Secretary of Labor has found under 29 CFR 5.5(a)(1)(iv) that the wages of any laborer or mechanic include the amount of any costs reasonably anticipated in providing benefits under a plan or program described in section 1(b)(2)(B) of the Davis-Bacon Act, the Contractor shall maintain records which show that the commitment to provide such benefits is enforceable, that the plan or program is financially responsible, and that the plan or program has been communicated in writing to the laborers or mechanics affected, and records which show the costs anticipated or the actual cost incurred in providing such benefits. Contractors employing apprentices or trainees under approved programs shall maintain written evidence of the registration of apprenticeship programs and certification of trainee programs, the registration of the apprentices and trainees, and the ratios and wage rates prescribed in the applicable programs.

(ii) (A) The Contractor shall submit weekly for each week in which any Contract work is performed a copy of all payrolls to the Department of Energy if the agency is a party to the Contract, but if the agency is not such a party, the Contractor will submit the payrolls to the Recipient or Subrecipient (as applicable), applicant, sponsor, or owner, as the case may be, for transmission to the Department of Energy. The payrolls submitted shall set out accurately and completely all of the information required to be maintained under 29 CFR 5.5(a)(3)(i), except that full social security numbers and home addresses shall not be included on weekly transmittals. Instead, the payrolls shall only need to include an individually identifying number for each employee (e.g., the last four digits of the employee's social security number). The required weekly payroll information may be submitted in any form desired. Optional Form WH-347 is available for this purpose from the Wage and

Hour Division Web site at <http://www.dol.gov/esa/whd/forms/wh347instr.htm> or its successor site. The prime Contractor is responsible for the submission of copies of payrolls by all subcontractors. Contractors and subcontractors shall maintain the full social security number and current address of each covered worker, and shall provide them upon request to the Department of Energy if the agency is a party to the Contract, but if the agency is not such a party, the Contractor will submit them to the Recipient or Subrecipient (as applicable), applicant, sponsor, or owner, as the case may be, for transmission to the Department of Energy, the Contractor, or the Wage and Hour Division of the Department of Labor for purposes of an investigation or audit of compliance with prevailing wage requirements. It is not a violation of this section for a prime contractor to require a subcontractor to provide addresses and social security numbers to the prime contractor for its own records, without weekly submission to the sponsoring government agency (or the Recipient or Subrecipient (as applicable), applicant, sponsor, or owner).

(B) Each payroll submitted shall be accompanied by a "Statement of Compliance," signed by the Contractor or subcontractor or his or her agent who pays or supervises the payment of the persons employed under the Contract and shall certify the following:

(1) That the payroll for the payroll period contains the information required to be provided under § 5.5 (a)(3)(ii) of Regulations, 29 CFR part 5, the appropriate information is being maintained under § 5.5 (a)(3)(i) of Regulations, 29 CFR part 5, and that such information is correct and complete;

(2) That each laborer or mechanic (including each helper, apprentice, and trainee) employed on the Contract during the payroll period has been paid the full weekly wages earned, without rebate, either directly or indirectly, and that no deductions have been made either directly or indirectly from the full wages earned, other than permissible deductions as set forth in Regulations, 29 CFR part 3;

(3) That each laborer or mechanic has been paid not less than the applicable wage rates and fringe benefits or cash equivalents for the classification of work performed, as specified in the applicable wage determination incorporated into the Contract.

(C) The weekly submission of a properly executed certification set forth on the reverse side of Optional Form WH-347 shall satisfy the requirement for submission of the "Statement of Compliance" required by paragraph (a)(3)(ii)(B) of this section.

(D) The falsification of any of the above certifications may subject the Contractor or subcontractor to civil or criminal prosecution under section 1001 of title 18 and section 3729 of title 31 of the United States Code.

(iii) The Contractor or subcontractor shall make the records required under paragraph (a)(3)(i) of this section available for inspection, copying, or transcription by authorized representatives of the Department of Energy or

the Department of Labor, and shall permit such representatives to interview employees during working hours on the job. If the Contractor or subcontractor fails to submit the required records or to make them available, the Federal agency may, after written notice to the Contractor, sponsor, applicant, or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds. Furthermore, failure to submit the required records upon request or to make such records available may be grounds for debarment action pursuant to 29 CFR 5.12.

(4) Apprentices and trainees—

(i) Apprentices. Apprentices will be permitted to work at less than the predetermined rate for the work they performed when they are employed pursuant to and individually registered in a bona fide apprenticeship program registered with the U.S. Department of Labor, Employment and Training Administration, Office of Apprenticeship Training, Employer and Labor Services, or with a State Apprenticeship Agency recognized by the Office, or if a person is employed in his or her first 90 days of probationary employment as an apprentice in such an apprenticeship program, who is not individually registered in the program, but who has been certified by the Office of Apprenticeship Training, Employer and Labor Services or a State Apprenticeship Agency (where appropriate) to be eligible for probationary employment as an apprentice. The allowable ratio of apprentices to journeymen on the job site in any craft classification shall not be greater than the ratio permitted to the Contractor as to the entire work force under the registered program. Any worker listed on a payroll at an apprentice wage rate, who is not registered or otherwise employed as stated above, shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any apprentice performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. Where a Contractor is performing construction on a project in a locality other than that in which its program is registered, the ratios and wage rates (expressed in percentages of the journeyman's hourly rate) specified in the Contractor's or subcontractor's registered program shall be observed. Every apprentice must be paid at not less than the rate specified in the registered program for the apprentice's level of progress, expressed as a percentage of the journeymen hourly rate specified in the applicable wage determination. Apprentices shall be paid fringe benefits in accordance with the provisions of the apprenticeship program. If the apprenticeship program does not specify fringe benefits, apprentices must be paid the full amount of fringe benefits listed on the wage determination for the applicable classification. If the Administrator determines that a different practice prevails for the applicable apprentice classification, fringes shall be paid in accordance with that determination. In the event the Office of Apprenticeship Training, Employer and Labor Services, or a State Apprenticeship Agency recognized by the Office, withdraws approval of an apprenticeship program, the Contractor will no longer be permitted to utilize apprentices at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(ii) Trainees. Except as provided in 29 CFR 5.16, trainees will not be permitted to work at less than the predetermined rate for the work

performed unless they are employed pursuant to and individually registered in a program which has received prior approval, evidenced by formal certification by the U.S. Department of Labor, Employment and Training Administration. The ratio of trainees to journeymen on the job site shall not be greater than permitted under the plan approved by the Employment and Training Administration. Every trainee must be paid at not less than the rate specified in the approved program for the trainee's level of progress, expressed as a percentage of the journeyman hourly rate specified in the applicable wage determination. Trainees shall be paid fringe benefits in accordance with the provisions of the trainee program. If the trainee program does not mention fringe benefits, trainees shall be paid the full amount of fringe benefits listed on the wage determination unless the Administrator of the Wage and Hour Division determines that there is an apprenticeship program associated with the corresponding journeyman wage rate on the wage determination which provides for less than full fringe benefits for apprentices. Any employee listed on the payroll at a trainee rate who is not registered and participating in a training plan approved by the Employment and Training Administration shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any trainee performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. In the event the Employment and Training Administration withdraws approval of a training program, the Contractor will no longer be permitted to utilize trainees at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(iii) Equal employment opportunity. The utilization of apprentices, trainees, and journeymen under this part shall be in conformity with the equal employment opportunity requirements of Executive Order 11246, as amended and 29 CFR part 30.

(5) Compliance with Copeland Act requirements. The Contractor shall comply with the requirements of 29 CFR part 3, which are incorporated by reference in this Contract.

(6) Contracts and Subcontracts. The Recipient, Subrecipient, the Recipient's, and Subrecipient's contractors and subcontractor shall insert in any Contracts the clauses contained herein in(a)(1) through (10) and such other clauses as the Department of Energy may by appropriate instructions require, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The Recipient shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all of the paragraphs in this clause.

(7) Contract termination: debarment. A breach of the Contract clauses in 29 CFR 5.5 may be grounds for termination of the Contract, and for debarment as a contractor and a subcontractor as provided in 29 CFR 5.12.

(8) Compliance with Davis-Bacon and Related Act requirements. All rulings and interpretations of the Davis-Bacon and Related Acts contained in 29 CFR parts 1, 3, and 5 are herein incorporated by reference in this Contract.

(9) Disputes concerning labor standards. Disputes arising out of the labor standards provisions of this Contract shall not be subject to the general disputes clause of this Contract. Such disputes shall be resolved in accordance with the

procedures of the Department of Labor set forth in 29 CFR parts 5, 6, and 7. Disputes within the meaning of this clause include disputes between the Recipient, Subrecipient, the Contractor (or any of its subcontractors), and the contracting agency, the U.S. Department of Labor, or the employees or their representatives.

(10) Certification of eligibility.

(i) By entering into this Contract, the Contractor certifies that neither it (nor he or she) nor any person or firm who has an interest in the Contractor's firm is a person or firm ineligible to be awarded Government contracts by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1).

(ii) No part of this Contract shall be subcontracted to any person or firm ineligible for award of a Government contract by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1).

(iii) The penalty for making false statements is prescribed in the U.S. Criminal Code, 18 U.S.C. 1001.

(b) Contract Work Hours and Safety Standards Act. As used in this paragraph, the terms laborers and mechanics include watchmen and guards.

(1) Overtime requirements. No Contractor or subcontractor contracting for any part of the Contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.

(2) Violation; liability for unpaid wages; liquidated damages. In the event of any violation of the clause set forth in paragraph (b)(1) of this section, the Contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such Contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in paragraph (b)(1) of this section, in the sum of \$10 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph (b)(1) of this section.

(3) Withholding for unpaid wages and liquidated damages. The Department of Energy or the Recipient or Subrecipient shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the Contractor or subcontractor under any such contract or any other Federal contract with the same prime Contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor, such sums as may be determined to be necessary to satisfy any liabilities of such Contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in paragraph (b)(2) of this section.

(4) Contracts and Subcontracts. The Recipient, Subrecipient, and Recipient's and Subrecipient's contractor or subcontractor shall insert in any Contracts, the clauses set forth in paragraph (b)(1) through (4) of this section and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The Recipient shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in paragraphs (b)(1) through (4) of this section.

(5) The Contractor or subcontractor shall maintain payrolls and basic payroll records during the course of the work and shall preserve them for a period of three years from the completion of the Contract for all laborers and mechanics, including guards and watchmen, working on the Contract. Such records shall contain the name and address of each such employee, social security number, correct classifications, hourly rates of wages paid, daily and weekly number of hours worked, deductions made, and actual wages paid. The records to be maintained under this paragraph shall be made available by the Contractor or subcontractor for inspection, copying, or transcription by authorized representatives of the Department of Energy and the Department of Labor, and the Contractor or subcontractor will permit such representatives to interview employees during working hours on the job.

**GUIDANCE ON MANUFACTURED GOODS AND SUBSTANTIAL
TRANSFORMATION FOR FINANCIAL ASSISTANCE AWARDS**

EFFECTIVE DATE: MAY 24, 2010

**SUBJECT: GUIDANCE ON MANUFACTURED GOODS AND SUBSTANTIAL
TRANSFORMATION FOR FINANCIAL ASSISTANCE AWARDS**

SCOPE: This guidance applies to all state, local and tribal government recipients and sub-recipients (grantees and subgrantees) of Recovery Act financial assistance from the Office of Energy Efficiency and Renewable Energy (EERE).

LEGAL AUTHORITY: Section 1605 of the American Recovery and Reinvestment Act of 2009 (Recovery Act; Pub. L. 111-5) sets forth the Buy American provisions for recipients of Recovery Act financial assistance. The Office of Management and Budget (OMB) issued interim final guidance (2 CFR Part 176) for implementing the Buy American provision on April 23, 2009 at 74 Federal Register 18449.

GUIDANCE: Section 1605 of the Recovery Act states, "None of the funds appropriated or otherwise made available by this Act may be used for a project for the construction, alteration, maintenance, or repair of a public building or public work unless all of the iron, steel, and manufactured goods used in the project are produced in the United States." The Office of Management and Budget's (OMB) guidance on implementing this section defines "manufactured good" as a "good brought to the construction site for incorporation into the building or work that has been processed into a specific form and shape; or combined with other raw material to create a material that has different properties than the properties of the individual raw materials." *See* 2 C.F.R. § 176.140(a)(1).

The OMB guidelines further define a "domestic manufactured good" as "a manufactured good that consists in whole or in part of materials from another country, has been substantially transformed in the United States into a new and different manufactured good distinct from the materials from which it was transformed. There is no requirement with regard to the origin of components or subcomponents in manufactured goods or products, as long as the manufacture of the goods occurs in the United States." *See* 2 C.F.R. § 176.160(a).

We interpret, "Produced in the United States," to mean that the production or manufacturing facility is physically located in the United States or its territories. The domicile of the parent company, subsidiary, distributor, or supplier is not relevant for determining compliance with the Recovery Act Buy American provision.

Substantial transformation has long been applied in judicial and administrative customs cases on labeling, national origin, and other Federal statutory requirements as the appropriate and effective way to identify where a good was manufactured. The courts have determined what constitutes substantial transformation on a case-by-case basis. The Environmental Protection Agency (EPA) has issued guidance for its Recovery Act projects interpreting the substantial transformation test found at *Complying with ARRA Buy American Provisions for SRF-Funded Projects*, June 22, 2009 www.epa.gov/water/eparecovery. The following questions provided therein may be helpful to determine whether or not substantial transformation has occurred. It is likely that substantial transformation has occurred in the U.S. if the answer is "yes" to either (or a combination of) Question 1, 2, or 3 below:

1. Were all of the components of the manufactured good manufactured in the U.S., and were all of the components assembled into the final production in the U.S.? (If the answer is yes, then it is clearly manufactured in the U.S., and the inquiry is complete.)
2. Was there a change in character for use of the good or the components in the U.S.? (These questions are asked about the finished good as a whole, not about each individual component.)
 - a. Was there a change in the physical and/or chemical properties or characteristics designed to alter the functionality of the good?
 - b. Did the manufacturing or processing operation result in a change of a product(s) with one use into a product with a different use?
 - c. Did the manufacturing or processing operation result in the narrowing of the range of possible uses of a multi-use product?

If the answer is yes to any of 2a, 2b, or 2c, then the answer to Q.2 is yes.

3. Was/were the processe(s) performed in the U.S. (including but not limited to assembly) complex and meaningful?
 - a. Did the process(es) take a substantial amount of time?
 - b. Was/were the process(es) costly?
 - c. Did the process(es) require a number of different operations?
 - d. Did the processes require particular high level skills?
 - e. Was substantial value added in the process(es)?

If the answer is yes to at least two of 3a, 3b, 3c, 3d, or 3e, then the answer to Q.3 is yes.

These questions all focus on manufacturing, processing, assembly, or integration of the components or subcomponents into a finished good. Design, planning, procurement, component production, or any other step prior to the process of physically bringing together the components into the item used in and incorporated into the Recovery Act project cannot constitute part of substantial transformation.

If the parts at issue are components (or subcomponents) of a larger manufactured good that is domestically manufactured, or substantially transformed, in the United States, then the Buy American Recovery Act requirement does not apply.

The responsibility for determining whether the parts are components of a larger manufactured good, and whether the good is manufactured in the United States rests with the Recovery Act financial assistance recipient. Recipients should consult with their own legal counsel concerning the basis for substantial transformation. Based on the requirements of the Recovery Act and OMB's guidance on the Recovery Act, DOE cannot approve or disapprove a Recovery Act recipient's determination that a manufactured good has been substantially transformed in the United States. However, DOE Contracting Officers may request additional information to support the credibility of the recipient's analysis of substantial transformation. It is the recipient's responsibility to ensure that all information and documentation that supports a substantial transformation determination is accurate and complete and is retained for audit purposes. If recipients have reasonable doubt about the substantial transformation of a given manufactured good, and they believe that one of the exceptions outlined in the Recovery Act apply (such as domestic "nonavailability"), then the recipient may apply for a waiver based on that exception.

PURCHASING AFFIDAVIT

West Virginia Code §5A-3-10a states: No contract or renewal of any contract may be awarded by the state or any of its political subdivisions to any vendor or prospective vendor when the vendor or prospective vendor or a related party to the vendor or prospective vendor is a debtor and the debt owed is an amount greater than one thousand dollars in the aggregate.

DEFINITIONS:

"Debt" means any assessment, premium, penalty, fine, tax or other amount of money owed to the state or any of its political subdivisions because of a judgment, fine, permit violation, license assessment, defaulted workers' compensation premium, penalty or other assessment presently delinquent or due and required to be paid to the state or any of its political subdivisions, including any interest or additional penalties accrued thereon.

"Debtor" means any individual, corporation, partnership, association, limited liability company or any other form or business association owing a debt to the state or any of its political subdivisions. "Political subdivision" means any county commission; municipality; county board of education; any instrumentality established by a county or municipality; any separate corporation or instrumentality established by one or more counties or municipalities, as permitted by law; or any public body charged by law with the performance of a government function or whose jurisdiction is coextensive with one or more counties or municipalities. "Related party" means a party, whether an individual, corporation, partnership, association, limited liability company or any other form or business association or other entity whatsoever, related to any vendor by blood, marriage, ownership or contract through which the party has a relationship of ownership or other interest with the vendor so that the party will actually or by effect receive or control a portion of the benefit, profit or other consideration from performance of a vendor contract with the party receiving an amount that meets or exceed five percent of the total contract amount.

EXCEPTION: The prohibition of this section does not apply where a vendor has contested any tax administered pursuant to chapter eleven of this code, workers' compensation premium, permit fee or environmental fee or assessment and the matter has not become final or where the vendor has entered into a payment plan or agreement and the vendor is not in default of any of the provisions of such plan or agreement.

Under penalty of law for false swearing (*West Virginia Code §61-5-3*), it is hereby certified that the vendor affirms and acknowledges the information in this affidavit and is in compliance with the requirements as stated.
