ACTUARIAL REVIEW AND CONSULTING SERVICES FOR HEALTH INSURANCE RATE FILINGS

The West Virginia Offices of the Insurance Commissioner (OIC), an agency of the West Virginia Department of Revenue, is seeking quotations from qualified actuarial firms for actuarial rate review of health insurers' filings and consulting services. The recent passage of the Patient Protection and Affordable Care Act (PPACA) has resulted in new standards for states reviewing premium increases for health insurers and requires information and recommendations be provided to the Secretary of Health and Human Services. In addition to actuarial review of rate filings, the successful bidder will provide monthly health filing review training sessions for the OIC's rate analysts and develop a rate review manual for the division. The actuarial firm may provide other management consulting services and perform special reviews and/or analysis of health insurance and PPACA matters for the OIC.

"Qualified Actuarial Firm" defined

Any actuarial firm submitting a quotation in response to this Request for Quotation (RFQ) shall meet or exceed the minimum qualification set forth in this RFQ. Those quotations not meeting the mandatory specifications will be disqualified.

The minimum qualifications are as follows:

One or more members assigned to this contract must be a Fellow of the Society of Actuaries (FSA) and/or a Member of the American Academy of Actuaries (MAAA)

Members assigned this contract must have at least five (5) years of experience with individual and group major medical insurance

Members assigned this contract must be knowledgeable of Actuarial Standard Practice No. 8

One or more members to be assigned to this contract must be experienced in providing training and rate review services to state insurance regulators

The firm shall have no conflict of interest with regard to any carrier that is actively writing individual or group major medical plans in the West Virginia market. A qualified actuarial firm cannot be providing actuarial services for carriers that are making health filings in West Virginia and which the firm could be required to assist in review as part of the engagement.

Scope of Services

The firm awarded the contract as a result of this RFQ will assist the Insurance Commissioner and Director of Rates and Forms in reviewing health insurer filings for individual, group and association product offerings. The review shall include, but may not be limited to, analysis of trending, credibility, development factors, durational factors, geographical factors, loss development, loss ratios, rating bands and all other components of a rate filing. It is expected that the review will document the

justification for the rate adjustment, concerns with factors used or selected, support of the factors, identify areas of concern or unjustified, documentation to support the indicated and requested rate levels, projected premium impact and projected premium impact to consumers. Review shall ensure all PPACA components are addressed and the rate filing is in compliance with PPACA regulations.

The firm will also provide monthly training sessions for the OIC policy and rate analyst staff. The objective of the training sessions is to bring actuarial "best practices" to the review processes of the staff. Training will be required on the factors of the rate filing, benchmarks for the factors, trending factors, components of the medical loss ratio, how medical inflation should be addressed, the financial position of the carrier and the impact of mandated benefits. Training sessions should be structured to provide onsite training (Charleston, West Virginia) and web-based session when appropriate. Each monthly session will address specific topics, for example the components of the medical loss ratio, as well as use active pending filings in a case study format. As a product of the training services, the actuarial firm is to develop a manual of rate review guidelines for use by the OIC staff by the end of the first 6 months of the engagement. The manual should document the essential steps of the rate review process and establish benchmarks for the various components of rates by product line, providing the office with a reference guide that is specifically written with a rate analyst in mind. Statute and rules will continue to dictate review requirements and provide the framework for manual topics; however, the guide should go a step beyond to the level of detail necessary to improve an analyst's review of health insurers' filings. It should be a tool that can be used as a general checklist for the OIC's rate reviews as well as a training guide for future insurance and policy analyst.

The actuarial firm may provide other management consulting services and perform special reviews and/or analysis of health insurance and PPACA matters for the OIC. These additional services may include appearances by the actuary's personnel before judicial, legislative, and executive bodies, or others to respond to questions of an actuarial nature or to give reports. These services may also include the preparation of written reports concerning actuarial matters as deemed necessary by the OIC. All work under the proposed contract will be under the direction of the Insurance Commissioner or their designee. Written reports and actuarial findings must be submitted initially in draft form in order that any necessary changes may be discussed and agreed upon before final acceptance.

Expenses Incurred

The State of West Virginia and the West Virginia Offices of the Insurance Commissioner will not be liable for any expenses incurred by any Vendor in the preparation and submission of quotations for this RFQ.

Assignment

The relationship of the selected firm to the State of West Virginia and to the West Virginia Offices of the Insurance Commissioner will be that of an independent contractor, with no principal-agent or employer-employee relationships created by the parties to any resultant agreement. The firm shall not assign, convey, transfer, or delegate any of its responsibilities or obligation under the resultant agreement without prior written approval of the Offices of the Insurance Commissioner. Such approval may be granted by the sole discretion of the Offices of the Insurance Commissioner. No assignments, if any are

granted, shall release the vendor from its liability for the prompts and effective performance of the obligations hereunder.

Taxes

The State of West Virginia and the West Virginia Offices of the Insurance Commissioner are exempt from Federal Excise taxes and from State and local sales and use taxes on the services to be supplied as a result of any contracts resulting from this RFQ. Consequently, the State of West Virginia and the West Virginia Offices of the Insurance Commissioner will have no responsibilities for the payment of any taxes that become payable by the successful firm.

Acceptance Period for Quotations

The quotations submitted in response to the RFQ shall remain fixed and valid for a period a period of six (6) month commencing on the date the quotations are due.

Firm Information

Responding firms should include the following information with their bid proposal submittal. The West Offices of the Insurance Commissioner reserves the right to request this and any additional information at any time during the bid evaluation process prior to their recommendation of award notification to the West Virginia Purchasing Division.

- (b) Date of registration to do business in the State of West Virginia. Foreign corporations and businesses do not need to register to do business in West Virginia to submit a quotation, but must do so before a contract can be issued.

This rate shall be the same regardless of which partner or member performs the services and shall be sufficient to cover any and all incidental expenses. Out of pocket travel expenses shall be billed in accordance with the State of West Virginia's Travel Rules as prescribed by the Travel Management Unit, Purchasing Division.
