BID SCHEDULE FOR AWARD

“ Bid items I through VI will each be evaluated independently and awarded independently.”

Vendors are to submit pricing for each Item within the Sections they are bidding, regardless of the presence of a value in the Estimated Quantity column.

For Items without a value in the Estimated Quantity column, the vendor is to submit their price for one (1) roll in the Unit Cost column. The Total Cost column should be left blank in this case.

All material shall be quoted in the width and length rolls specified. The only exception allowed for this shall be in the case of material specified as a width and length combination of 12-3/4" x 100 yds. (Item numbers 197-201, 229, and 331-336). These items may be supplied in 50 yd rolls if indicated by the Vendor on the Bid Sheet. If the Vendor elects to supply any of these particular items in 50 yd rolls, the value submitted in the Unit Price column shall be for a 50 yd roll. Furthermore, if a value is indicated in the Estimated Qty column, the amount submitted by the Vendor in the Total Amount column should be double the value calculated by multiplying the value in the Estimated Qty column by the value in the Unit Price column.
