PART 2

OPERATING ENVIRONMENT

2.1 **Location:**

Directions to Fairmont (Jackson Addition) Subsidence:

From Philippi proceed to I-79 and travel north to Exit #136 toward downtown Fairmont. At the intersection, bear left and follow for ~1.3 miles. Next, turn right onto Adams Street (U.S. 19 N) and continue for 0.3 miles, then turn right onto Maple Avenue. Continue on Maple Avenue for 0.5 miles to the boundary of the area-wide project beginning near the intersection of Maple Avenue and Garrett Avenue.

2.2 **Background:**

Firms are to be licensed Architectural/Engineering Firms (A/E) and should be familiar with, and have a successful track record of design of similar projects. The anticipated contract will be for "full-service" A/E design. Aspects of the design are to include, but not be limited to, Civil, Structural, Geological and Hydrological.

*The successful A/E will be responsible for **Design** of the following:*

Site has area-wide subsidence issues associated with the Consul No. 38 mine and Jackson Mine. A total of 29 houses are proposed to be included in this project.

The Problem Area is located within the city limits of Fairmont, primarily in the vicinity of Maple Avenue. The project includes structures lying above the undermined areas located on Maple Avenue, Garrett Avenue, Holbert Avenue, Lehman Avenue, Fitzgerald Avenue, Williams Street, and Lewis Street. This area contains numerous subsidence complaints from local residents.

The geology of the area reveals that the Pittsburgh coal seam was mining under the project area prior to 1977. Consolidation Coal Company operated Consol No. 38 in this area. The "Old Jackson Mine" is also shown to be found in this area on various mine maps. From the surface, the average depth of the Pittsburgh coal seam in the project area is approximately 65'.

Six (6) subsidence issues in this area have been abated using either emergency or grant funding.

Fairmont (Hayes) Subsidence, WV-5458 (Emergency). One (1) mine subsidence hole 4' in diameter that went down 15' into the mine workings.

Fairmont (Britton) Subsidence, WV-5335 (Emergency). Two (2) mine subsidence holes, one 15' in diameter 10' in depth with another vertical opening of unknown depth at the edge. Second hole was 70' from the first hole. Second hole was approximately 20' in diameter.

Fairmont (Edwards) Subsidence, WV-5262 (Emergency). Mine subsidence caused house to lean, unlevel floors, doors that were hard to open and shut. House appeared to be moving towards the left rear corner. A subsurface investigation revealed the mine floor to be 56-58' below the surface.

Holbert Street (Littleton) Subsidence, WV-6316 (Emergency). One (1) mine subsidence hole, 2-3' in diameter, 2' in depth.

Garrett Street (Smith) Subsidence, WV-6309 (Emergency). Two (2) mine subsidence holes, the first was 20' in diameter, 30' in depth. The second is a depression measuring 4' in diameter, 3' in depth.

Matthew Smith Subsidence, WV-2655 (Grant); Fairmont (M. Smith) Subsidence, WV-5429 (Grant). WV-2655 abated one (1) subsidence depression, 25' in diameter 10' in depth filled with trash. Road ditch drainage had been diverted into this depression. WV-5429 used grant funding to stabilize two (2) residences located at 319 and 320 Garrett Avenue.

PURCHASING AFFIDAVIT

West Virginia Code §5A-3-10a states: No contract or renewal of any contract may be awarded by the state or any of its political subdivisions to any vendor or prospective vendor when the vendor or prospective vendor or a related party to the vendor or prospective vendor is a debtor and the debt owned is an amount greater than one thousand dollars in the aggregate

DEFINITIONS:

"Debt" means any assessment, premium, penalty, fine, tax or other amount of money owed to the state or any of its political subdivisions because of a judgment, fine, permit violation, license assessment, defaulted workers' compensation premium, penalty or other assessment presently delinquent or due and required to be paid to the state or any of its political subdivisions, including any interest or additional penalties accrued thereon.

"Debtor" means any individual, corporation, partnership, association, Limited Liability Company or any other form or business association owing a debt to the state or any of its political subdivisions. "Political subdivision" means any county commission; municipality; county board of education; any instrumentality established by a county or municipality; any separate corporation or instrumentality established by one or more counties or municipalities, as permitted by law; or any public body charged by law with the performance of a government function or whose jurisdiction is coextensive with one or more counties or municipalities. "Related party" means a party, whether an individual, corporation, partnership, association, limited liability company or any other form or business association or other entity whatsoever, related to any vendor by blood, marriage, ownership or contract through which the party has a relationship of ownership or other interest with the vendor so that the party will actually or by effect receive or control a portion of the benefit, profit or other consideration from performance of a vendor contract with the party receiving an amount that meets or exceed five percent of the total contract amount.

EXCEPTION: The prohibition of this section does not apply where a vendor has contested any tax administered pursuant to chapter eleven of this code, workers' compensation premium, permit fee or environmental fee or assessment and the matter has not become final or where the vendor has entered into a payment plan or agreement and the vendor is not in default of any of the provisions of such plan or agreement.

Under penalty of law for false swearing (*West Virginia Code §61-5-3*), it is hereby certified that the vendor affirms and acknowledges the information in this affidavit and is in compliance with the requirements as stated.
