Any waiver must be expressly stated in writing and signed by the waiving party.
- 33. SUBSEQUENT FORMS:** The terms and conditions contained in this Contract shall supersede any and all subsequent terms and conditions which may appear on any form documents submitted by Vendor to the Agency or Purchasing Division such as price lists, order forms, invoices, sales agreements, or maintenance agreements, and includes internet websites or other electronic documents. Acceptance or use of Vendor's forms does not constitute acceptance of the terms and conditions contained thereon.

Vendor's act of marking a bid or any part thereof as "confidential" or "proprietary" is not sufficient to avoid disclosure and WILL NOT BE HONORED. In addition, a legend or other statement indicating that all or substantially all of the bid is exempt from disclosure is not sufficient to avoid disclosure and WILL NOT BE HONORED. Such assignment shall be made and become effective at the time the purchasing agency tenders the initial payment to Vendor.
- 43. VENDOR CERTIFICATIONS:** By signing its bid or entering into this Contract, Vendor certifies (1) that its bid was made without prior understanding, agreement, or connection with any corporation, firm, limited liability company, partnership, person or entity submitting a bid for the same material, supplies, equipment or services; (2) that its bid is in all respects fair and without collusion or fraud; (3) that this Contract is accepted or entered into without any prior understanding, agreement, or connection to any other entity that could be considered a violation of law; and (4) that it has reviewed this RFQ in its entirety; understands the requirements, terms and conditions, and other information contained herein. Vendor's signature on its bid also affirms that neither it nor its representatives have any interest, nor shall acquire any interest, direct or indirect, which would compromise the performance of its services hereunder. Any such interests shall be promptly presented in detail to the Agency.

The individual signing this bid on behalf of Vendor certifies that he or she is authorized by the Vendor to execute this bid or any documents related thereto on Vendor's behalf; that he or she is authorized to bind the Vendor in a contractual relationship; and that, to the best of his or her knowledge, the Vendor has properly registered with any State agency that may require registration.

- 45. VENDOR RELATIONSHIP:** The relationship of the Vendor to the State shall be that of an independent contractor and no principal-agent relationship or employer-employee relationship is contemplated or created by this Contract. The Vendor as an independent contractor is solely liable for the acts and omissions of its employees and agents. Vendor shall be responsible for selecting,

supervising, and compensating any and all individuals employed pursuant to the terms of this Solicitation and resulting contract. Neither the Vendor, nor any employees or subcontractors of the Vendor, shall be deemed to be employees of the State for any purpose whatsoever. Vendor shall be exclusively responsible for payment of employees and contractors for all wages and salaries, taxes, withholding payments, penalties, fees, fringe benefits, professional liability insurance premiums, contributions to insurance and pension, or other deferred compensation plans, including but not limited to, Workers' Compensation and Social Security obligations, licensing fees, *etc.* and the filing of all necessary documents, forms and returns pertinent to all of the foregoing. Vendor shall hold harmless the State, and shall provide the State and Agency with a defense against any and all claims including, but not limited to, the foregoing payments, withholdings, contributions, taxes, Social Security taxes, and employer income tax returns.

- 46. INDEMNIFICATION:** The Vendor agrees to indemnify, defend, and hold harmless the State and the Agency, their officers, and employees from and against: (1) Any claims or losses for services rendered by any subcontractor, person, or firm performing or supplying services, materials, or supplies in connection with the performance of the Contract; (2) Any claims or losses resulting to any person or entity injured or damaged by the Vendor, its officers, employees, or subcontractors by the publication, translation, reproduction, delivery, performance, use, or disposition of any data used under the Contract in a manner not authorized by the Contract, or by Federal or State statutes or regulations; and (3) Any failure of the Vendor, its officers, employees, or subcontractors to observe State and Federal laws including, but not limited to, labor and wage and hour laws.
- 47. PURCHASING AFFIDAVIT:** In accordance with West Virginia Code § 5A-3-10a, all Vendors are required to sign, notarize, and submit the Purchasing Affidavit stating that neither the Vendor nor a related party owe a debt to the State in excess of \$1,000. The affidavit must be submitted prior to award, but should be submitted with the Vendor's bid. A copy of the Purchasing Affidavit is included herewith.
- 48. ADDITIONAL AGENCY AND LOCAL GOVERNMENT USE:** This Contract may be utilized by and extends to other agencies, spending units, and political subdivisions of the State of West Virginia; county, municipal, and other local government bodies; and school districts ("Other Government Entities"). This Contract shall be extended to the aforementioned Other Government Entities on the same prices, terms, and conditions as those offered and agreed to in this Contract. If the Vendor does not wish to extend the prices, terms, and conditions of its bid and subsequent contract to the Other Government Entities, the Vendor must clearly indicate such refusal in its bid. A refusal to extend this Contract to the Other Government Entities shall not impact or influence the award of this Contract in any manner.
- 49. CONFLICT OF INTEREST:** Vendor, its officers or members or employees, shall not presently have or acquire any interest, direct or indirect, which would conflict with or compromise the performance of its obligations hereunder. Vendor shall periodically inquire of its officers, members and employees to ensure that a conflict of interest does not arise. Any conflict of interest discovered shall be promptly presented in detail to the Agency.

50. REPORTS: Vendor shall provide the Agency and/or the Purchasing Division with the following reports identified by a checked box below:

- Such reports as the Agency and/or the Purchasing Division may request. Requested reports may include, but are not limited to, quantities purchased, agencies utilizing the contract, total contract expenditures by agency, etc.
- Quarterly reports detailing the total quantity of purchases in units and dollars, along with a listing of purchases by agency. Quarterly reports should be delivered to the Purchasing Division via email at purchasing.requisitions@wv.gov.

51. BACKGROUND CHECK: In accordance with W. Va. Code § 15-2D-3, the Director of the Division of Protective Services shall require any service provider whose employees are regularly employed on the grounds or in the buildings of the Capitol complex or who have access to sensitive or critical information to submit to a fingerprint-based state and federal background inquiry through the state repository. The service provider is responsible for any costs associated with the fingerprint-based state and federal background inquiry.

After the contract for such services has been approved, but before any such employees are permitted to be on the grounds or in the buildings of the Capitol complex or have access to sensitive or critical information, the service provider shall submit a list of all persons who will be physically present and working at the Capitol complex to the Director of the Division of Protective Services for purposes of verifying compliance with this provision.

The State reserves the right to prohibit a service provider's employees from accessing sensitive or critical information or to be present at the Capitol complex based upon results addressed from a criminal background check.

Service providers should contact the West Virginia Division of Protective Services by phone at (304) 558-9911 for more information.

52. PREFERENCE FOR USE OF DOMESTIC STEEL PRODUCTS: Except when authorized by the Director of the Purchasing Division pursuant to W. Va. Code § 5A-3-56, no contractor may use or supply steel products for a State Contract Project other than those steel products made in the United States. A contractor who uses steel products in violation of this section may be subject to civil penalties pursuant to W. Va. Code § 5A-3-56. As used in this section:

- a. "State Contract Project" means any erection or construction of, or any addition to, alteration of or other improvement to any building or structure, including, but not limited to, roads or highways, or the installation of any heating or cooling or ventilating plants or other equipment, or the supply of and materials for such projects, pursuant to a contract with the State of West Virginia for which bids were solicited on or after June 6, 2001.
- b. "Steel Products" means products rolled, formed, shaped, drawn, extruded, forged, cast, fabricated or otherwise similarly processed, or processed by a combination of two or more or

such operations, from steel made by the open heath, basic oxygen, electric furnace, Bessemer or other steel making process.

The Purchasing Division Director may, in writing, authorize the use of foreign steel products if:

- a. The cost for each contract item used does not exceed one tenth of one percent (.1%) of the total contract cost or two thousand five hundred dollars (\$2,500.00), whichever is greater. For the purposes of this section, the cost is the value of the steel product as delivered to the project; or
- b. The Director of the Purchasing Division determines that specified steel materials are not produced in the United States in sufficient quantity or otherwise are not reasonably available to meet contract requirements.

53. PREFERENCE FOR USE OF DOMESTIC ALUMINUM, GLASS, AND STEEL: In Accordance with W. Va. Code § 5-19-1 et seq., and W. Va. CSR § 148-10-1 et seq., for every contract or subcontract, subject to the limitations contained herein, for the construction, reconstruction, alteration, repair, improvement or maintenance of public works or for the purchase of any item of machinery or equipment to be used at sites of public works, only domestic aluminum, glass or steel products shall be supplied unless the spending officer determines, in writing, after the receipt of offers or bids, (1) that the cost of domestic aluminum, glass or steel products is unreasonable or inconsistent with the public interest of the State of West Virginia, (2) that domestic aluminum, glass or steel products are not produced in sufficient quantities to meet the contract requirements, or (3) the available domestic aluminum, glass, or steel do not meet the contract specifications. This provision only applies to public works contracts awarded in an amount more than fifty thousand dollars (\$50,000) or public works contracts that require more than ten thousand pounds of steel products.

The cost of domestic aluminum, glass, or steel products may be unreasonable if the cost is more than twenty percent (20%) of the bid or offered price for foreign made aluminum, glass, or steel products. If the domestic aluminum, glass or steel products to be supplied or produced in a "substantial labor surplus area", as defined by the United States Department of Labor, the cost of domestic aluminum, glass, or steel products may be unreasonable if the cost is more than thirty percent (30%) of the bid or offered price for foreign made aluminum, glass, or steel products.

This preference shall be applied to an item of machinery or equipment, as indicated above, when the item is a single unit of equipment or machinery manufactured primarily of aluminum, glass or steel, is part of a public works contract and has the sole purpose or of being a permanent part of a single public works project. This provision does not apply to equipment or machinery purchased by a spending unit for use by that spending unit and not as part of a single public works project.

All bids and offers including domestic aluminum, glass or steel products that exceed bid or offer prices including foreign aluminum, glass or steel products after application of the preferences provided in this provision may be reduced to a price equal to or lower than the lowest bid or offer price for foreign aluminum, glass or steel products plus the applicable preference. If the reduced bid or offer prices are made in writing and supersede the prior bid or offer prices, all bids or offers, including the reduced bid or offer prices, will be reevaluated in accordance with this rule.

The requirements of the Standard Specs, Section 109.20, PRICE ADJUSTMENT FOR LOAD LIMIT VIOLATIONS shall apply to all material supplied under this Contract. This will include material loaded by the Vendor into WVDOH owned and/or rented trucks.

- 3.2 Contract Items and Mandatory Requirements:** Vendor shall provide Agency with the Contract Items listed below on an open-end and continuing basis. Contract Items must meet or exceed the mandatory requirements as shown below. The material shall be composed of a suitable aggregate, plant mixed with a liquid asphalt material and chemical anti-stripping additives. The material shall maintain adhesive qualities for all moisture conditions in the patched areas, except those having standing water.

3.2.1 Materials:

3.2.1.1 Aggregate:

The coarse aggregate shall be a clean material consisting of crushed stone, crushed gravel or slag, meeting the requirements of the WVDOH Standard Specs Sections 703.1, 703.2 and 703.3 respectively. Fine aggregate shall meet the requirements of the WVDOH Standard Specs Section 702.3. Allowable standard aggregate sizes shall be #89, #9 or a blend composed of #8 with a minimum of 50% #9. The aggregate gradation shall be as recommended by the liquid asphalt supplier.

REQUEST FOR QUOTATION

Cold Mix

The gradation shall be determined in accordance with AASHTO T27 and AASHTO T11.

The aggregate fraction of the final mixture shall meet the crushed particle requirements of the WVDOH Standard Specs 703.2.2. Questionable aggregates shall be tested as per MP 703.00.21, except the #8 sieve will be used.

3.2.1.2 Asphalt Material:

The asphalt material shall be liquid asphalt containing a minimum of 2.5% chemical anti-stripping additives meeting the requirements of the liquid asphalt supplier.

Results from the following test methods and any additional tests conducted by the liquid asphalt supplier shall be presented to the respective WVDOH District Materials Engineer/Supervisor for review prior to production.

Modified Asphalt Test

- 1) Flash Point °C (°F) - AASHTO T79
- 2) Kinematic Viscosity in cSt at 60°C (140°F)
Requirement – 350 to 500 cSt – AASHTO T201
- 3) Water (%) – Requirement – 0.2% maximum – AASHTO T55
- 4) Distillate Test – AASHTO T78
 % to 225°C (437°F)
 % to 260°C (500°F)
 % to 315°C (600°F)
 Residue (%) at 360°C (680°F)

Residue Tests

- 1) Ductility at 25°C (77°F) – AASHTO T51
- 2) Solubility Test – AASHTO T44

3.2.1.3 Composition of Mixture:

The aggregates and asphalt material shall be combined in such proportions that the composition by weight of the finished mixture shall meet the requirements of the plant mix formula.

The aggregate fraction of the mixture shall be evaluated in accordance with AASHTO T27 and AASHTO T11 and shall meet the requirements of the plant mix formula range. Any material failing to meet specification requirements on any sieve shall not be approved.

The minimum amount of asphalt shall be as indicated in the table below. The amount of asphalt shall be sufficient to thoroughly coat the aggregate particles and provide enough adhesion to hold the compacted particles together under traffic conditions when properly placed and to assure that the aggregate particles remain sufficiently coated after stockpiling.

Minimum Asphalt Content for Cold Mix Mixture		
Aggregate Type	#89 or Blend of #8 with minimum of 50% #9	#9
% Asphalt - Note ¹	5.5%	6.0%

Note¹: Add a minimum additional 0.5% asphalt to the above values for mixtures containing high-absorptive aggregates (>1.5%)

3.2.1.4 Plant Mix Formula:

The plant mix formula shall be in accordance with the recommendations of the liquid asphalt supplier. The plant mix formula composition report, which shall include the percentage of chemical anti-stripping additive, shall be forwarded to the WVDOH District Materials Supervisor/Engineer before the mixture is produced.

Should the contractor at any time propose to change the plant mix formula by changing the source of aggregate in the mixture, the definite asphalt content or change the source of the bituminous material, the provisions of the WVDOH's Stand Specs Section 401.4.2 shall apply.

3.2.2 Quality Control Testing:

Quality control is the responsibility of the contractor. Quality control testing shall include daily asphalt content and gradation analysis of the design aggregate structure during production. Since the aggregate and asphalt material are required to be measured separately and accurately to the proportions of the plant mix formula, the asphalt content may be determined by calculating the percentage by total weight of mixture. However, all standard methods of determining the asphalt content of the mixture that are allowed for hot mix asphalt under Section 401 of the Standard Specs are acceptable. The ignition oven test method, AASHTO T308, would require an asphalt content correction factor; however, due to the low flash point of most asphalts used in Cold Mix, this test method is not recommended. If the AASHTO T164 solvent extraction test method is used, a non-chlorinated solvent may be substituted for the standard specified solvent and the test method may be modified as per the recommendations of the solvent manufacturer/supplier.

In addition, for each day of production, the completed mixture shall be tested for aggregate coating as follows:

Obtain a 100-150 gram sample and allow it to cure to normal laboratory temperature. Place the sample in a glass jar of sufficient size that the loose sample will protrude to a level of no more than half of its capacity. Cover the sample with water to approximately three-quarters of the capacity of the jar. Place a tight fitting cover on the jar and allow it to stand for a period of 20 to 24 hours at

24

REQUEST FOR QUOTATION
6613C037 Winter Grade Bituminous Patching Mixture
Cold Mix

normal laboratory temperature. The sample jar shall then be vigorously agitated for a period of 30 seconds. Pour the water from the jar, remove the sample and spread it on a flat light-colored surface (non-stick laboratory paper is recommended). Allow the sample to air dry and visually examine it for stripping of the asphalt film from the aggregate. Estimate the amount of coated aggregate. Any thin brownish, translucent areas are to be considered fully coated with an asphalt film. Document the results of this test. The mixture shall be considered acceptable if at least 95% of the aggregate is coated. Insufficient coating may require reworking of the mixture and/or an additional amount of anti-stripping additive.

3.2.3 Acceptance of the Mixture:

Acceptance shall be the responsibility of the WVDOH. This shall be accomplished by monitoring the contractor's quality control testing and reviewing all test data relevant to the mixture.

In addition, if the completed mixture shows signs of stripping, the WVDOH shall choose to either monitor the contractor's quality control aggregate coating test or conduct their own test and visually estimate the amount of coated particles. Document the results of this test. Although this is a visual estimation, the contractor should be immediately notified if the WVDOH's test results are below 95%. A low coating percentage should be an indicator for the WVDOH to closely monitor the mixture after stockpiling. All WVDOH testing shall be performed by the WVDOH District Materials Section.

After the mixture is stockpiled on the WVDOH lot, it shall be visually evaluated for any appearance of excessive non-fully coated aggregate particles. If considered necessary, the WVDOH shall evaluate the mixture, in accordance with ASTM D2489 (based on two-sample average), to determine if at least 97% of the coarse aggregate particles are fully coated. This evaluation shall take place within the first week after stockpiling. If the mixture is less than 97% coated, the contractor will be required to provide new material or remove the existing stockpile material from the WVDOH lot, rework it to an acceptable condition with additional asphalt and/or chemical anti-stripping additive as needed and return it to the WVDOH lot, at no additional cost to the WVDOH.

3.2.4 Preparation of Mixture:

The aggregate shall be heated to insure that it is surface dry at the time of mixing; however, the aggregate temperature shall not exceed the safe temperature recommended by the liquid asphalt supplier. The liquid asphalt shall not be heated beyond the safe temperature recommended by

REQUEST FOR QUOTATION
6613C037 Winter Grade Bituminous Patching Mixture
Cold Mix

the liquid asphalt supplier. Care shall be taken to prevent local overheating.

The aggregate and asphalt material shall be measured separately and accurately to the proportions in which they are to be mixed. After the aggregate and binder have been combined, they shall be thoroughly mixed until the particles of aggregate are coated. The temperature of the finished mixture shall not be greater than the maximum temperature recommended by the liquid asphalt supplier.

3.2.5 Workability:

The mixture shall be stockpiled on the Vendor's site for 14 days or until the internal mixture temperature is within 10°F of ambient temperature without stripping and when taken from a stockpile, shall be capable of being shoveled, raked, spread and compacted.

At the end of the stockpiling period on the vendor's site, the mixture shall be tested in accordance with ASTM D2489 (based on two-sample average). The total amount of non-fully coated particles shall not exceed 3%. The contractor shall provide the ASTM D2489 test results to the WVDOH on Form T410 Degree of Particle Coating of Bituminous-Aggregate Mixtures which is provided by the WVDOH District Materials Section. See Appendix A of this Contract.

If the material fails to conform to the requirements of the specifications, the contractor may rework the existing material or provide new material.

3.2.6 Storage:

The mixture shall be maintained on the vendor's site in stockpiles not exceeding a height of four feet tall until the internal mixture temperature is within 10°F of the ambient temperature. In addition, the top of all stockpiles shall be leveled to eliminate any peaked areas.

The mixture shall contain sufficient asphalt that is capable of coating the aggregate without stripping.

After delivering to a WVDOH lot stockpile/project site, the mixture shall have a maximum of 5% non-fully coated particles after the first week and up to 90 days from delivery when evaluated in accordance with ASTM D2489 (based on two-sample average). This coating determination may be based on the WVDOH visual inspection, if coating is not a problem or based on WVDOH testing when the amount of non-fully coated particles appears questionable. If stripping occurs, the contractor will be required to provide new material or remove the existing stockpile material from the WVDOH lot, rework it to an acceptable condition with additional asphalt and/or chemical anti-stripping additive as needed and return it to the WVDOH lot.

3.2.7 Sampling and Testing:

Upon award of the Contract, the Vendor shall inform the WVDOH of the location of the Vendor's storage sites so that materials may be sampled and tested prior to shipment. Information shall be directed to the WVDOH District Materials Engineers/Supervisors.

3.2.8 Weighing Materials Delivered by Truck:

Material delivered by truck shall be weighed in accordance with Section 401.9.3 of the Standard Specs.

4. CONTRACT AWARD:

4.1 Contract Award: The Contract is intended to provide Agencies with a purchase price for Cold Mix for all WVDOH locations. All qualified responsible Vendors shall be awarded a contract for those WVDOH locations bid which meet all mandatory requirements of this Contract which their bid is low based on the Unit Cost per Ton price bid.

The Pricing Pages contain a list of the WVDOH locations with no guarantee that any Contract Item will be purchased throughout the life of this contract. Vendors should be cautioned as the quantities listed on the Pricing Pages are estimates only. It is understood and agreed that the Contract shall cover the quantities actually ordered for delivery, F.O.B. Division Storage Site/Project Site, by an Agency Release, whether more or less than the quantities shown on the Pricing Pages.

Notwithstanding the foregoing, the Purchasing Division may correct errors at its discretion. Vendor should type or electronically enter the information into the Pricing Pages to prevent errors in the evaluation. The Pricing Pages were created as a Microsoft Excel document and Vendor can request an electronic copy for bid purposes by sending an email request to the following address:
alan.w.cummings@wv.gov.

5. ORDERING AND PAYMENT:

5.1 Ordering: Vendor shall accept orders by regular mail, facsimile, e-mail, or any other written forms of communication. Vendor may, but is not required to, accept on-line orders through a secure internet ordering portal/website. If Vendor has the

ability to accept on-line orders, it should include in its response a brief description of how Agencies may utilize the on-line ordering system. Any on-line ordering system must have the capability to restrict prices and available items to conform to the Catalog originally submitted with this RFQ. Vendor shall ensure that its on-line ordering system is properly secured prior to processing Agency orders on-line.

- 5.2 Payment:** Vendor shall accept payment in accordance with the payment procedures of the State of West Virginia. The State of West Virginia currently utilizes a VISA Purchasing Card Program which is issued through a bank. The successful Vendors must accept the State of West Virginia VISA Purchasing Card for payment of orders placed by any State agency as a condition of award.

6. PRODUCTION, DELIVERY AND RETURN:

- 6.1 Production:** The awarded Vendor should produce material within two weeks of receipt of an Agency Release.
- 6.2 Delivery Time:** All Agency Releases shall specify a delivery date based on the Vendor's acceptance of the Agency Release. If the Contract Item is not delivered by the date requested on the Agency Release or by an alternate agreed upon date by the WVDOH and the vendor, liquidated damages may be assessed in accordance with Section 108.7 of the Standard Specs. Vendor shall deliver emergency orders within an agreed upon acceptable timeframe after orders are received. Vendor shall ship all orders in accordance with the dates assigned to each project per the Agency Release and shall not hold orders until a minimum delivery quantity is met. No Vendor is authorized to ship, nor is the WVDOH authorized to receive materials prior to the issuance of an Agency Release.
- 6.3 Late Delivery:** The Agency placing the order under this Contract must be notified in writing if orders will be delayed for any reason. Any delay in delivery that could cause harm to an Agency will be grounds for cancellation of the delayed order, and/or obtaining the items ordered from a third party. Any Agency seeking to obtain items from a third party under this provision must first obtain approval of the Purchasing Division.
- 6.4 Delivery Payment/Risk of Loss:** Standard order delivery shall be F.O.B. destination to the Agency's location. Vendor shall include the cost of standard order delivery charges in its bid pricing/discount and is not permitted to charge the Agency separately for such delivery. The Agency will pay delivery charges on all emergency orders provided that Vendor invoices those delivery costs as a separate charge with the original freight bill attached to the invoice.

6.5 Return of Unacceptable Items: If the Agency deems the Contract Items to be unacceptable, reworking of the material shall be in accordance to the specifications of Section 3.2.3 Acceptance of the Mixture, Section 3.2.5 Workability and Section 3.2.6 Storage of this Contract.

6.6 Return Due to Agency Error: Items ordered in error by the Agency will be returned for credit within 30 days of receipt, F.O.B. Vendor's location. Vendor shall not charge a restocking fee if returned products are in a resalable condition. Items shall be deemed to be in a resalable condition if they are unused and in the original packaging. Any restocking fee for items not in a resalable condition shall be the lower of the Vendor's customary restocking fee or 5% of the total invoiced value of the returned items.

7. MISCELLANEOUS:

7.1 No Substitutions: The Vendor shall supply only Contract Items submitted in response to the RFQ unless a contract modification is approved in accordance with the provisions contained in this Contract by a Change Order.

RFQ No. 6613C037

STATE OF WEST VIRGINIA
Purchasing Division

PURCHASING AFFIDAVIT

MANDATE: Under W. Va. Code §5A-3-10a, no contract or renewal of any contract may be awarded by the state or any of its political subdivisions to any vendor or prospective vendor when the vendor or prospective vendor or a related party to the vendor or prospective vendor is a debtor and: (1) the debt owed is an amount greater than one thousand dollars in the aggregate; or (2) the debtor is in employer default.

EXCEPTION: The prohibition listed above does not apply where a vendor has contested any tax administered pursuant to chapter eleven of the W. Va. Code, workers' compensation premium, permit fee or environmental fee or assessment and the matter has not become final or where the vendor has entered into a payment plan or agreement and the vendor is not in default of any of the provisions of such plan or agreement.

DEFINITIONS:

"Debt" means any assessment, premium, penalty, fine, tax or other amount of money owed to the state or any of its political subdivisions because of a judgment, fine, permit violation, license assessment, defaulted workers' compensation premium, penalty or other assessment presently delinquent or due and required to be paid to the state or any of its political subdivisions, including any interest or additional penalties accrued thereon.

"Employer default" means having an outstanding balance or liability to the old fund or to the uninsured employers' fund or being in policy default, as defined in W. Va. Code § 23-2c-2, failure to maintain mandatory workers' compensation coverage, or failure to fully meet its obligations as a workers' compensation self-insured employer. An employer is not in employer default if it has entered into a repayment agreement with the Insurance Commissioner and remains in compliance with the obligations under the repayment agreement.

"Related party" means a party, whether an individual, corporation, partnership, association, limited liability company or any other form or business association or other entity whatsoever, related to any vendor by blood, marriage, ownership or contract through which the party has a relationship of ownership or other interest with the vendor so that the party will actually or by effect receive or control a portion of the benefit, profit or other consideration from performance of a vendor contract with the party receiving an amount that meets or exceeds five percent of the total contract amount.

AFFIRMATION: By signing this form, the vendor's authorized signer affirms and acknowledges under penalty of law for false swearing (W. Va. Code §61-5-3) that neither vendor nor any related party owe a debt as defined above and that neither vendor nor any related party are in employer default as defined above, unless the debt or employer default is permitted under the exception above.
