Addendum #2 RFQ 8513C2025

Per our conversation this date, please be advised that the ASTM Type III cone sheeting requested on RFQ 8513C2025, Series 3840, will be discontinued effective June 1, 2013, per 3M. 3M has advised us that the State of West Virginia has been advised of this. Consequently, Series 3340 has been approved for use by the State, as it exceeds the Type III specifications, and is in the process of being added the West Virginia Approved Products List.

RFQ 8513C2025 is on the cusp of this change, since the change may not be completed before the bid's due date of 4/10/13.

Please advise.

Answer: See WVDOH Approved Products listing Traffic Control Devices for Sheeting Materials:

<http://www.transportation.wv.gov/highways/mcst/Documents/Reflective%20Sheeting%20approved%20olist%20-%207-25-12.pdf>

Sheeting materials with a 3300 designation are approved for use with traffic cones as a Type III material.
