ADDENDUM #1**BHS14008**

TO RESPOND TO VENDOR QUESTIONS AS FOLLOWS:

1. Question:

The spec calls for a 2 year maintenance bond on the roof. The existing roof is approximately 2 years old and already carries a bond. In the interest of reducing costs of the project could this be omitted?

Answer:

The bond requirement can't be waived. The current bond is from the vendor who installed the roof. The bond we're asking for on this project is to cover any damages caused by the vendor who installs the condensing unit. The original bond wouldn't cover any damages caused by the provider of condensing unit.
