ATTACHMENT AQuestions:

- A1: The evaluation is to see where the offender would benefit from treatment whether it would be out-patient or in-patient which is normally done on the computer where they answer questions about their use.
- Q2: Would it be appropriate for us to bid on the project as a whole association our members are regionally located, but our desire to work collaboratively with each other and provide a standardized service.
- A2: The Vendor must decide their bid approach. Agency will award on a regional basis to the lowest, responsible bidder. The Agency is seeking the most cost effective means of treatment for our paroled offenders without sending them back to prison.
- Q3: Would it be wise for us to apply for the whole state with regional coverage and have our members also apply regionally?
