## ATTACHMENT A

- Q1: In reviewing the Specifications I did not see whether the products were to be new or could they be used/refurbished?
- A1: GBIC's must be new, so that they have the full manufacturer's warranty available to them. Used or refurbished items will not be accepted for bid as many manufacturers will not honor warranties on issues caused by or related to used or refurbished parts. Warranty should be similar to what is requested for the switches were possible.
- Q2: I also want an explanation of 3.1.5 under Specifications: Vendor must provide a 3-year-NDB version warranty.
- A2: The warranty provided by either the vendor or the manufacturer must meet the standards of Next-Business-Day service/replacement of defective or malfunctioning hardware for a term of no less than three years, with options for renewal for the expected life of the product. Support will also include software replacement/upgrade/configuration support from the manufacturer or vendor. An example of this would be SmartNet support as provided by Cisco, or equivalent.

**The bid opening will be May 15, 2013 at 1:30 pm.**

**No additional questions will be accepted on this RFQ.**
