Additional Question

Question:

Regarding Item #30 Report Writing and Submittal: The level of effort to perform UST Closure Reports, Phase I ESA, and Phase II ESA reports is significantly different as they are totally different types of reports performed for entirely different reasons. Having been on this contract over the past few years, I know that Phase I and/or Phase II ESA reports will be required. Is it possible to change the description of #30 to UST Closure Report, and then add two line items such as "#30-A - Phase I ESA Reports", and "#30-B - Phase II ESA Reports?"

Answer:

Line item # 30 is to be left as it is because there may be other types of reports needed. The Agency does not want to confine the contract to just these three.
